¿Cuánto vale cada figura?

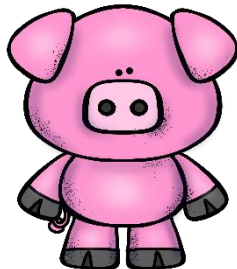

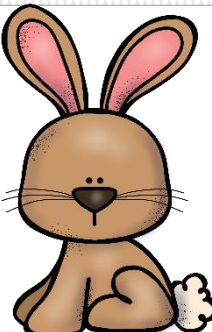

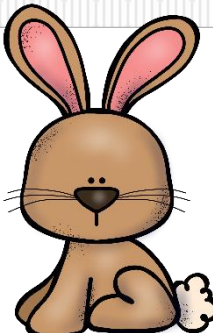

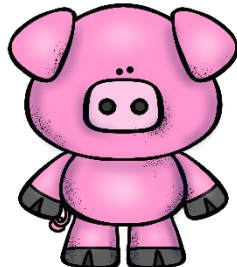

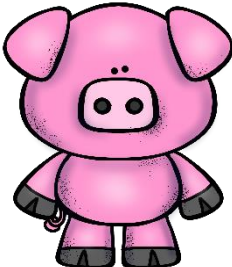

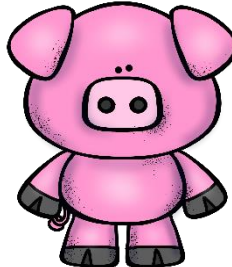

A teddy bear + a dog + a dog = 5

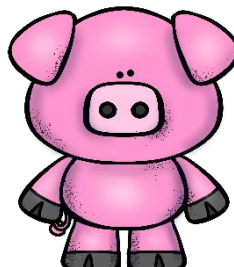

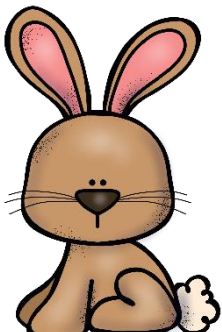

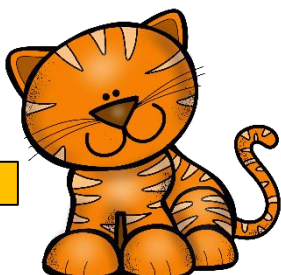

A teddy bear + a teddy bear + a teddy bear = 3

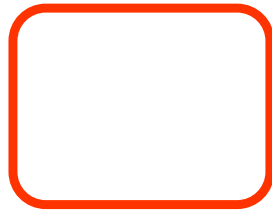

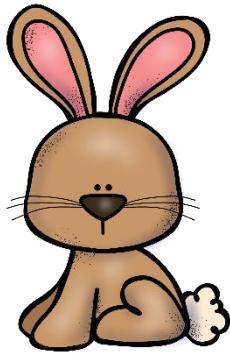

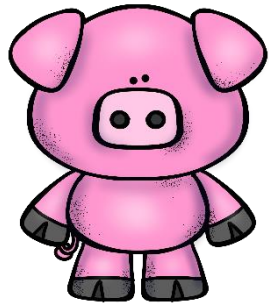

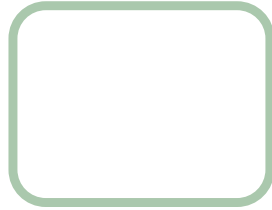

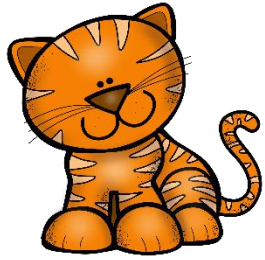

A teddy bear + an elephant + an elephant = 7

 $+$  $+$  $=$ **7**

 $+$  $+$  $=$ **9**

 $+$  $+$  $=$ **10**

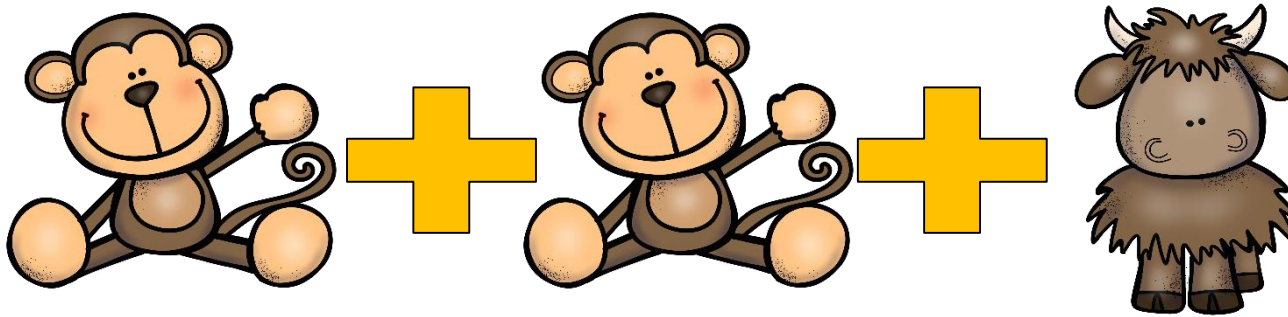

A koala with brown fur and a shaggy neck is on the left. To its right is a yellow plus sign. Next is a kangaroo with orange fur, sitting upright. To its right is another yellow plus sign. Next is another kangaroo, identical to the first one. To its right is a yellow equals sign followed by the number 10 in red.

$$1 + 2 + 2 = 10$$

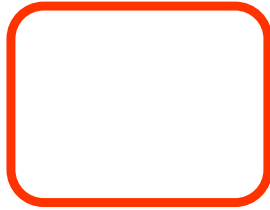

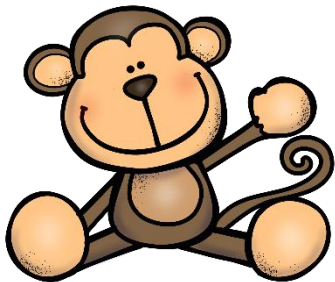

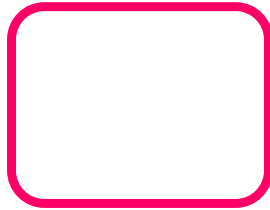

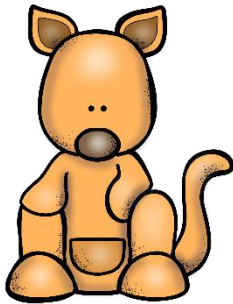

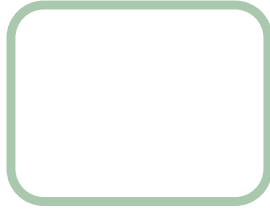

A kangaroo with orange fur is on the left. To its right is a yellow plus sign. Next is a monkey with brown fur, sitting and holding a piece of fruit. To its right is another yellow plus sign. Next is a koala with brown fur and a shaggy neck. To its right is a yellow equals sign followed by the number 12 in red.

$$2 + 3 + 3 = 12$$

A monkey with brown fur is on the left. To its right is a yellow plus sign. Next is another monkey, identical to the first one. To its right is another yellow plus sign. Next is a koala with brown fur and a shaggy neck. To its right is a yellow equals sign followed by the number 14 in red.

$$3 + 3 + 2 = 14$$
