Esta mañana me he visto reflejado en el espejo con la cara afligida porque la tenía inflamada. El dentista dice que es un flemón y que me enjuague con flúor y tome un calmante que me ha dejado el cuerpo muy flojo y como flotando.

Cuando el flacucho de mi hermano me vió dijo que tengo la cara de un chillado acarajotado, con lo que me afligí aún más.

Los frailes Franciscanos hacen refrescos de fruta. Los que mejor saben son los de fresa y frambuesa. Los enfrían en el frigorífico y cuando están fresquitos nos los ofrecen para refrescarnos después de jugar.

Frida y Alfredo disfrutaban de sus bebidas, que las toman con desenfreno, uno frente al otro, y con auténtica franqueza dicen, que el dulce sabor que logran no les defrauda nunca.
