El capitán Golosina fondeó su galeón en la isla de los galápagos al medio día.

Consumió migas de pan, dos gansos estofados y guacamole picante. A las seis con más apetito que nunca, se tomó leche, ocho lenguas de gato con chocolate y algunas magdalenas.

El galeón de tanto peso no aguantó y se hundió hasta el fondo, y aunque su capitán no se ahogó, su estómago agotado de la comilona, se indigestó y el médico le mandó gotitas de pasta en caldo aguado y mucha lechuga.
