Pablo se dirige a la biblioteca de su población con el tablero de parchis en la mano. El día amaneció con niebla y ahora está nublado, pero no tan horrible como para no jugar unas partidas con sus amables amigos Blas y Blanca.

Aunque ha ganado el doble de veces que ellos, es un jugador aceptable que sabe ganar y perder noblemente.

El sobrino de Bruno es obrero en una fábrica de candelabros de bronce. Empezó en abril y espera estar hasta octubre. Antes de que suene el timbre de la salida saca brillo a sus obras sin que le sobre tiempo para bromear. Lo que no entiende, como es muy bruto, lo anota en una libreta para buscar las palabras en un libro.
