

LES PIRÀMIDES SECRETES

El número en cada cercle és la suma dels dos números de baix. Eres capaç de resoldre el secret?

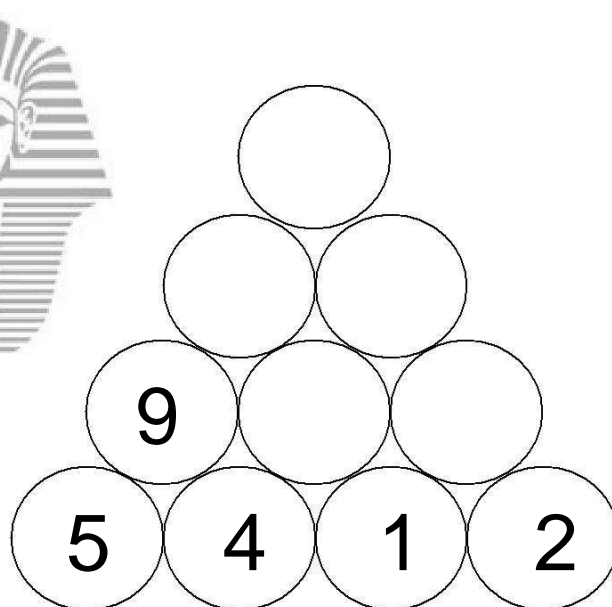

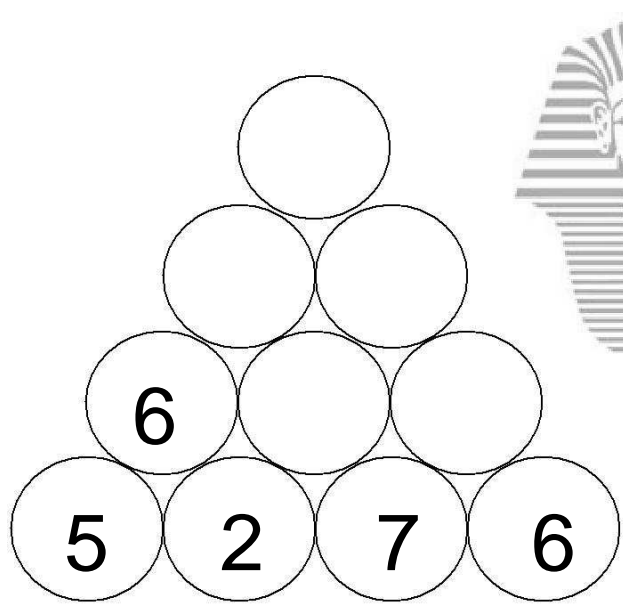

Two triangular arrangements of circles. The left arrangement has a top circle, two circles below it, three circles below that, and four circles at the base. The numbers in the base circles are 4, 1, 3, and 2. The circle above 4 contains the number 5. The right arrangement has a top circle, two circles below it, three circles below that, and four circles at the base. The numbers in the base circles are 2, 1, 4, and 6. The circle above 2 contains the number 3.

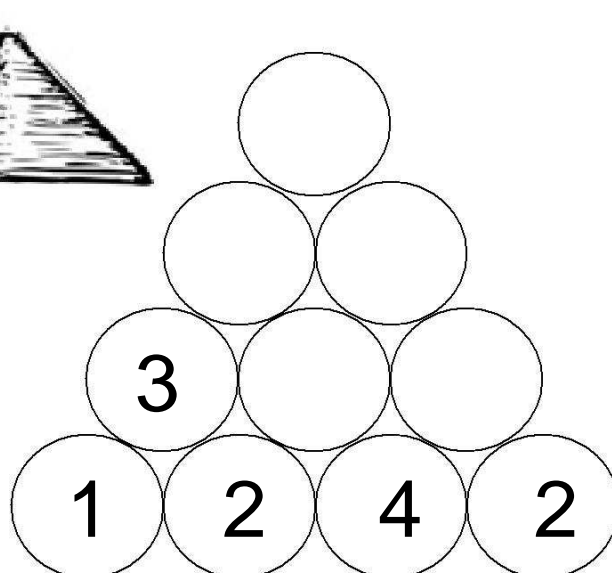

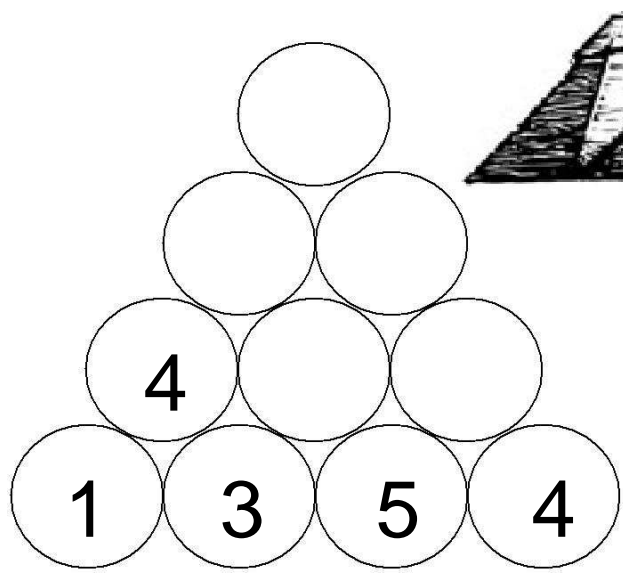

Two triangular arrangements of circles. The left arrangement has a top circle, two circles below it, three circles below that, and four circles at the base. The numbers in the base circles are 1, 5, 2, and 6. The circle above 1 contains the number 6. The right arrangement has a top circle, two circles below it, three circles below that, and four circles at the base. The numbers in the base circles are 7, 2, 1, and 3. The circle above 7 contains the number 9.

LES PIRÀMIDES SECRETES

El número en cada cercle és la suma dels dos números de baix. Eres capaç de resoldre el secret?

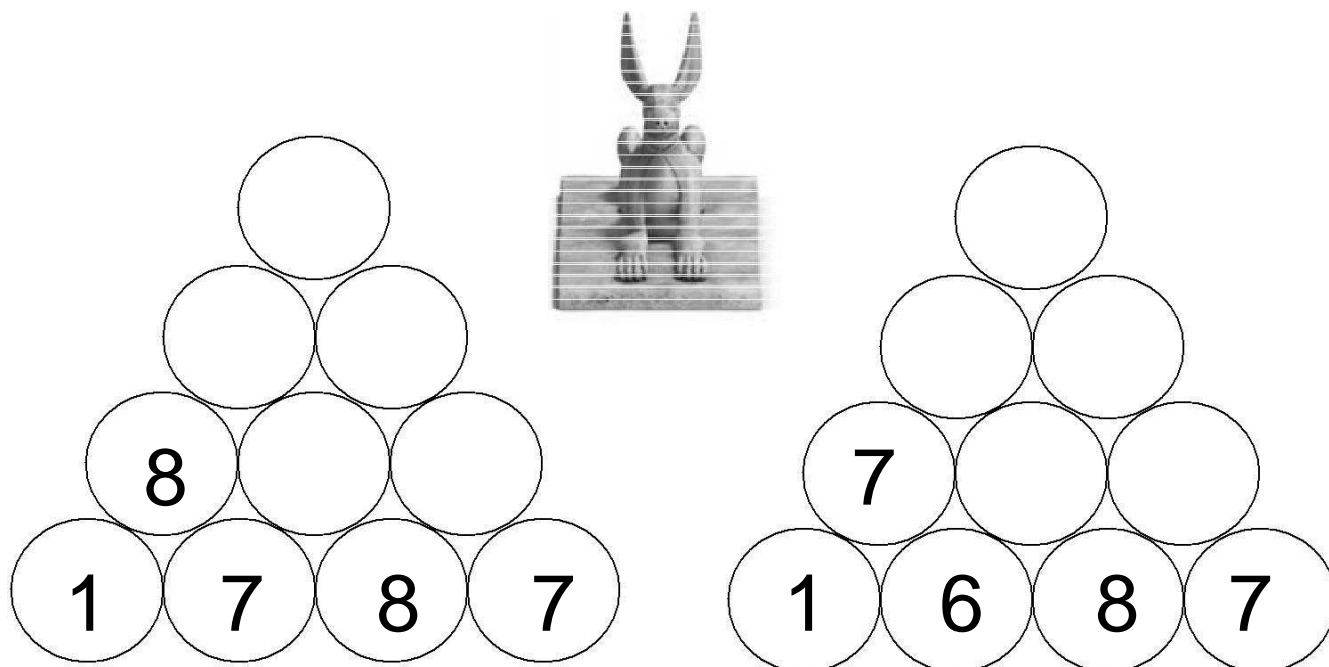

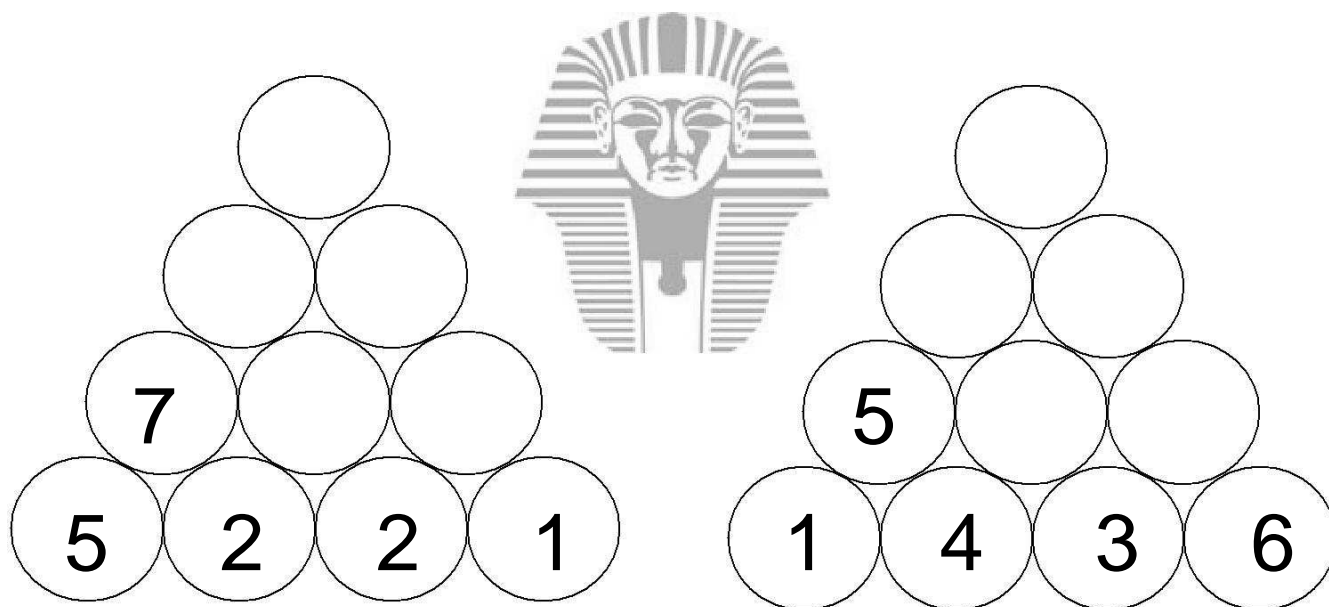

Two pyramids of circles. The left pyramid has a base of 5, 2, 7, 6 and a second row of 6. The right pyramid has a base of 5, 4, 1, 2 and a second row of 9. A sphinx is in the background.

Two pyramids of circles. The left pyramid has a base of 1, 3, 5, 4 and a second row of 4. The right pyramid has a base of 1, 2, 4, 2 and a second row of 3. Two pyramids are in the background.
