

Juguem i aprenem

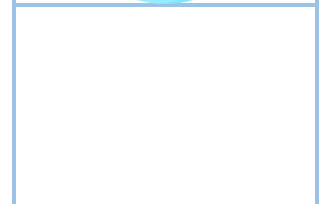

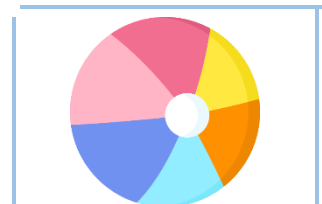

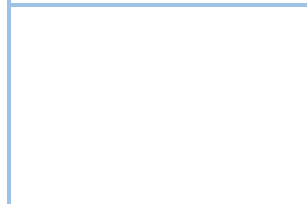

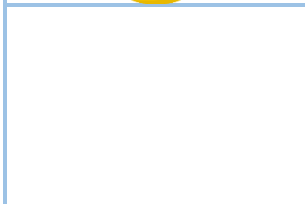

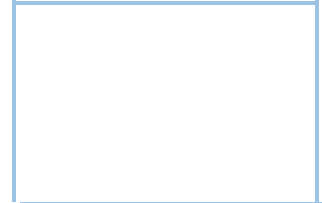

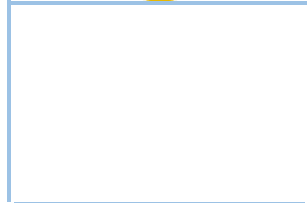

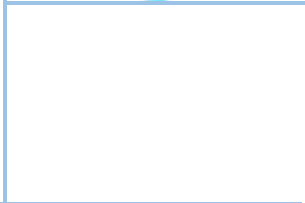

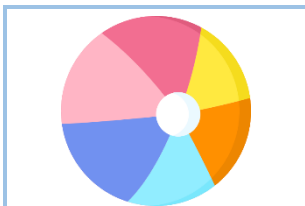

# ACTIVITATS D'ESTIU

Activitats per treballar l'atenció, la percepció i  
la memòria

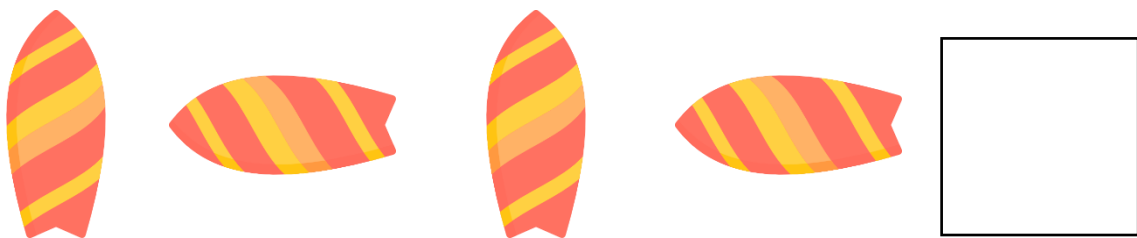

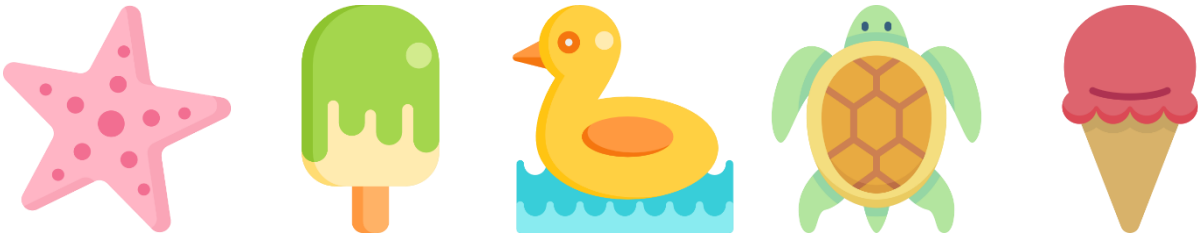

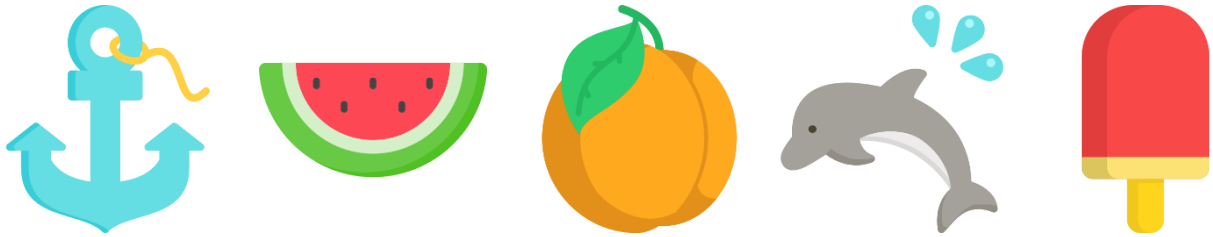

Observa

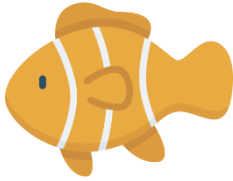

Ara pinta o enganxa el gomet

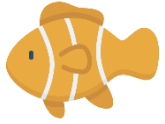

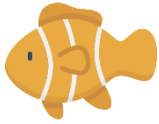

Encercla l'element que continuaria la sèrie

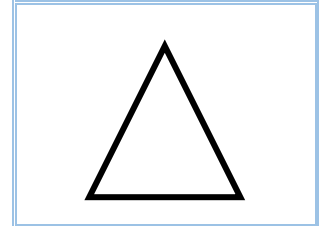

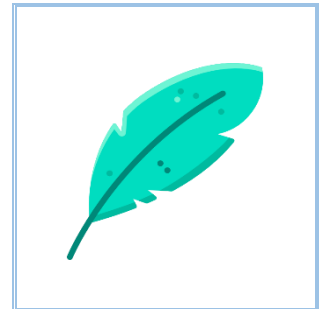

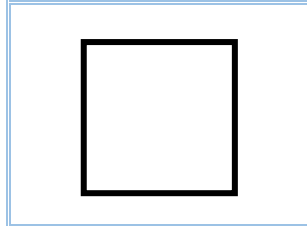

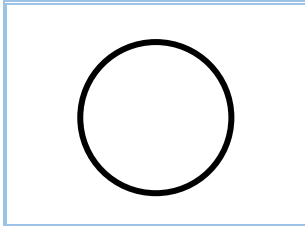

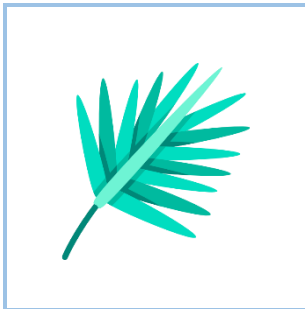

Observa

			
1	2	3	4

Ara escriu el nombre que correspon

Observa

Ara dibuixa la figura que correspon

Observa

				
1	2	3	4	5

Ara construeix el nombre com a l'exemple

	31
	
	
	
	

Laberint numèric, segueix els nombres de l'1 al 16

		1	2	3	4	9
		→	1	6	5	6
7	3	4	2	5	8	7
6	9	11	6	4	9	7
9	13	14	12	11	10	5
10	19	12	13	2	1	0
8	9	9	14	17	11	2
3	2	18	15	9		
1	5	17	16	→		

Observa

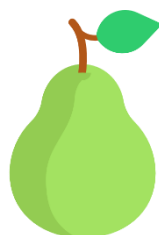

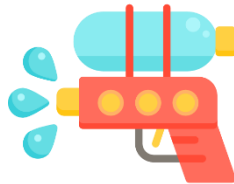

Ara encercla els elements que es repeteixen

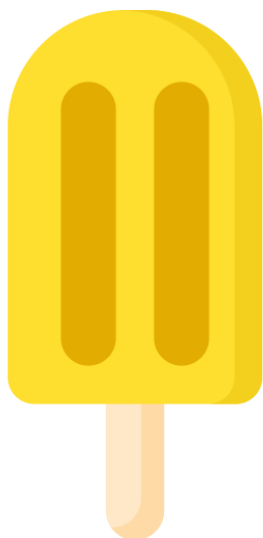

Observa i encercla l'element que no està repetit

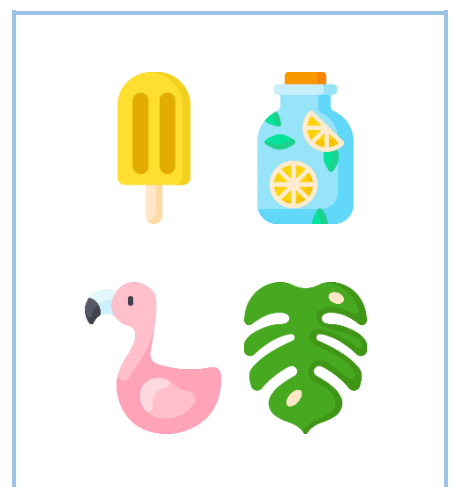

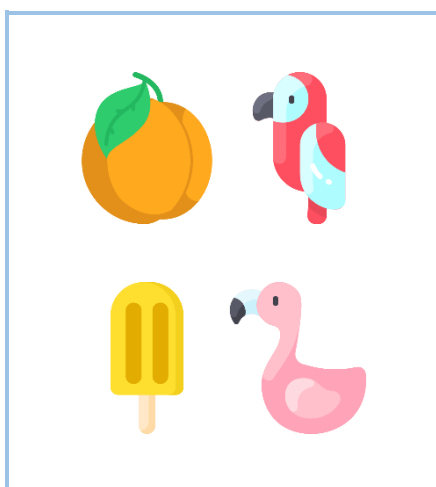

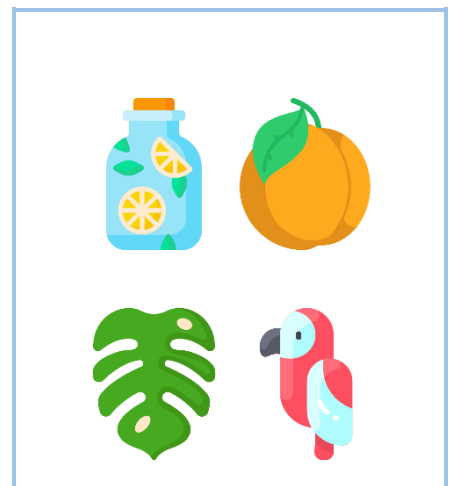

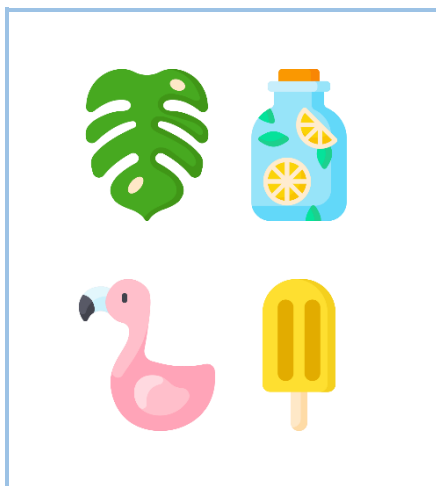

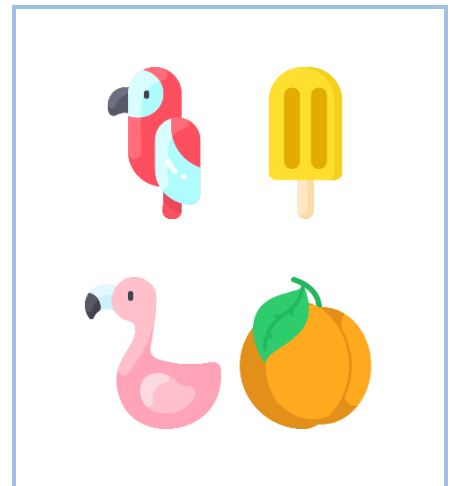

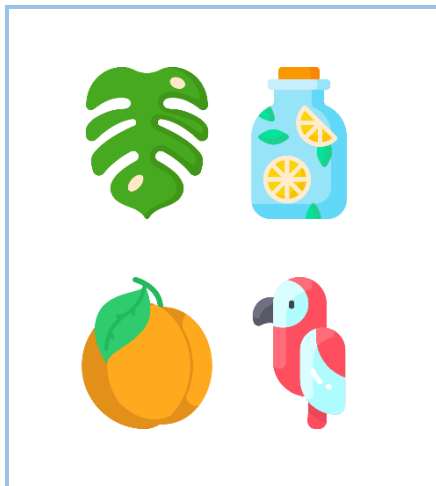

Observa la primera fila i troba l'element que no és a la de sota

Dibuixa l'eix de simetria en cada dibuix

Relaciona els quadres amb els mateixos dibuixos

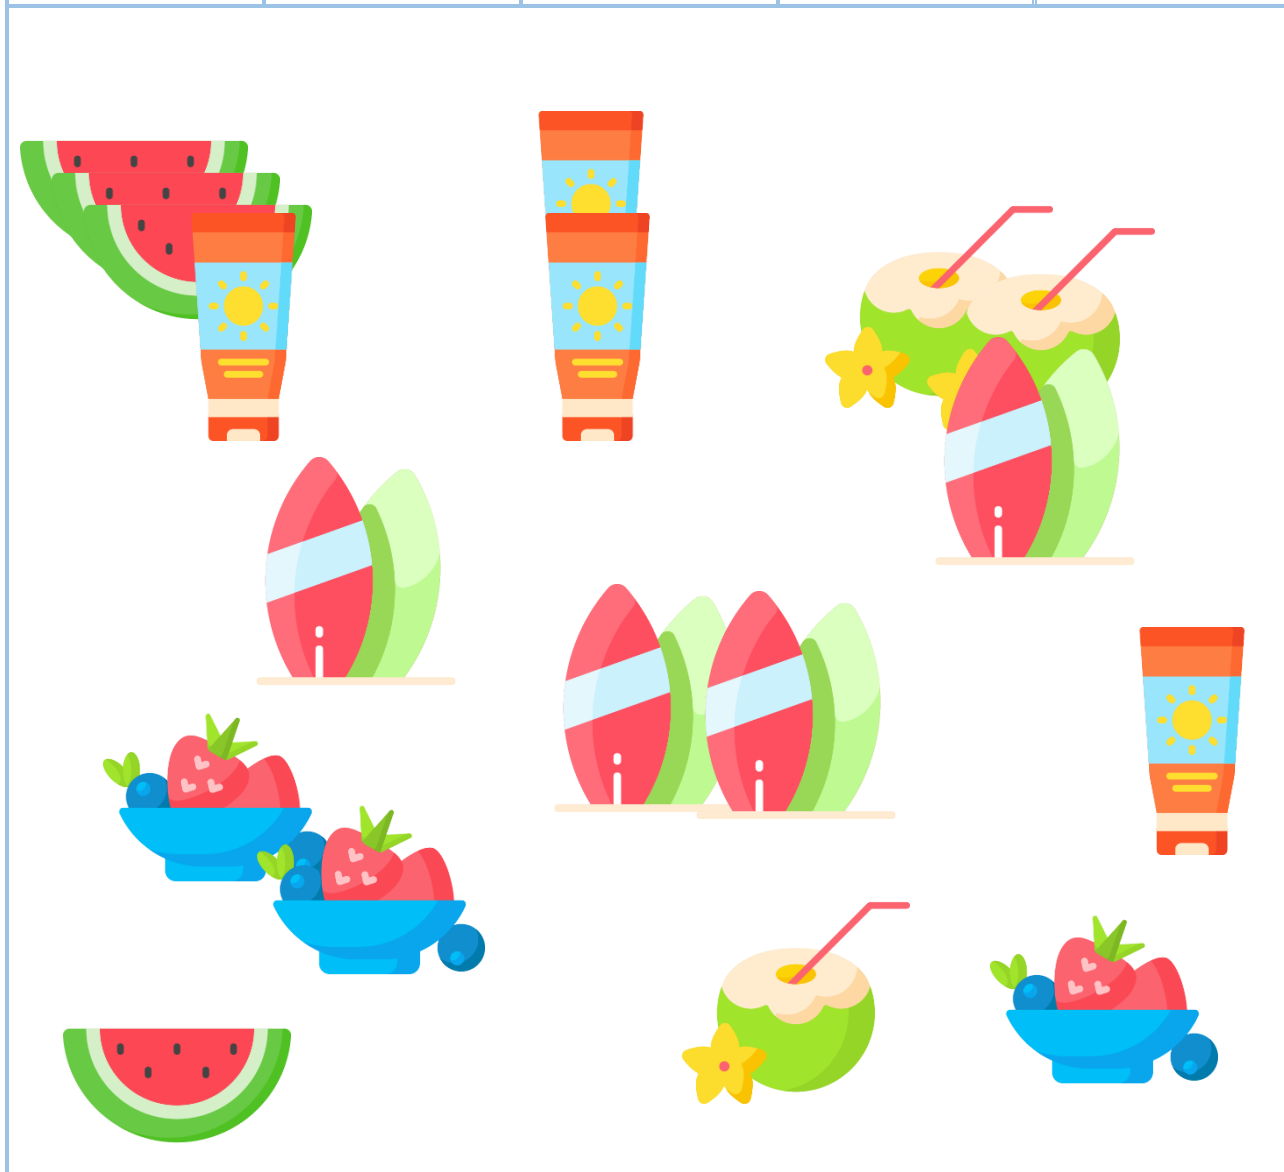

Encercla l'element que no trobis a dalt

				
				
				
				
				
				

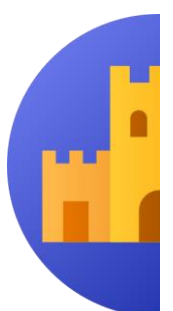

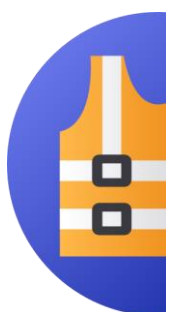

Compta quants n'hi ha. Vigila perquè n'hi ha d'amagats

				

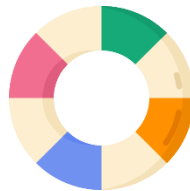

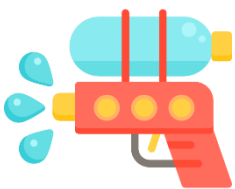

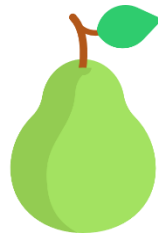

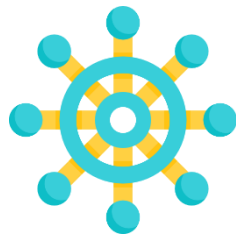

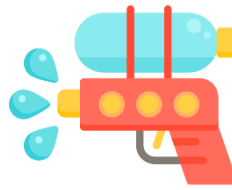

Uneix cada meitat amb la que li correspon

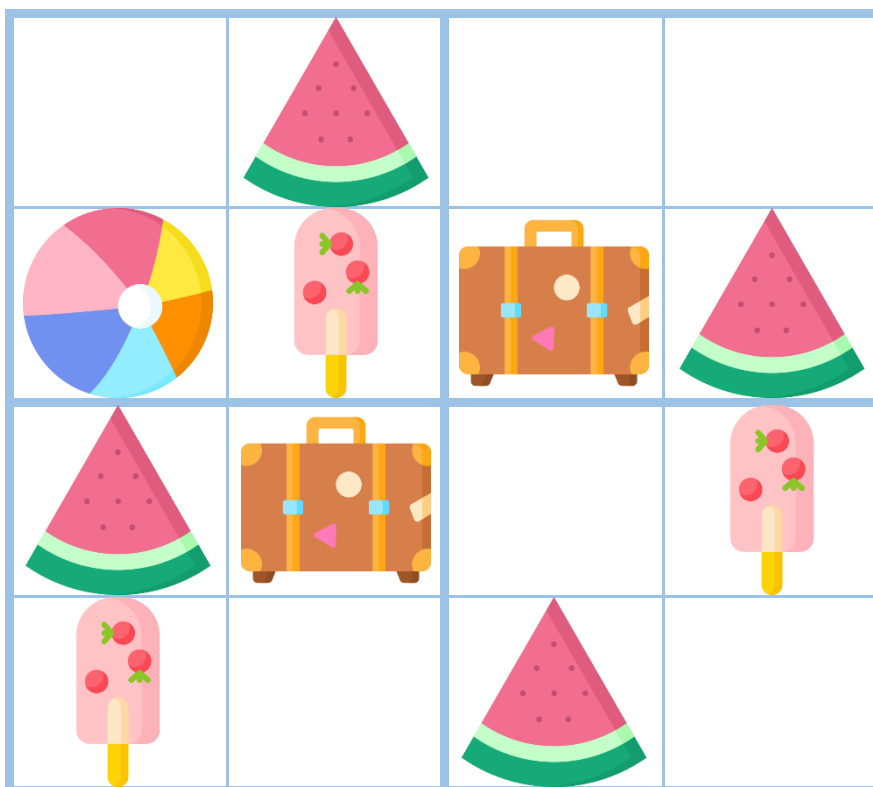

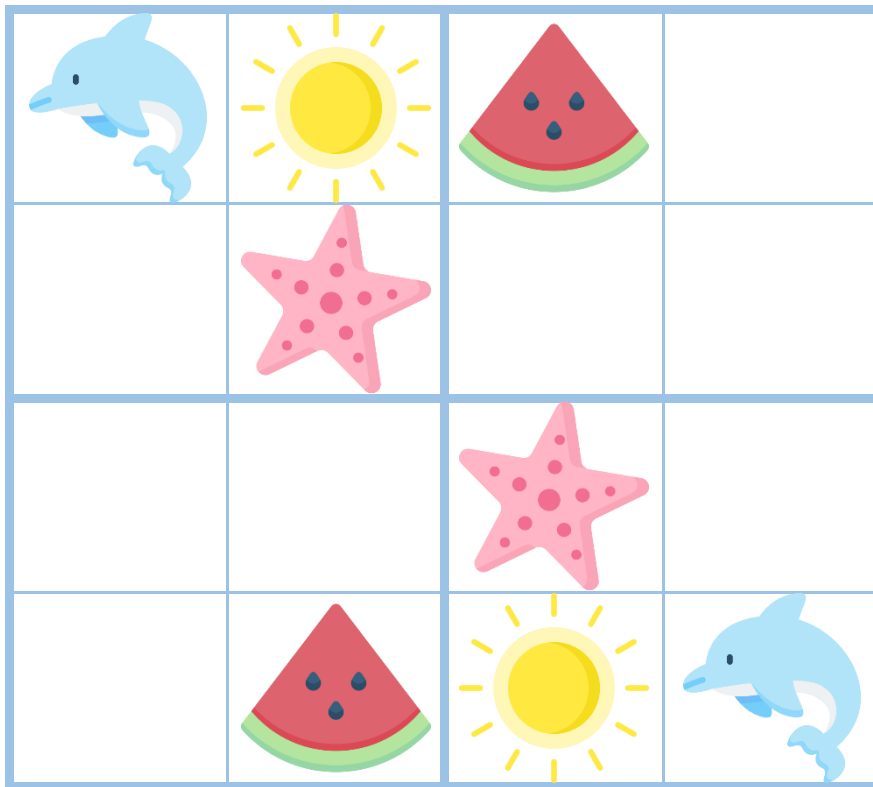

Busca i encercla

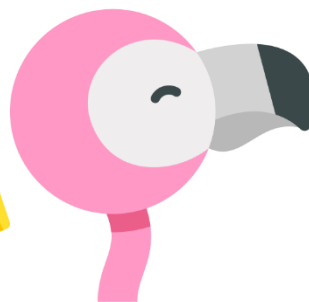

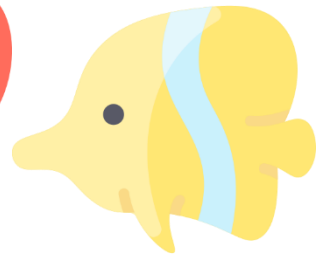

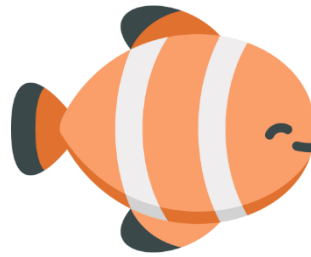

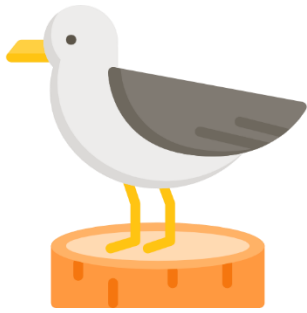

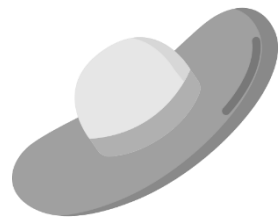

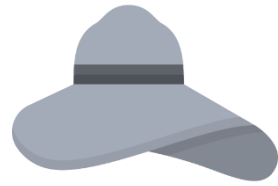

# Resol els sudokus

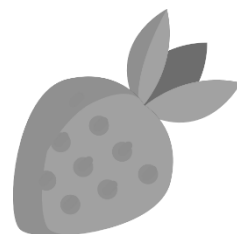

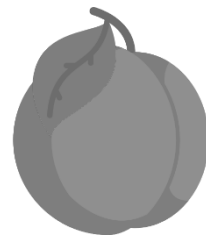

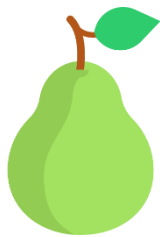

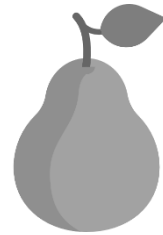

Encercla de color blau la roba i de color groc els animals

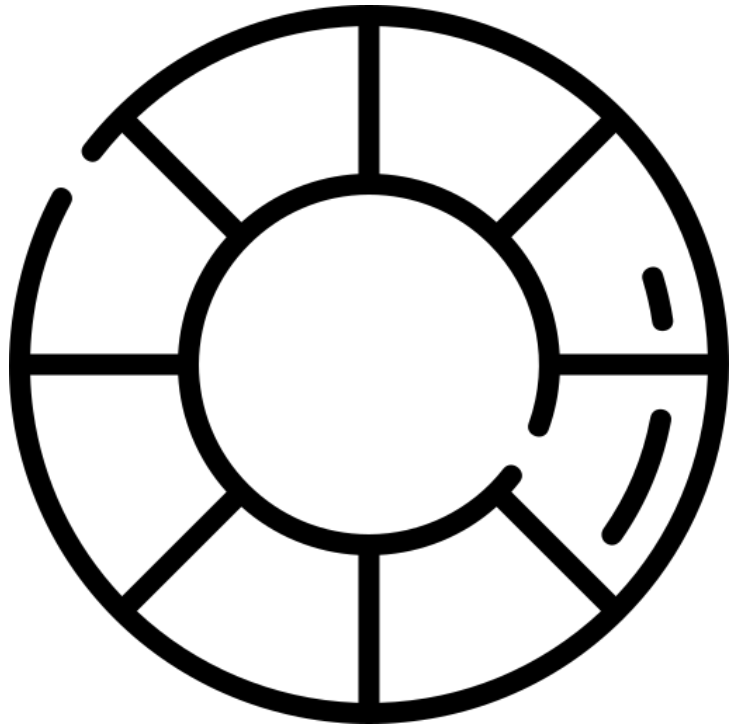

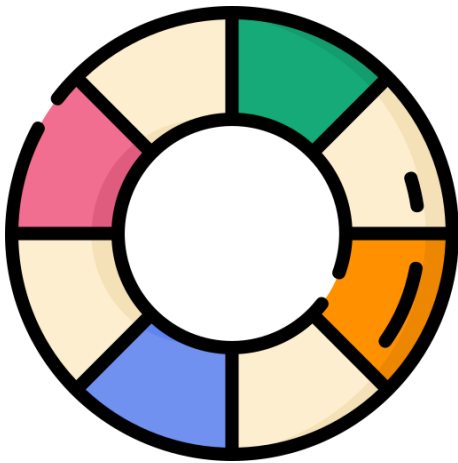

Uneix cada barret amb la seva ombra

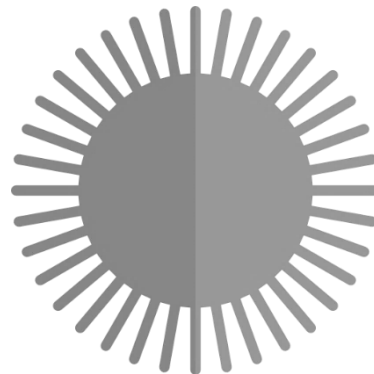

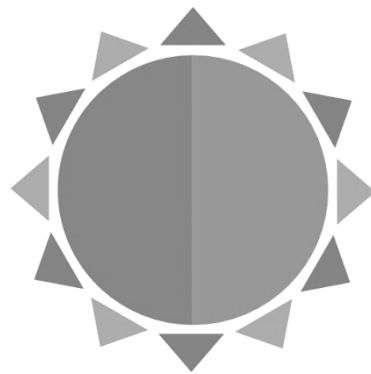

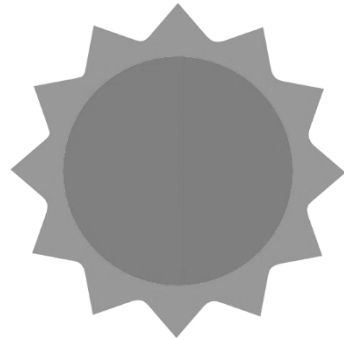

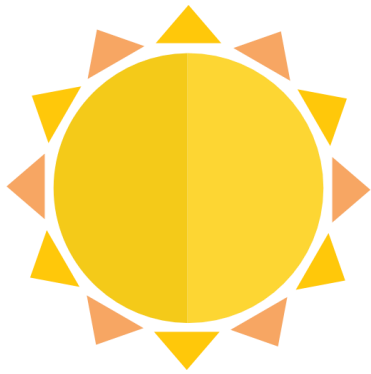

Uneix cada fruita amb la seva ombra

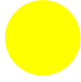

Pinta com el model

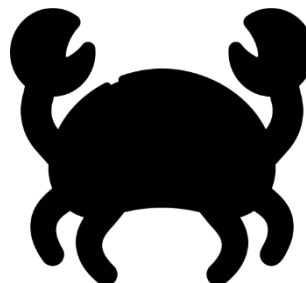

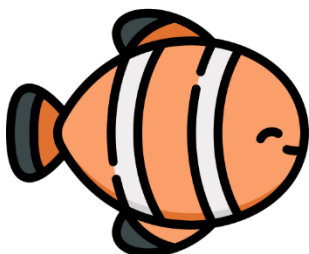

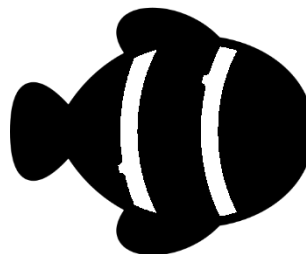

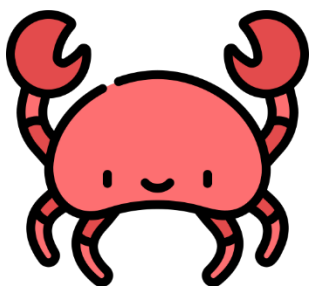

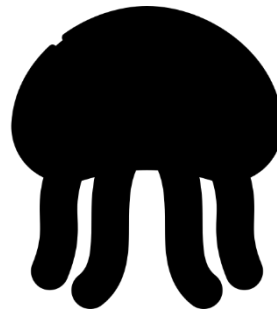

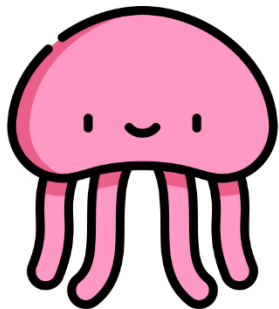

Relaciona cada sol amb la seva ombra

Pinta segons la llegenda

 	 	 	 
			
			
			
			

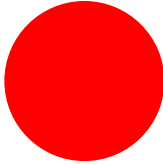

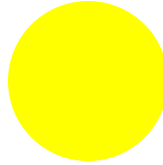

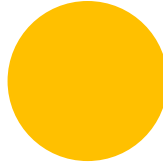

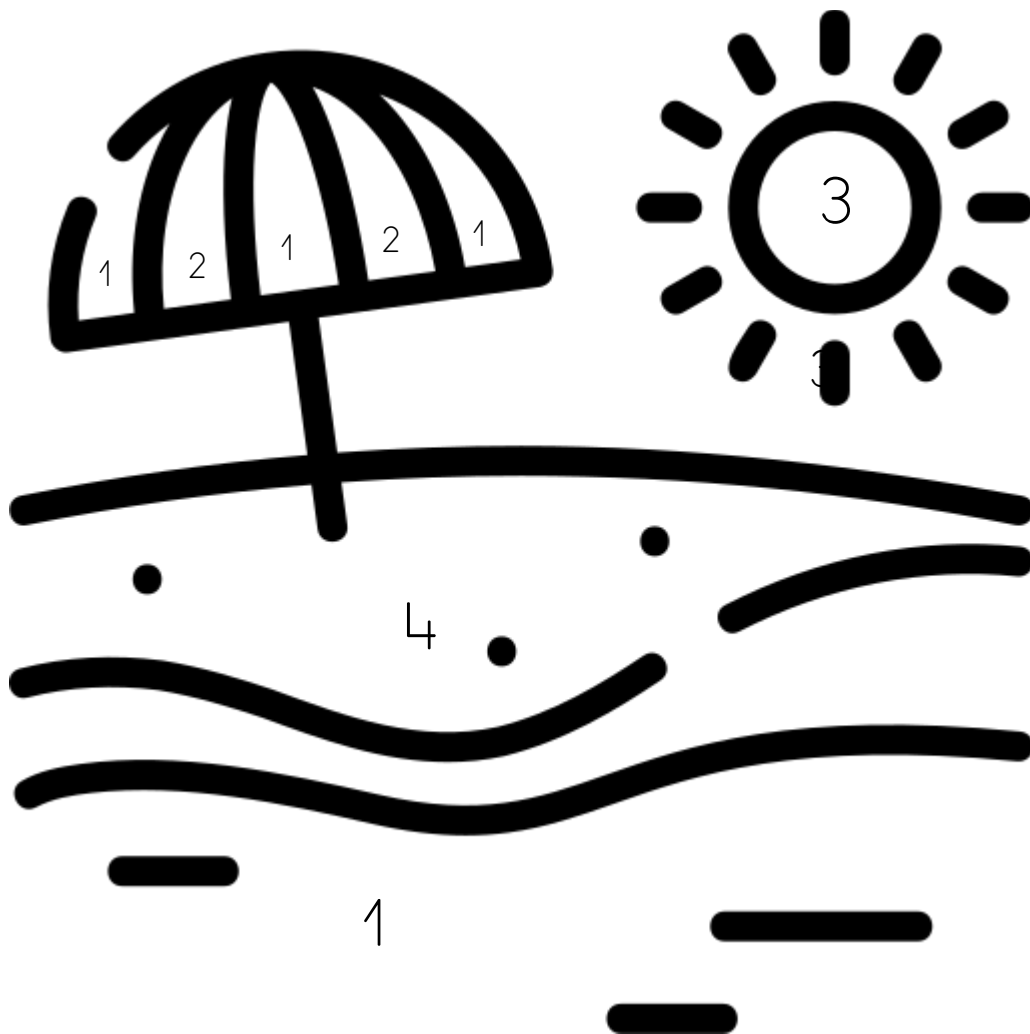

Relaciona cada animal amb la seva silueta

Pinta segons el codi:

			
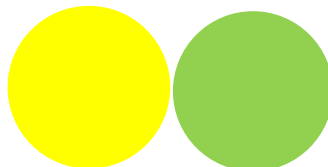

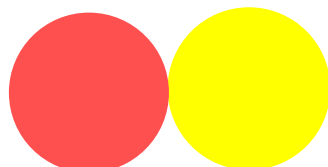

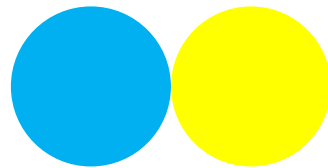

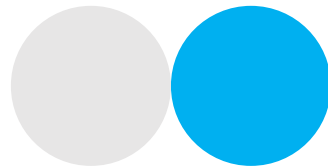

1	2	3	4

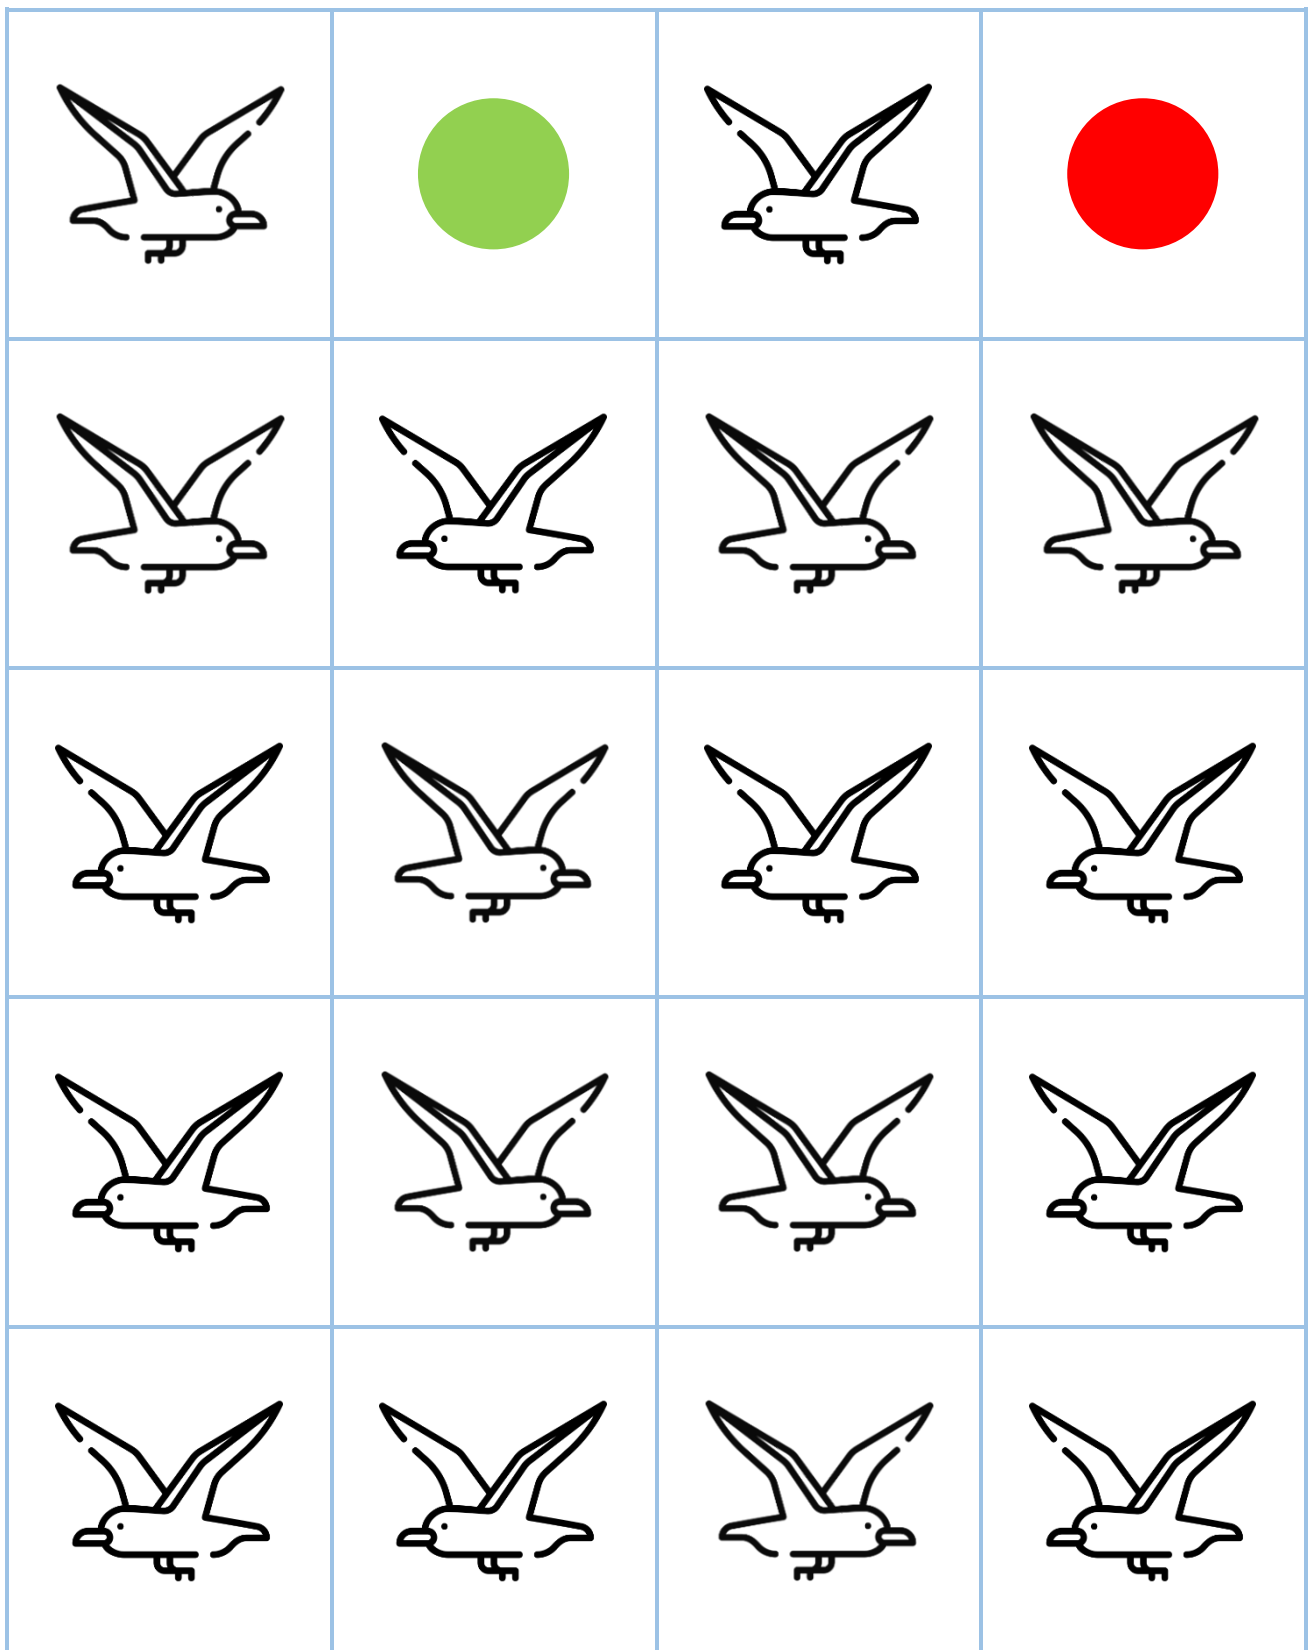

Relaciona cada gelat amb la seva silueta

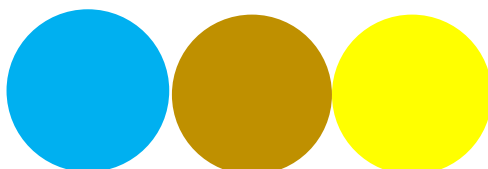

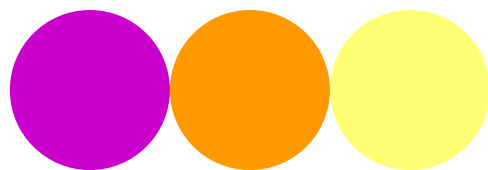

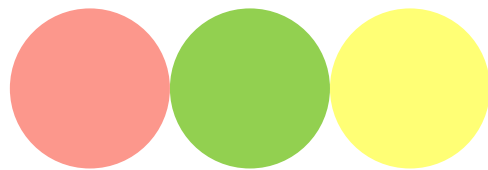

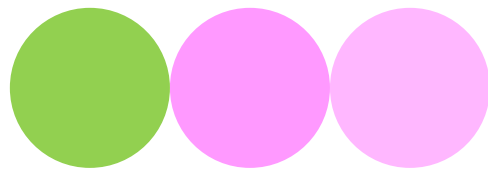

Uneix cada banyador amb els seus colors

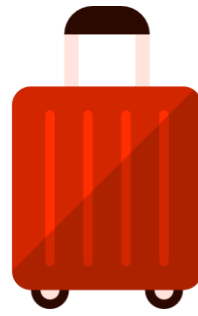

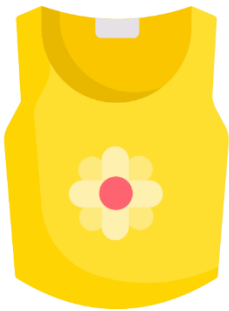

Pinta les gavines que miren a la dreta de color verd i les que miren a l'esquerra de color vermell

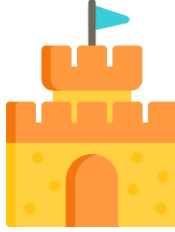

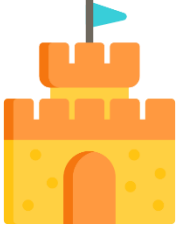

Uneix cada gelat amb els seus colors

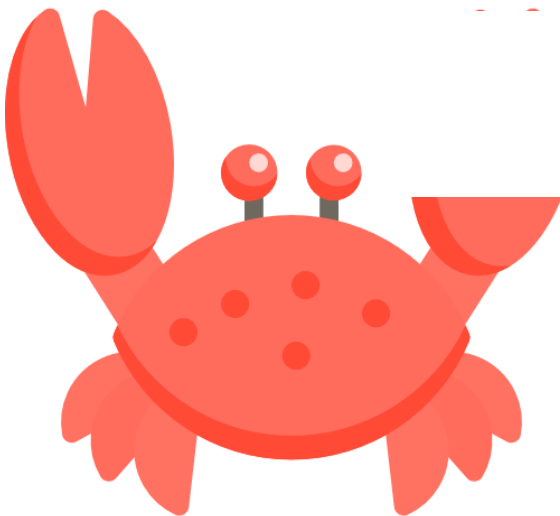

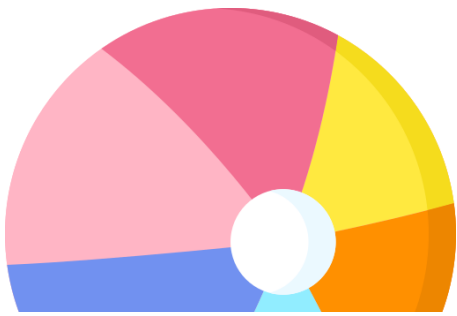

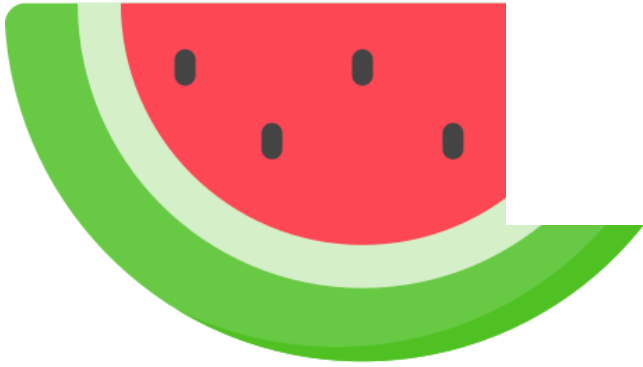

# Aparella per colors

Assenyala la casella en la que els dos elements que es creuen son iguals

				
				
				
				
				

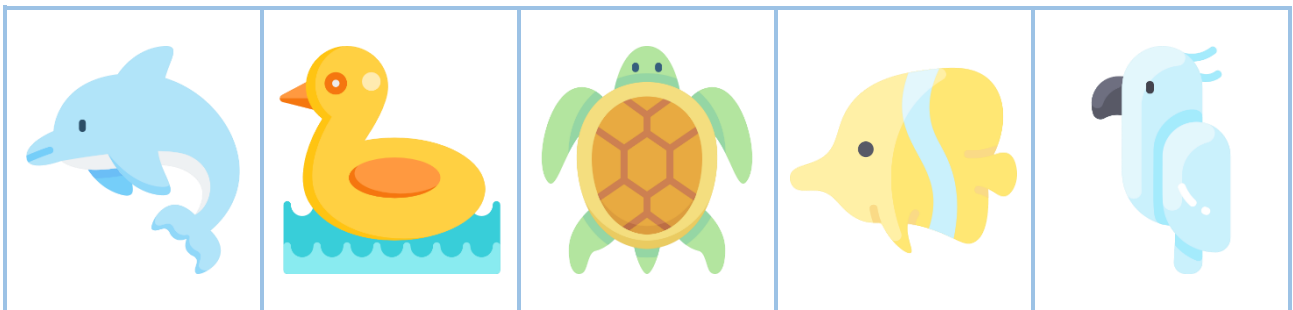

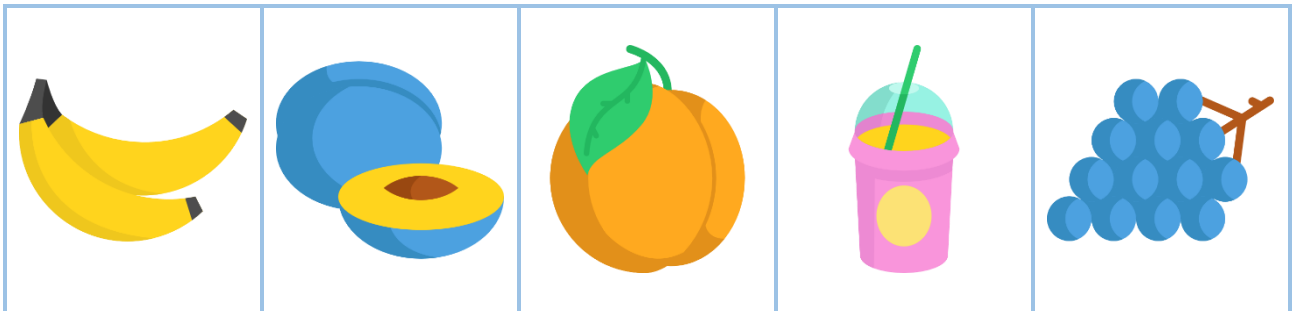

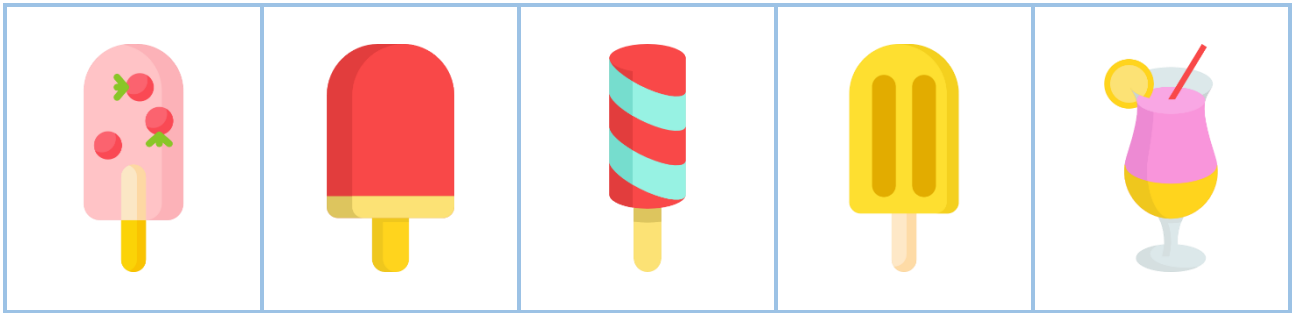

Dibuixa i pinta la part que falta

# Assenyala l'intrús

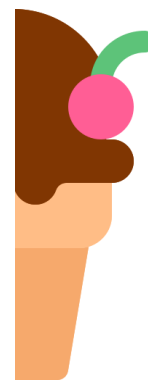

# Aparella per colors

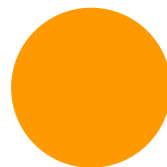

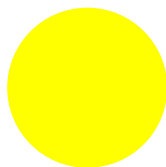

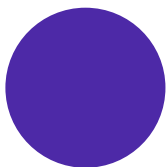

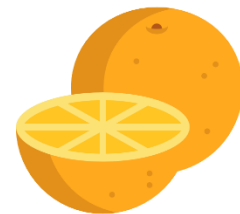

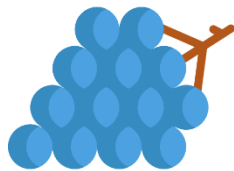

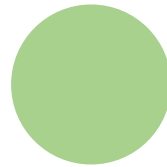

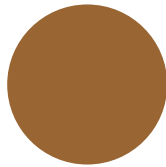

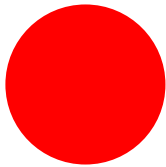

Aparella les palmeres que són iguals

Aparella cada meitat per formar el gelat

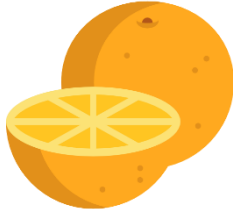

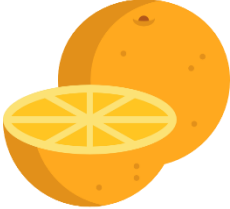

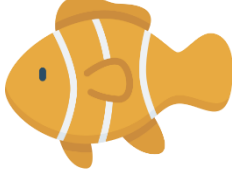

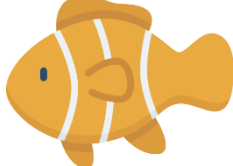

Relaciona cada fruita amb el seu color

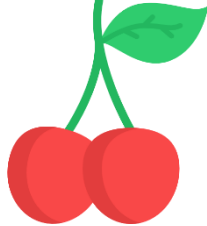

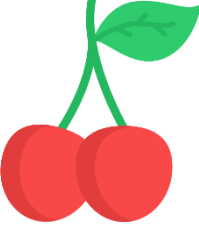

Dibuixa els elements que falten sense repetir a Cap fila o columna

Dibuixa els elements que falten sense repetir a Cap fila o columna

		
		
		

Fes una X a cada lloc on hi ha un dibuix com a l'exemple

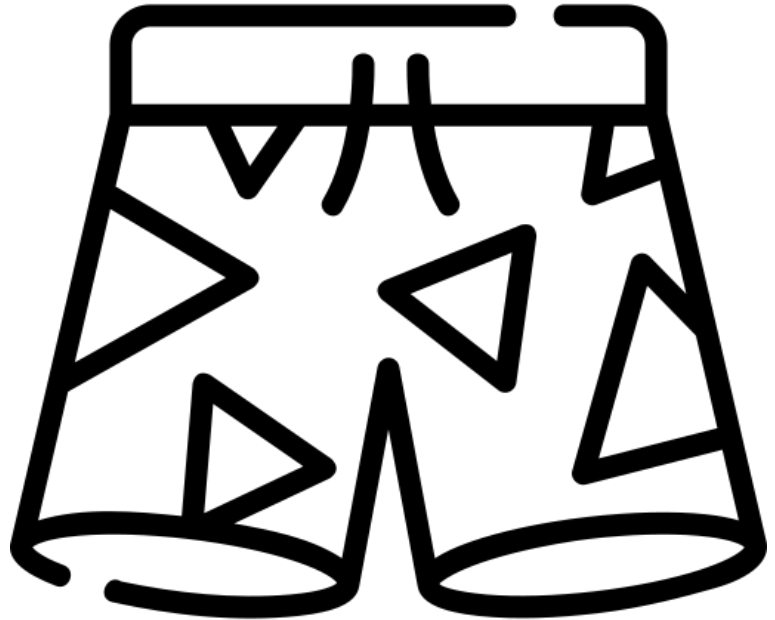

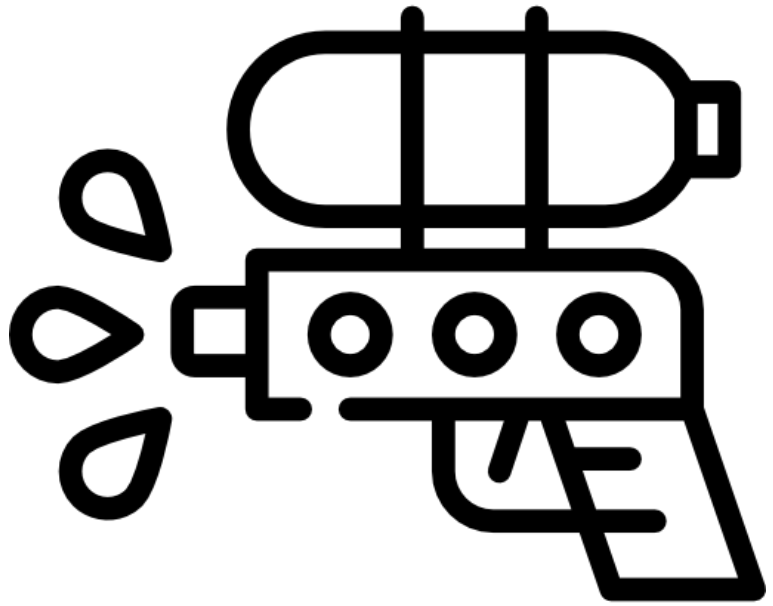

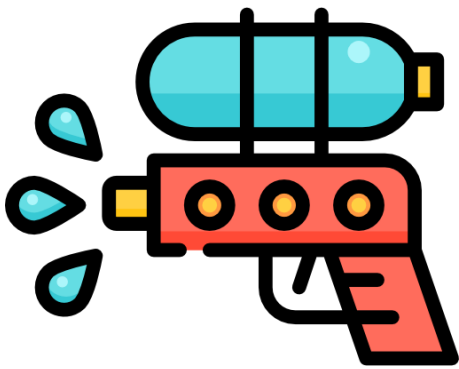

x		
		x
	x	

		
		
		

Pinta com el model

Fes una X a cada lloc on hi ha un dibuix com a l'exemple

	x	
x		
		x

Observa

				
				
				

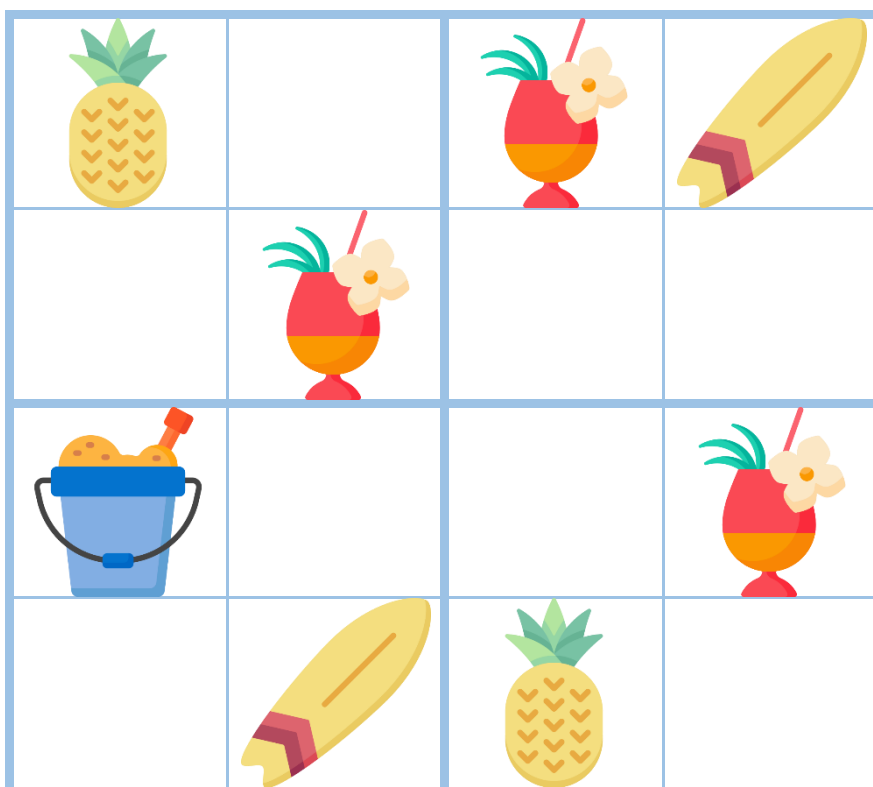

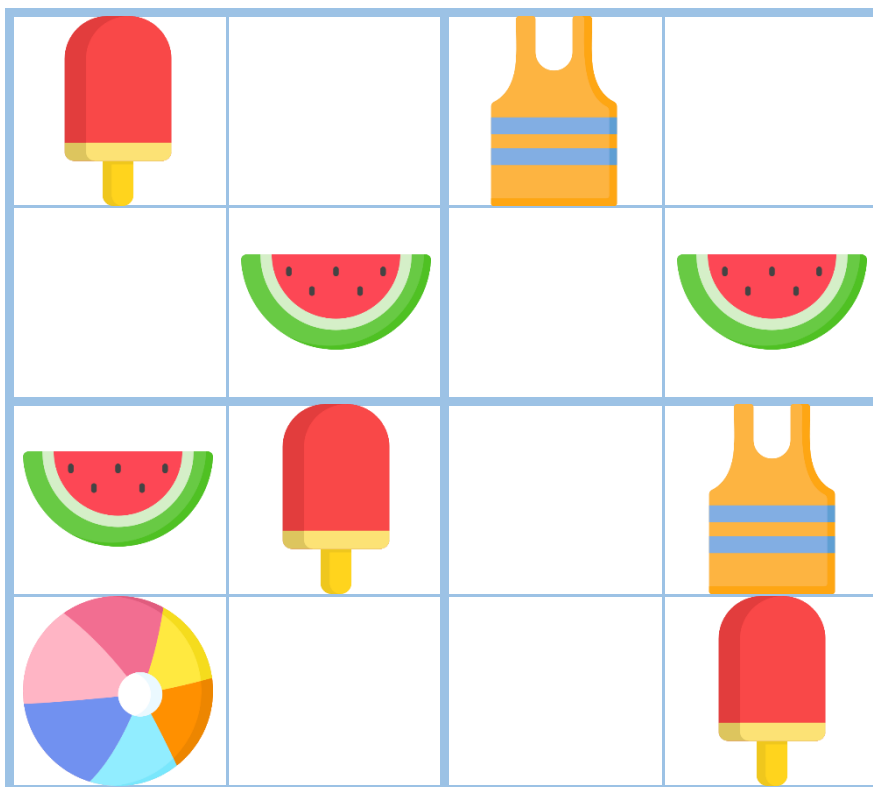

Ara copia la quadrícula

Marca els iguals al model

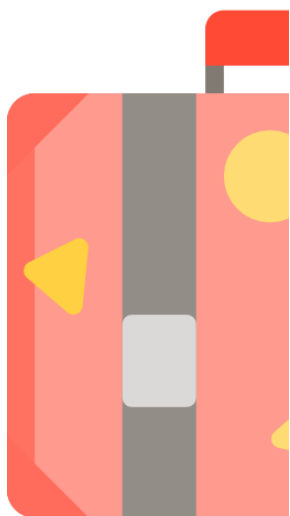

Resol els sudokus

Marca els iguals al model

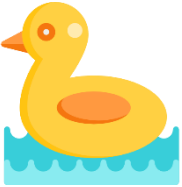

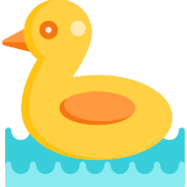

Completa la meitat del dibuix i pinta segons el model

Observa

			
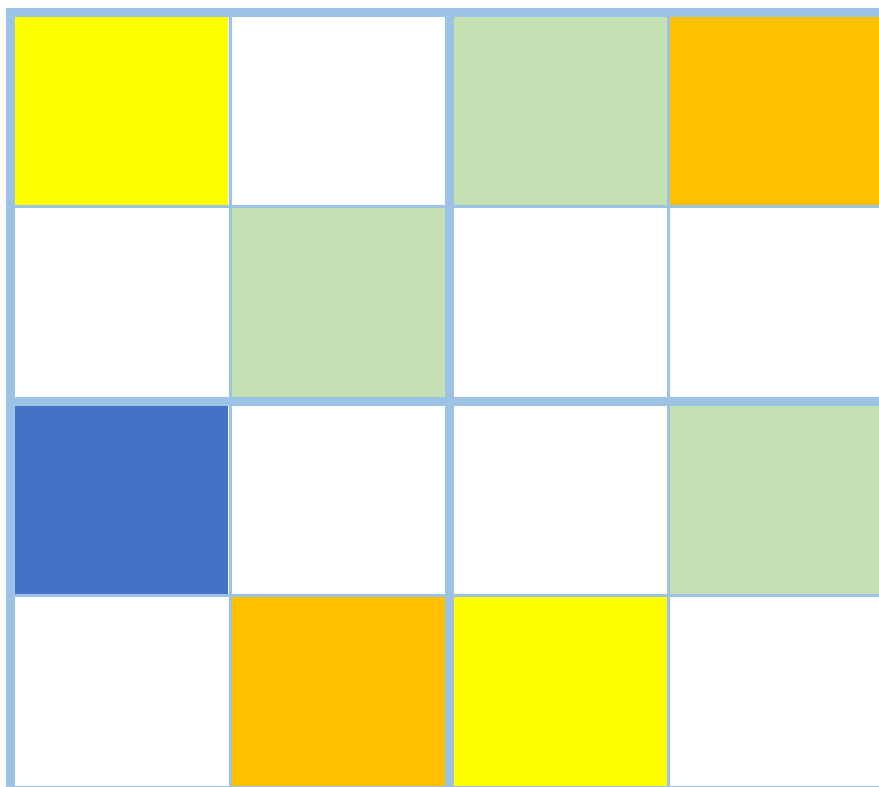

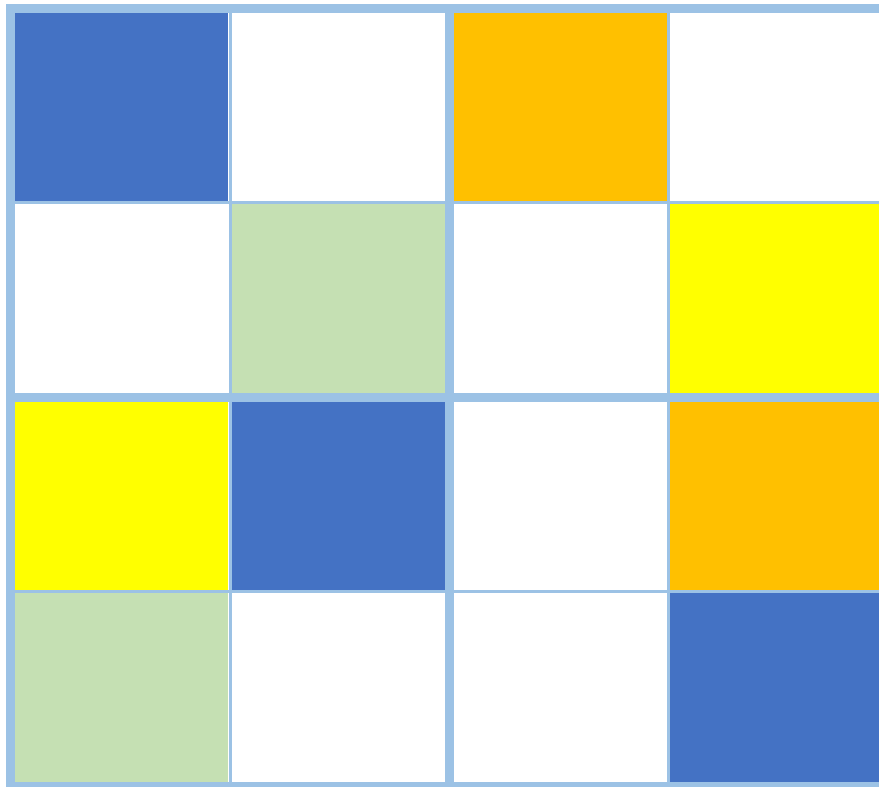

1	2	3	4

Ara escriu el nombre que correspon

			
			

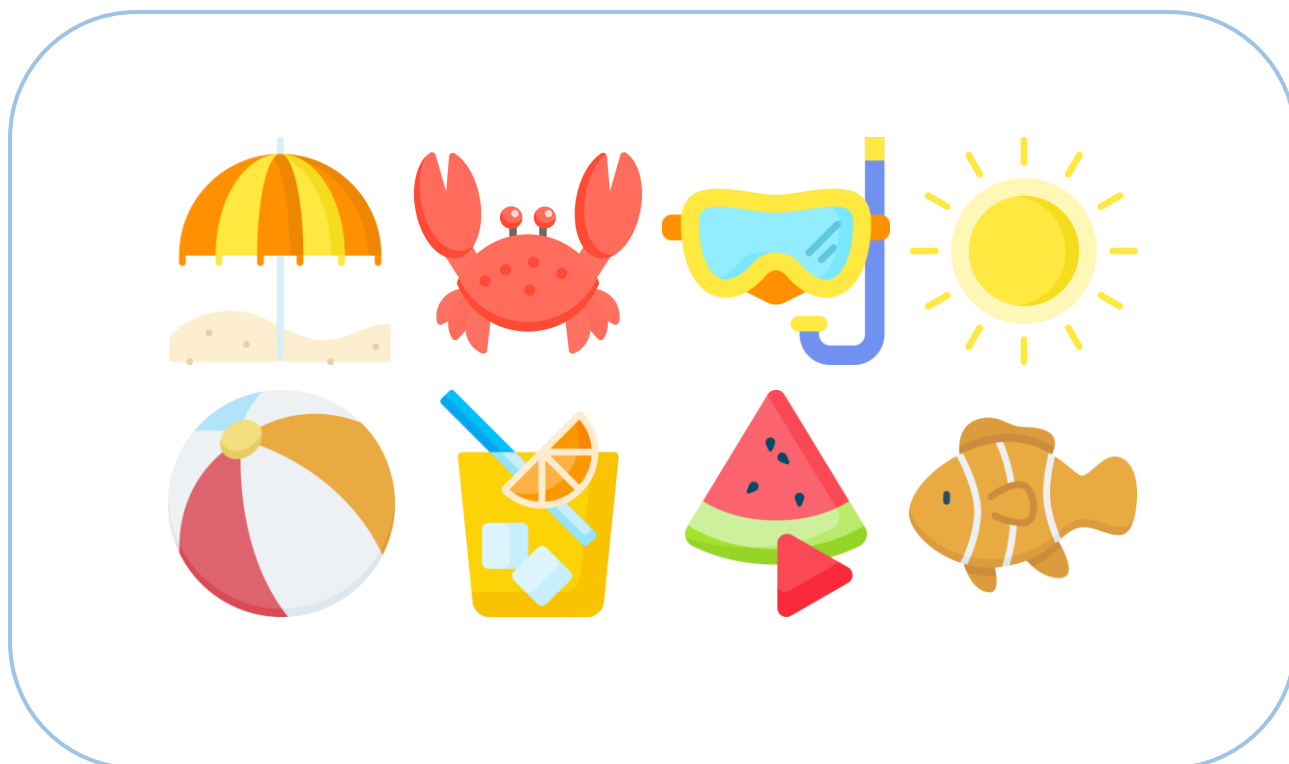

# Resol els sudokus de colors

Observa durant un minut i intenta recordar els dibuixos:

Ara tapa el dibuix i encercla els dibuixos que recordes

Observa durant un minut on són els dibuixos:

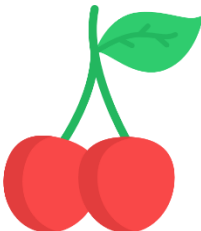

Ara encercla els que s'han mogut de lloc

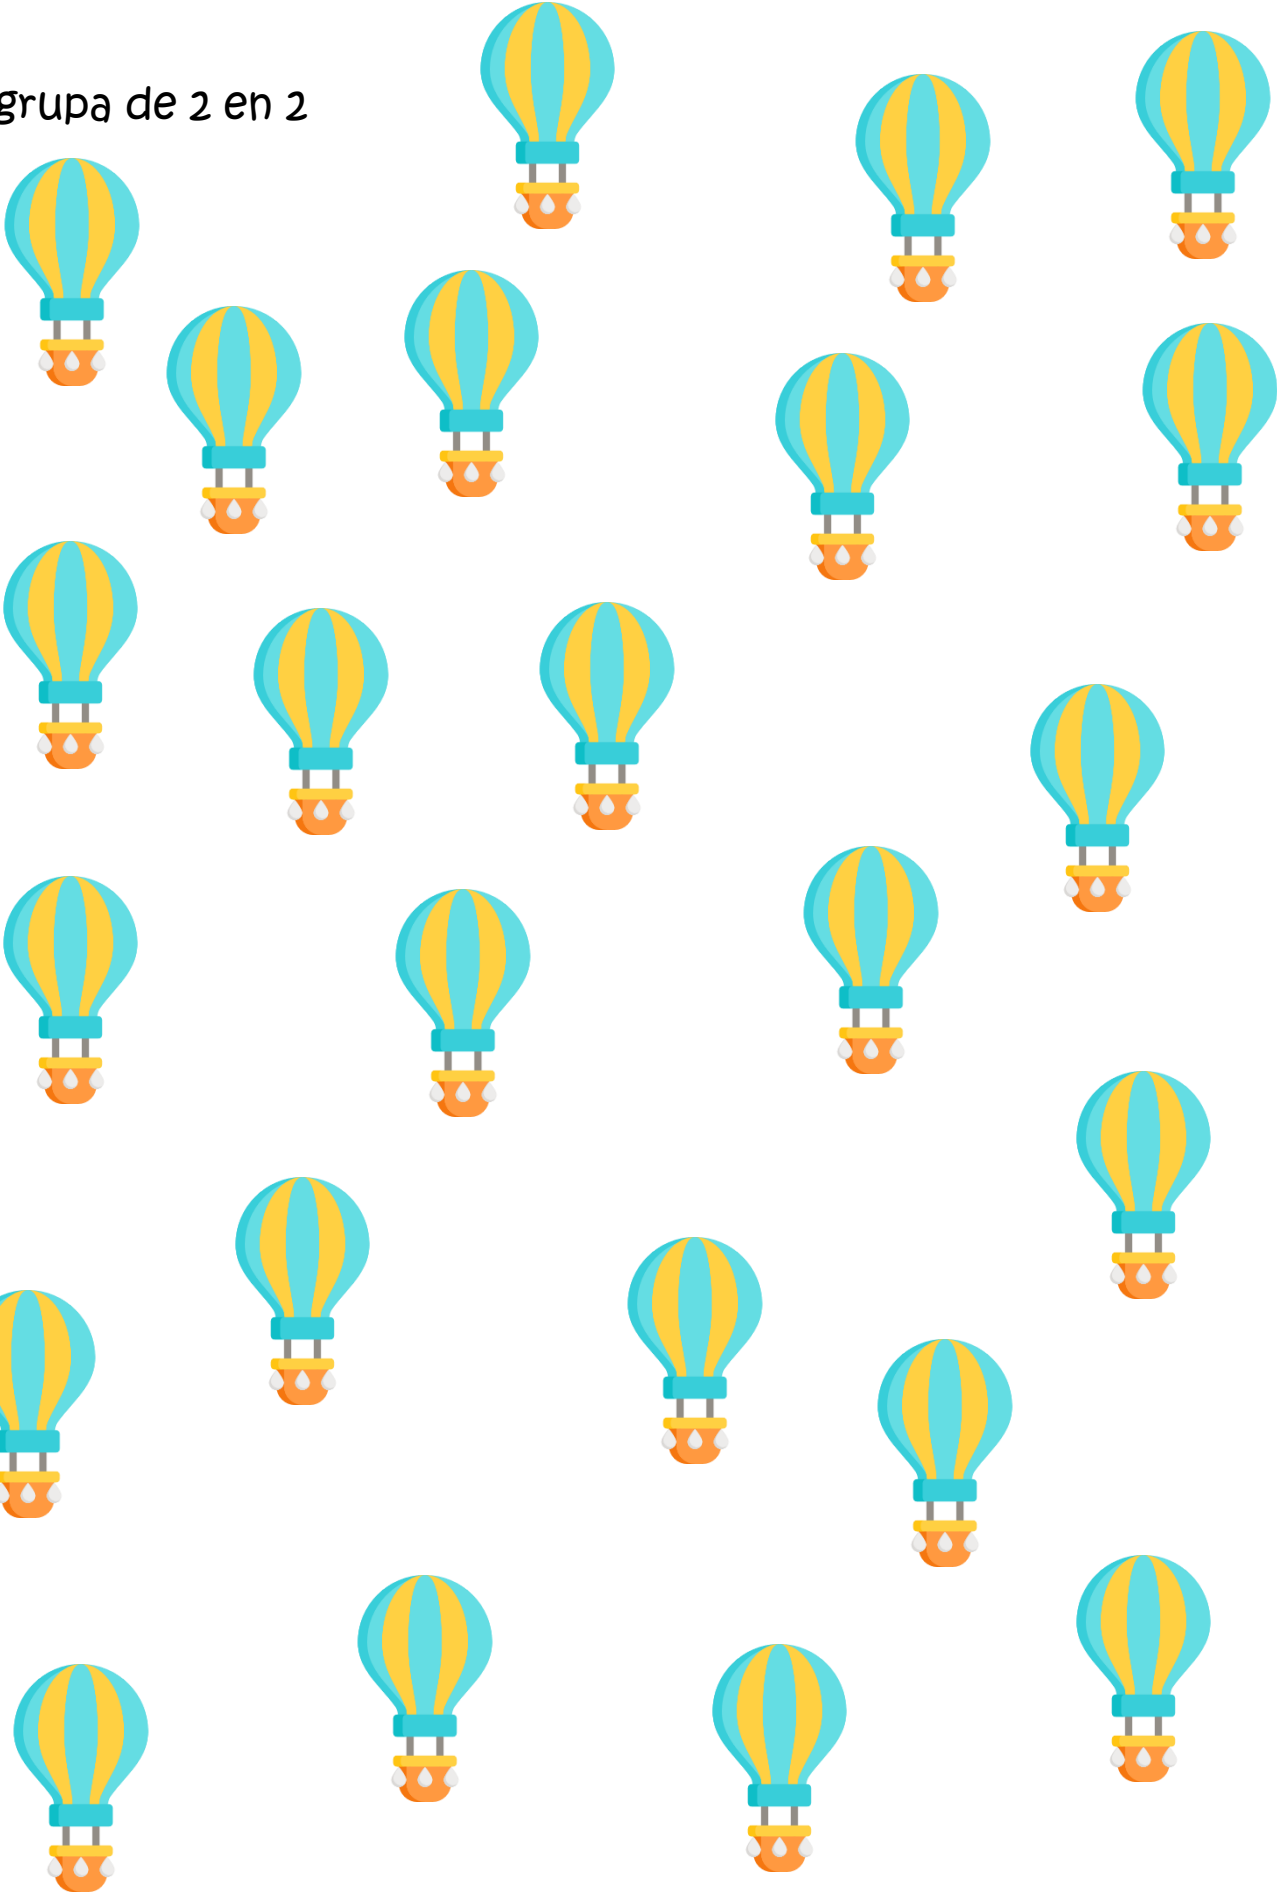

Compta quants n'hi ha de cada

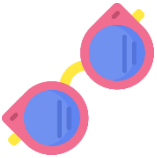

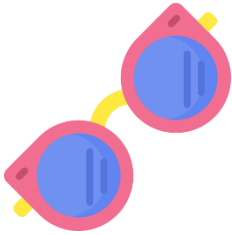

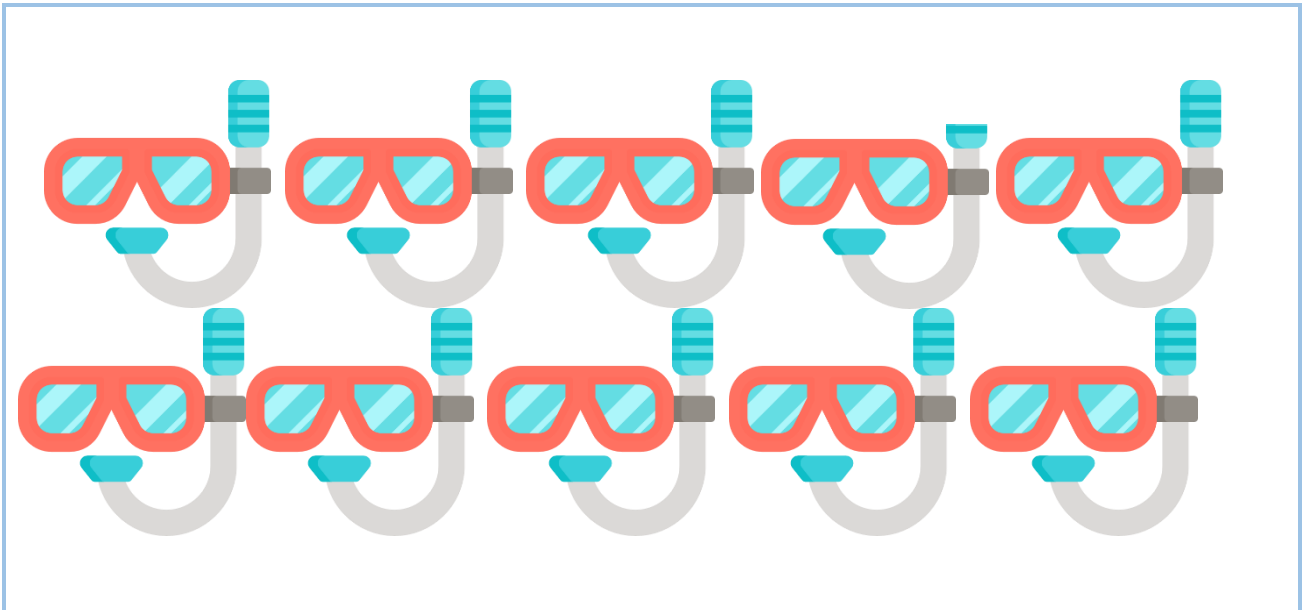

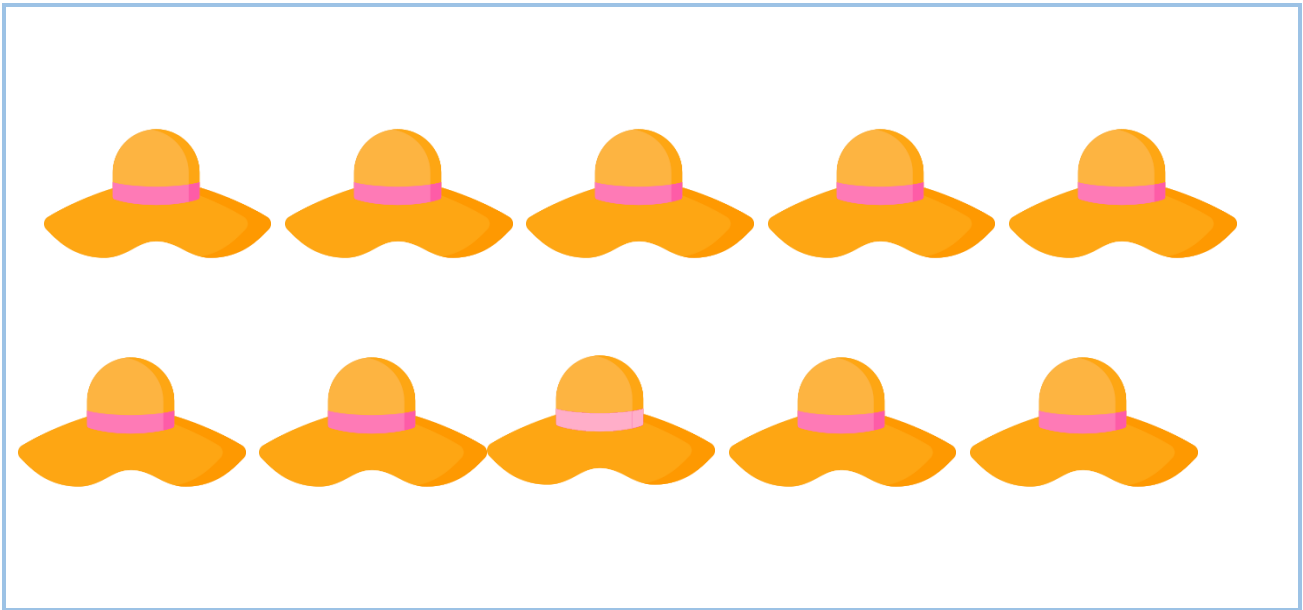

Agrupar de 2 en 2

# Observa i completa

MÉS GRAN QUE >	MÉS PETIT QUE <	IGUAL =	
			
			
			
			
			

Troba el diferent i encercla'l

Agrupar de 3 en 3

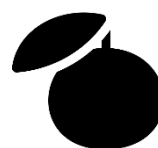

Observa

				
1	2	3	4	5

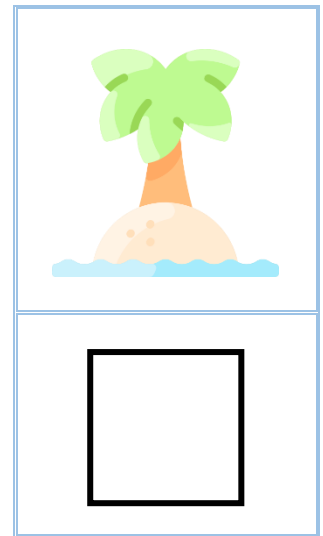

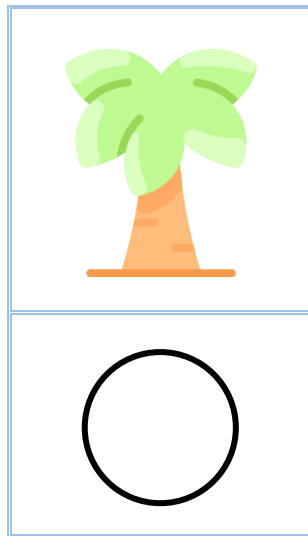

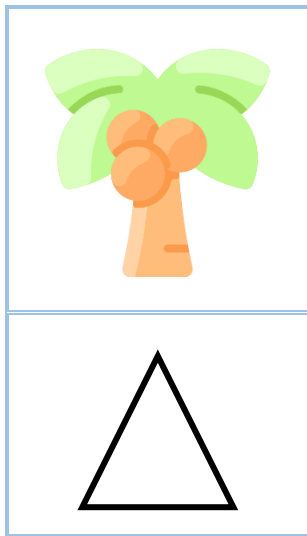

Ara construeix el nombre com a l'exemple

 	31
 	
 	
 	
 	

Marca els iguals al model

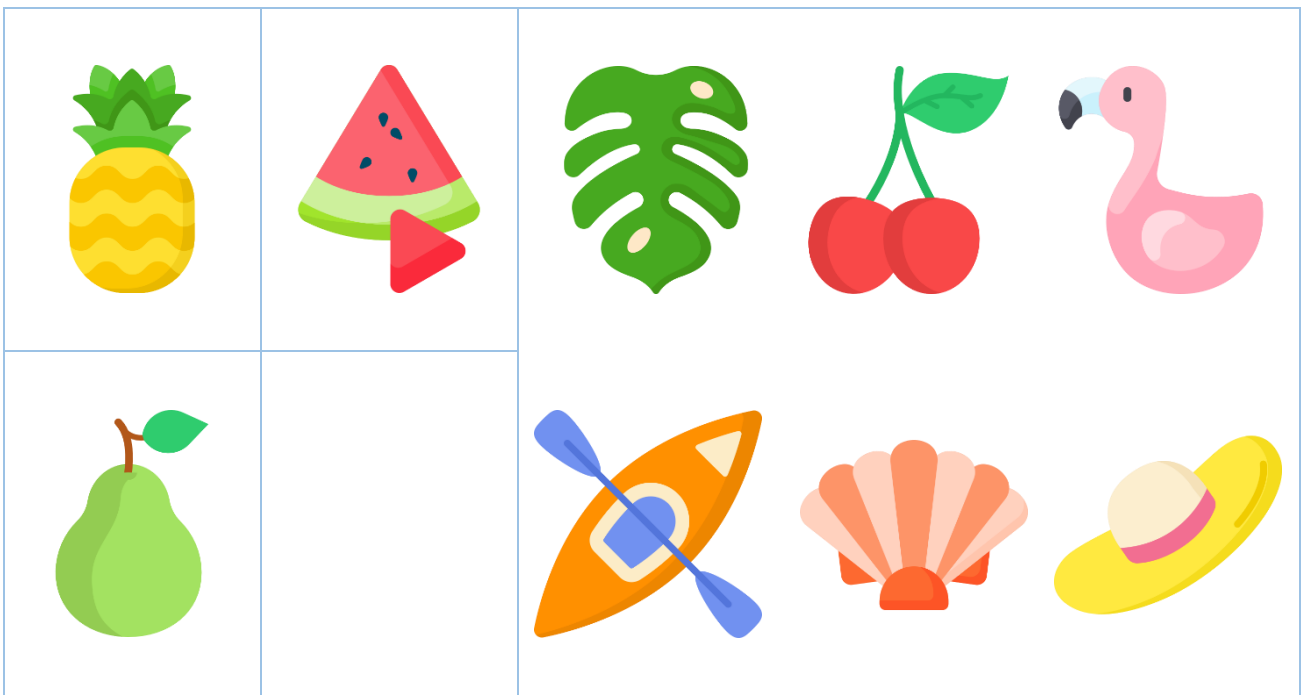

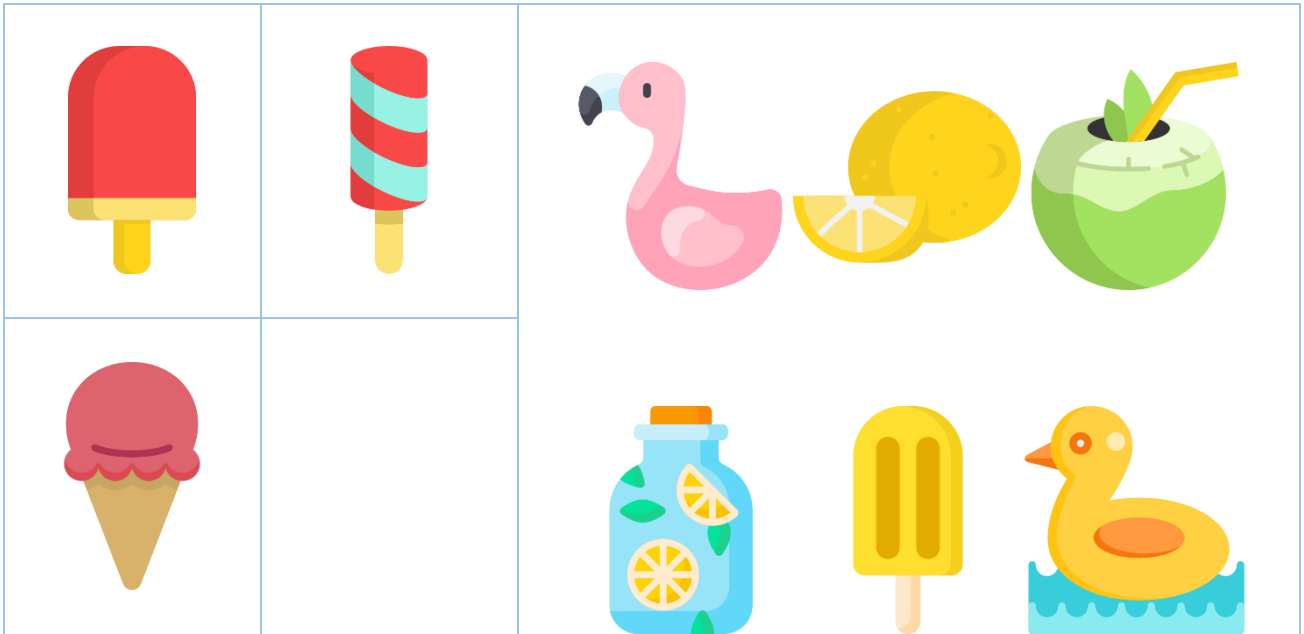

Observa

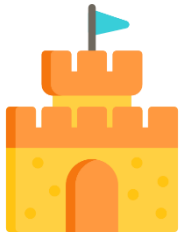

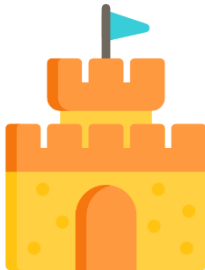

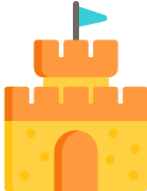

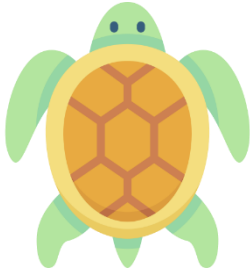

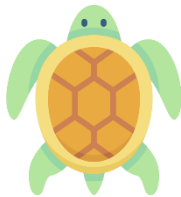

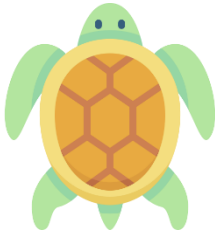

Ara dibuixa la figura que correspon

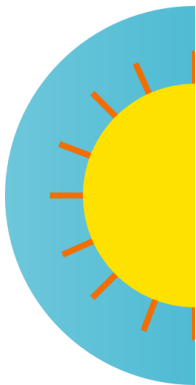

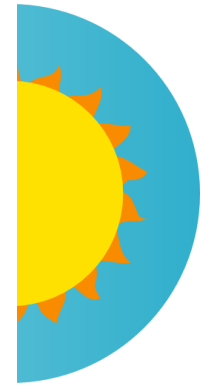

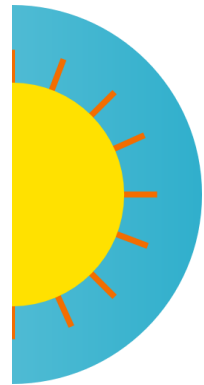

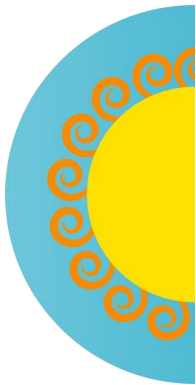

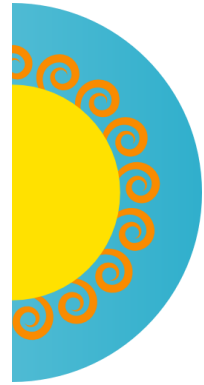

Encercla el que faltaria al grup

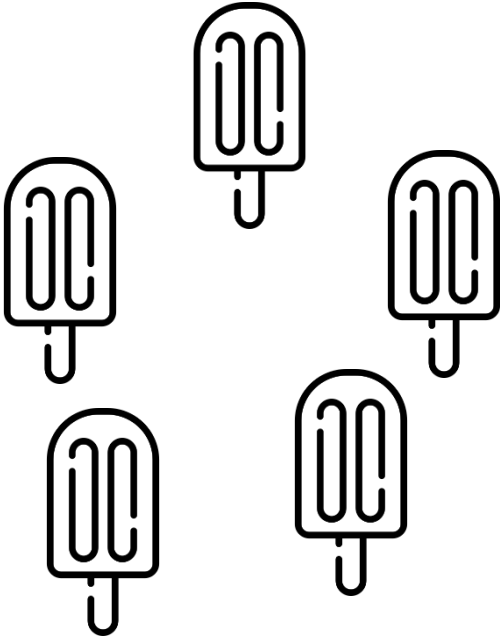

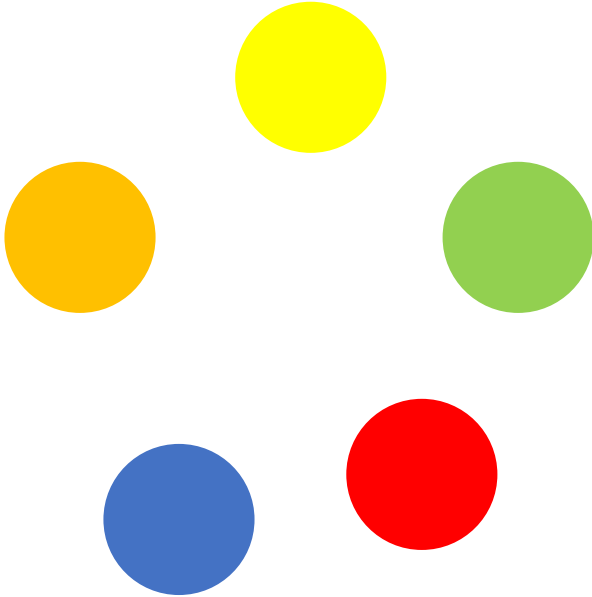

# Ordena de petit a gran amb nombres

				
5	1	4	2	3
				
				
				

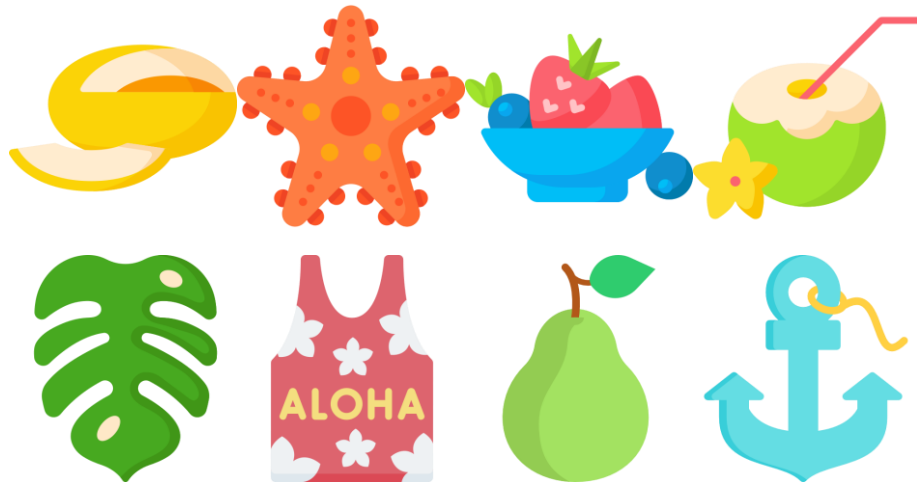

Aparella cada meitat per formar el sol

Pinta en el mateix ordre

Observa

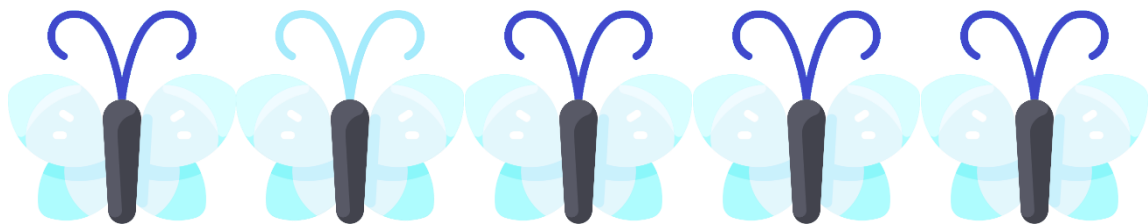

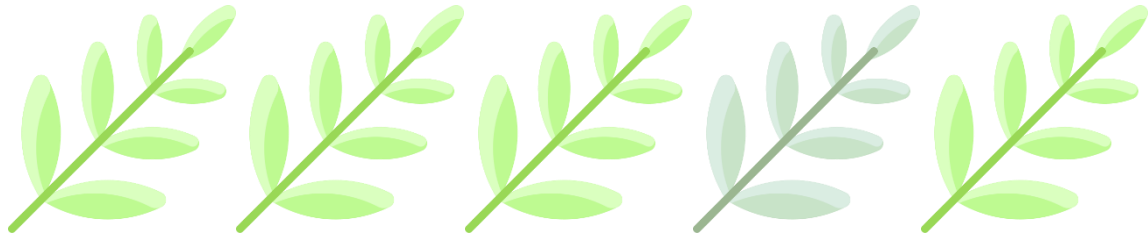

Ara encercla l'element que no és a dalt

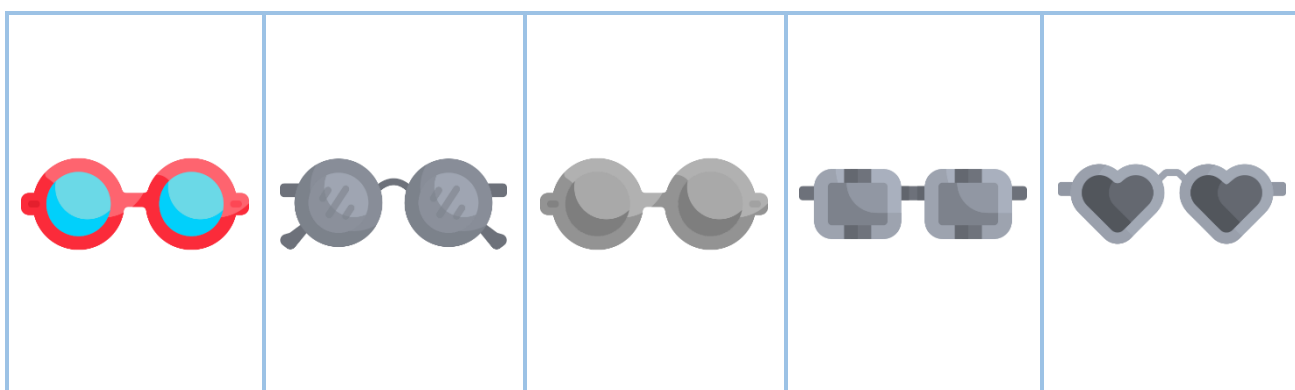

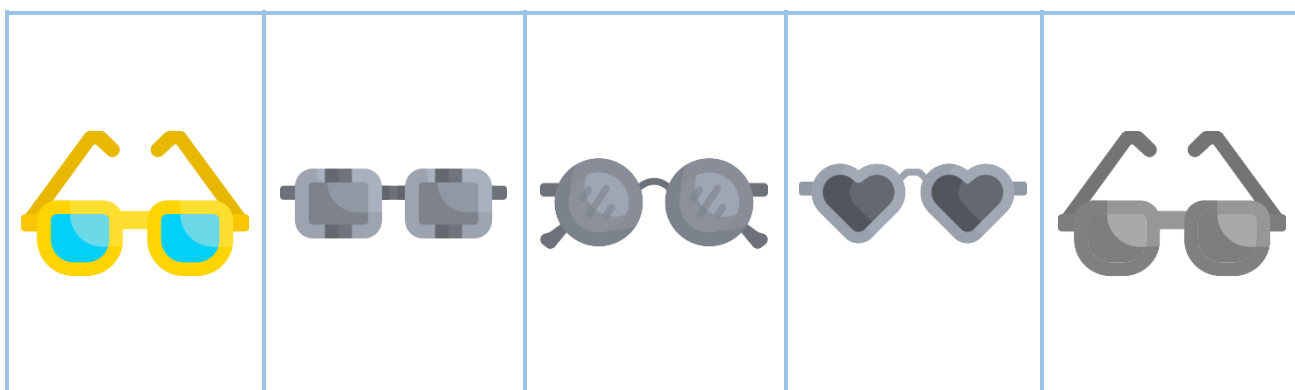

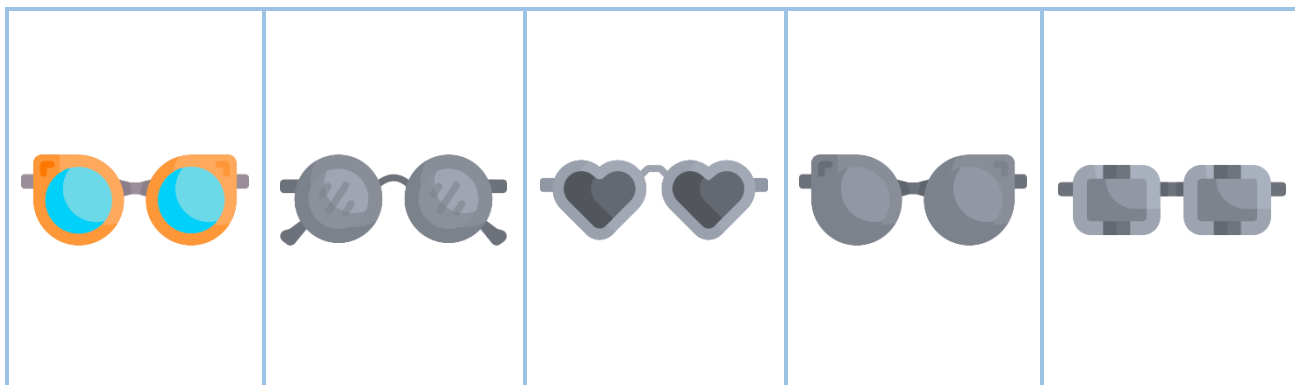

Ratlla el dibuix que és diferent a la resta

Troba els 5 elements intrusos

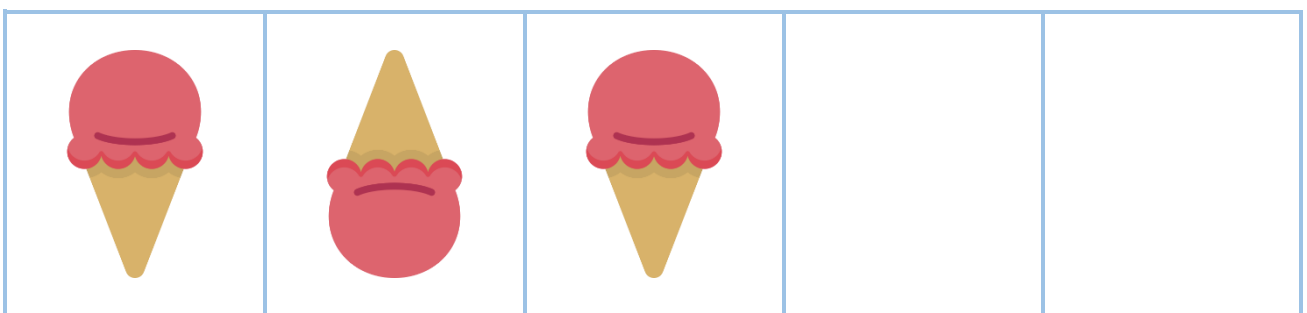

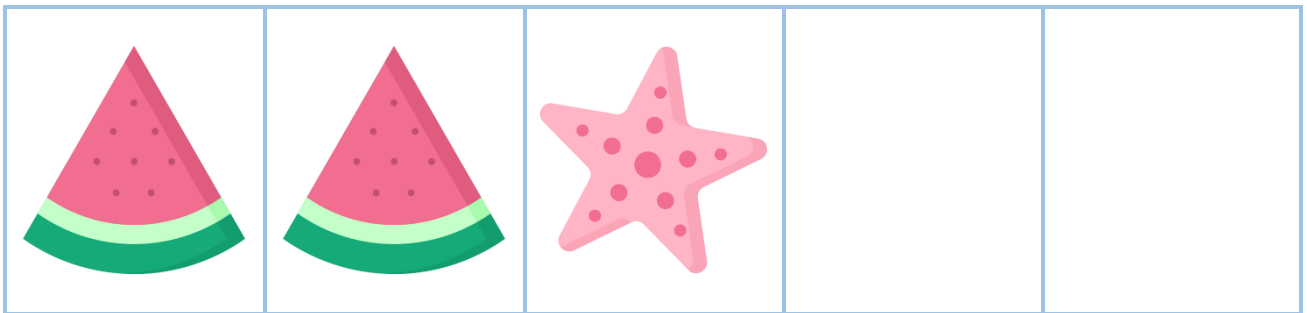

Assenyala l'ombra correcta

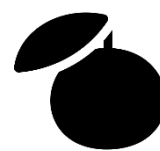

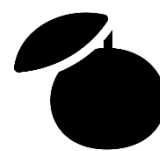

Aparella els sols que són iguals

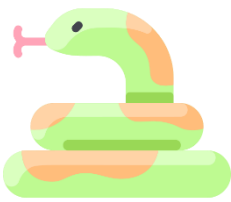

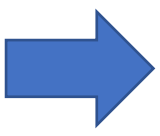

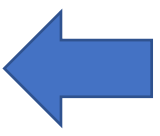

Continua les sèries, dibuixa i pinta

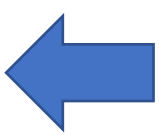

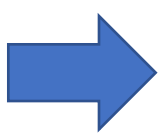

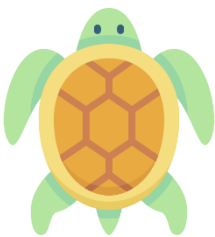

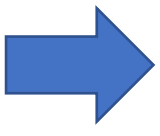

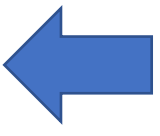

Marca els iguals al model

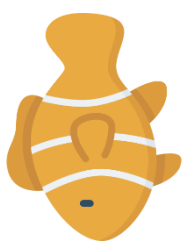

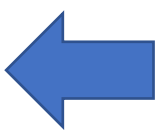

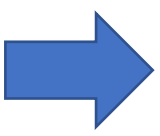

Cap a on assenyala cadascú?

				
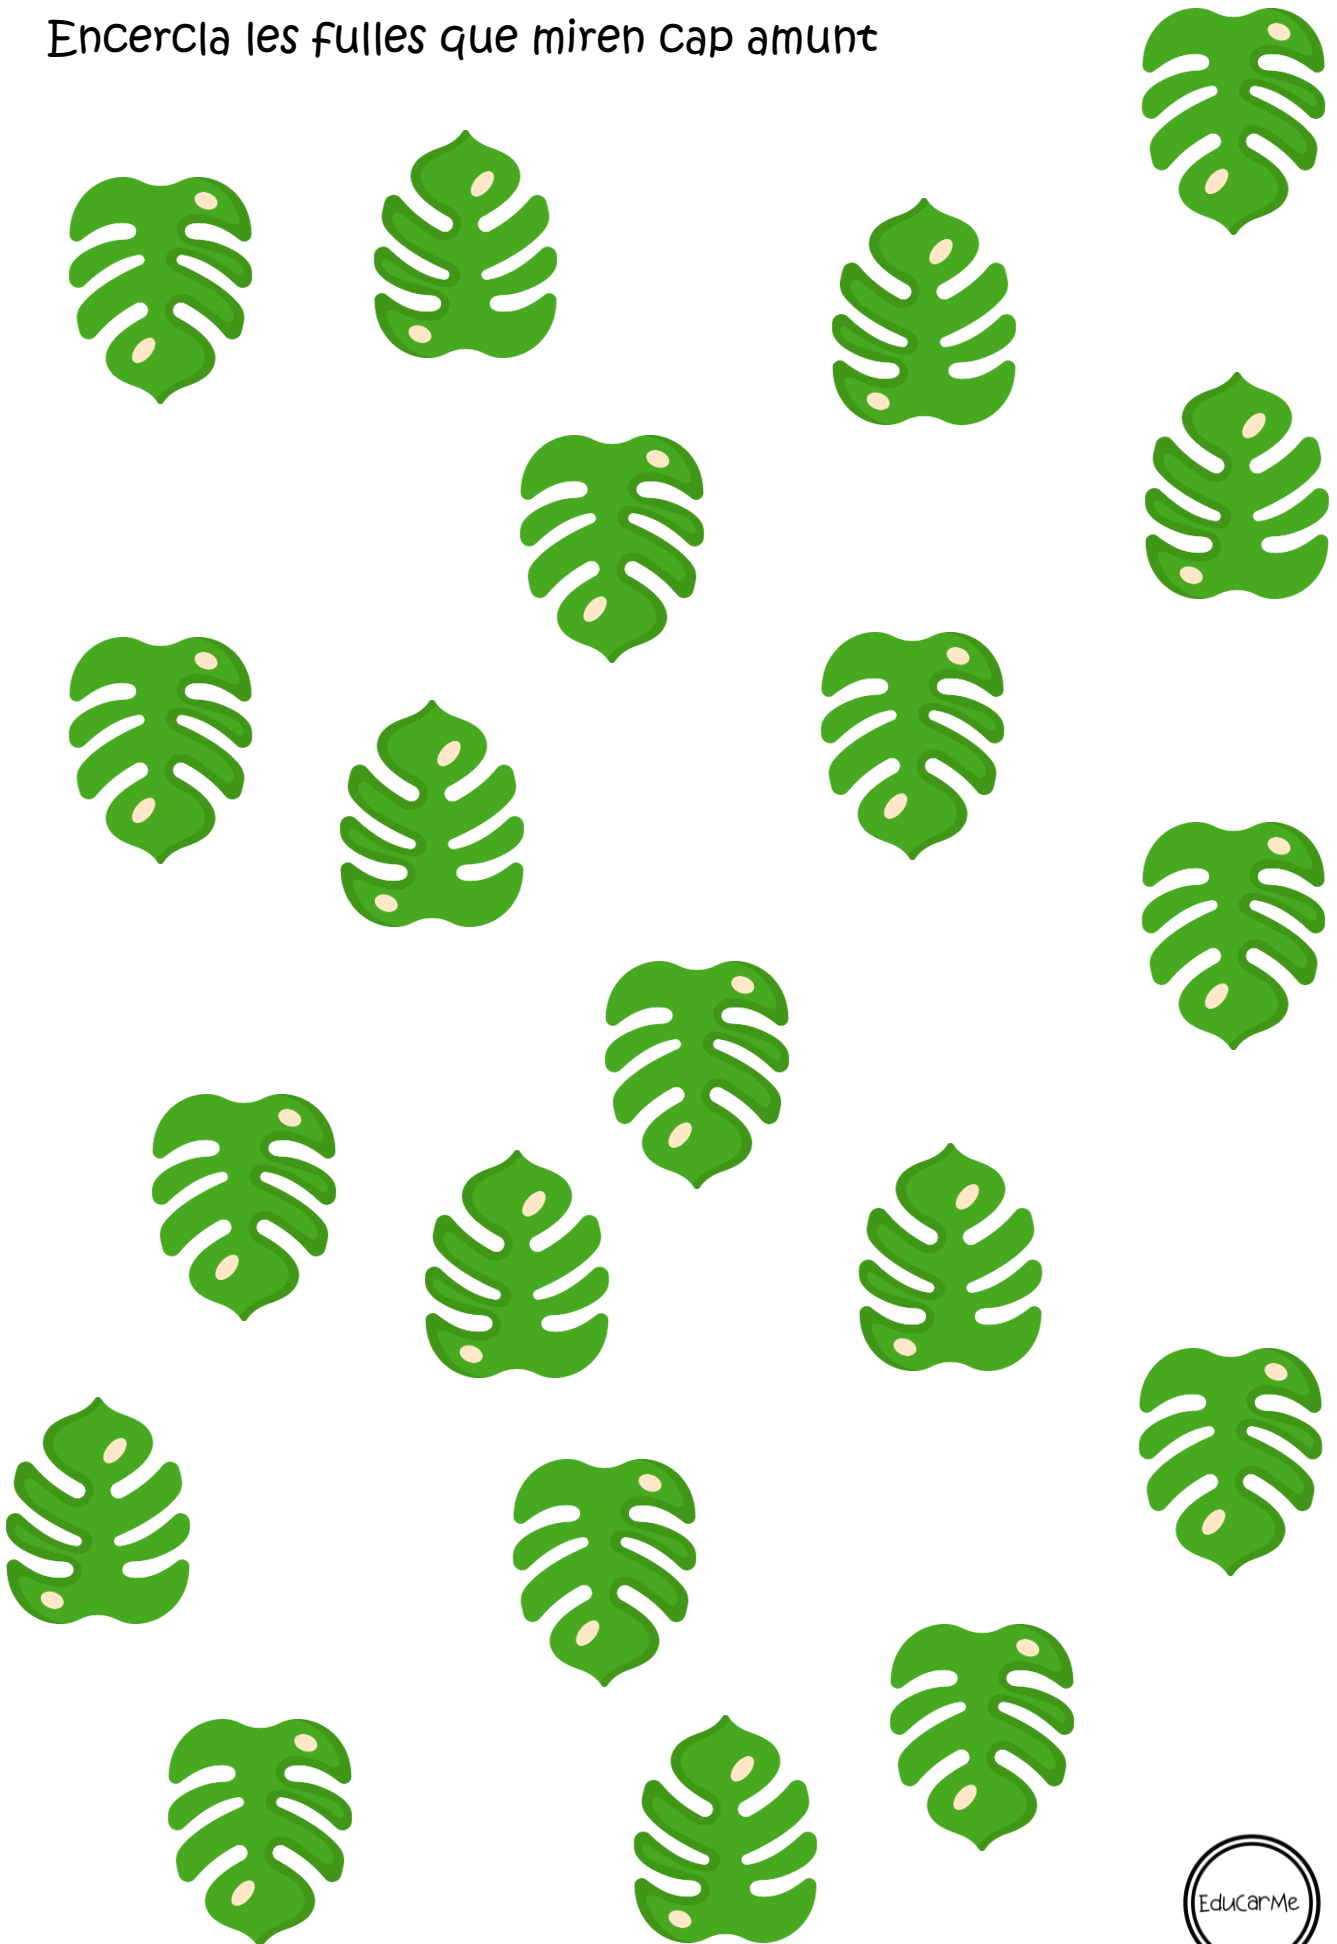

-----------------------------------------------------------------------------------	-----------------------------------------------------------------------------------	-----------------------------------------------------------------------------------	------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------

				
-----------------------------------------------------------------------------------	-----------------------------------------------------------------------------------	-----------------------------------------------------------------------------------	------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------

				
-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------

				
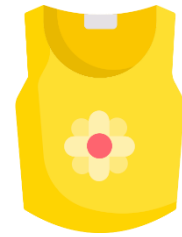

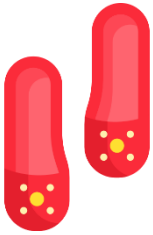

-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------

Encercla les fulles que miren cap amunt

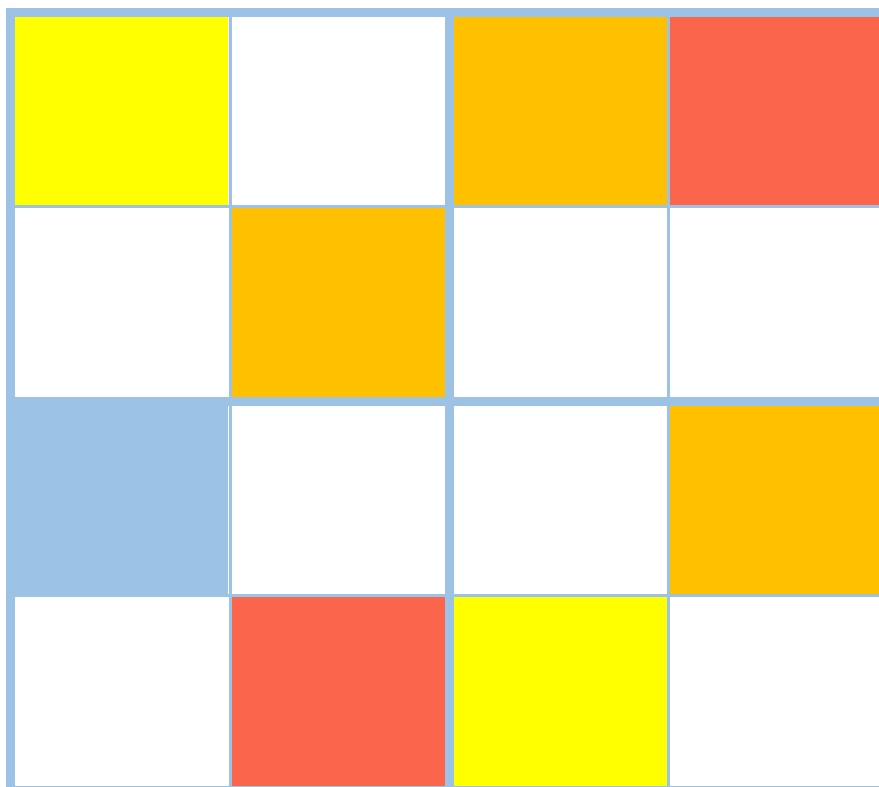

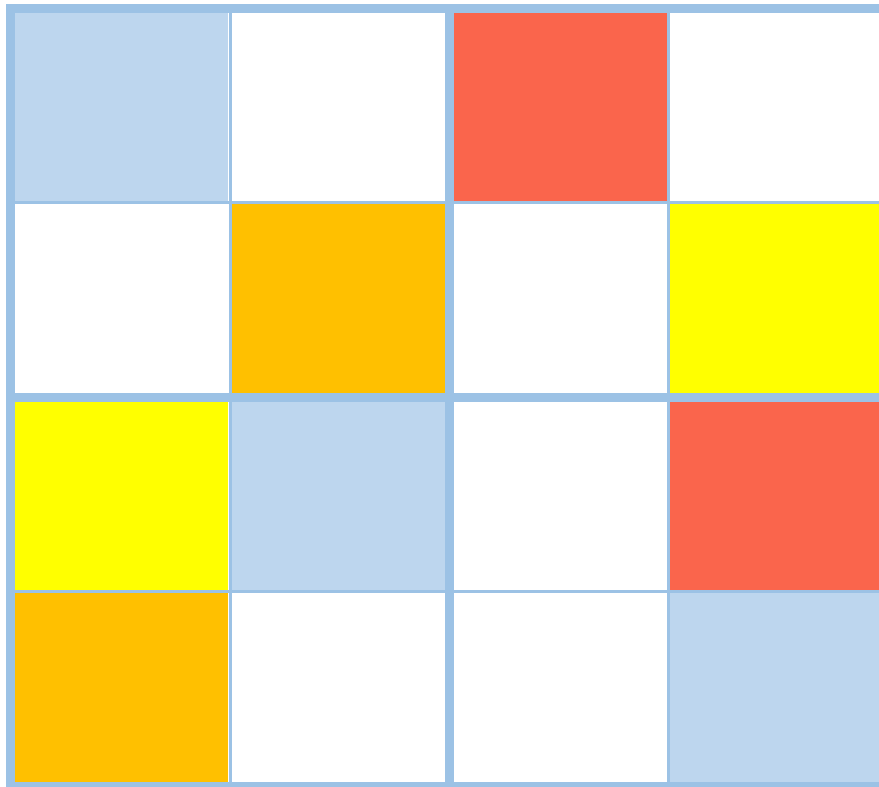

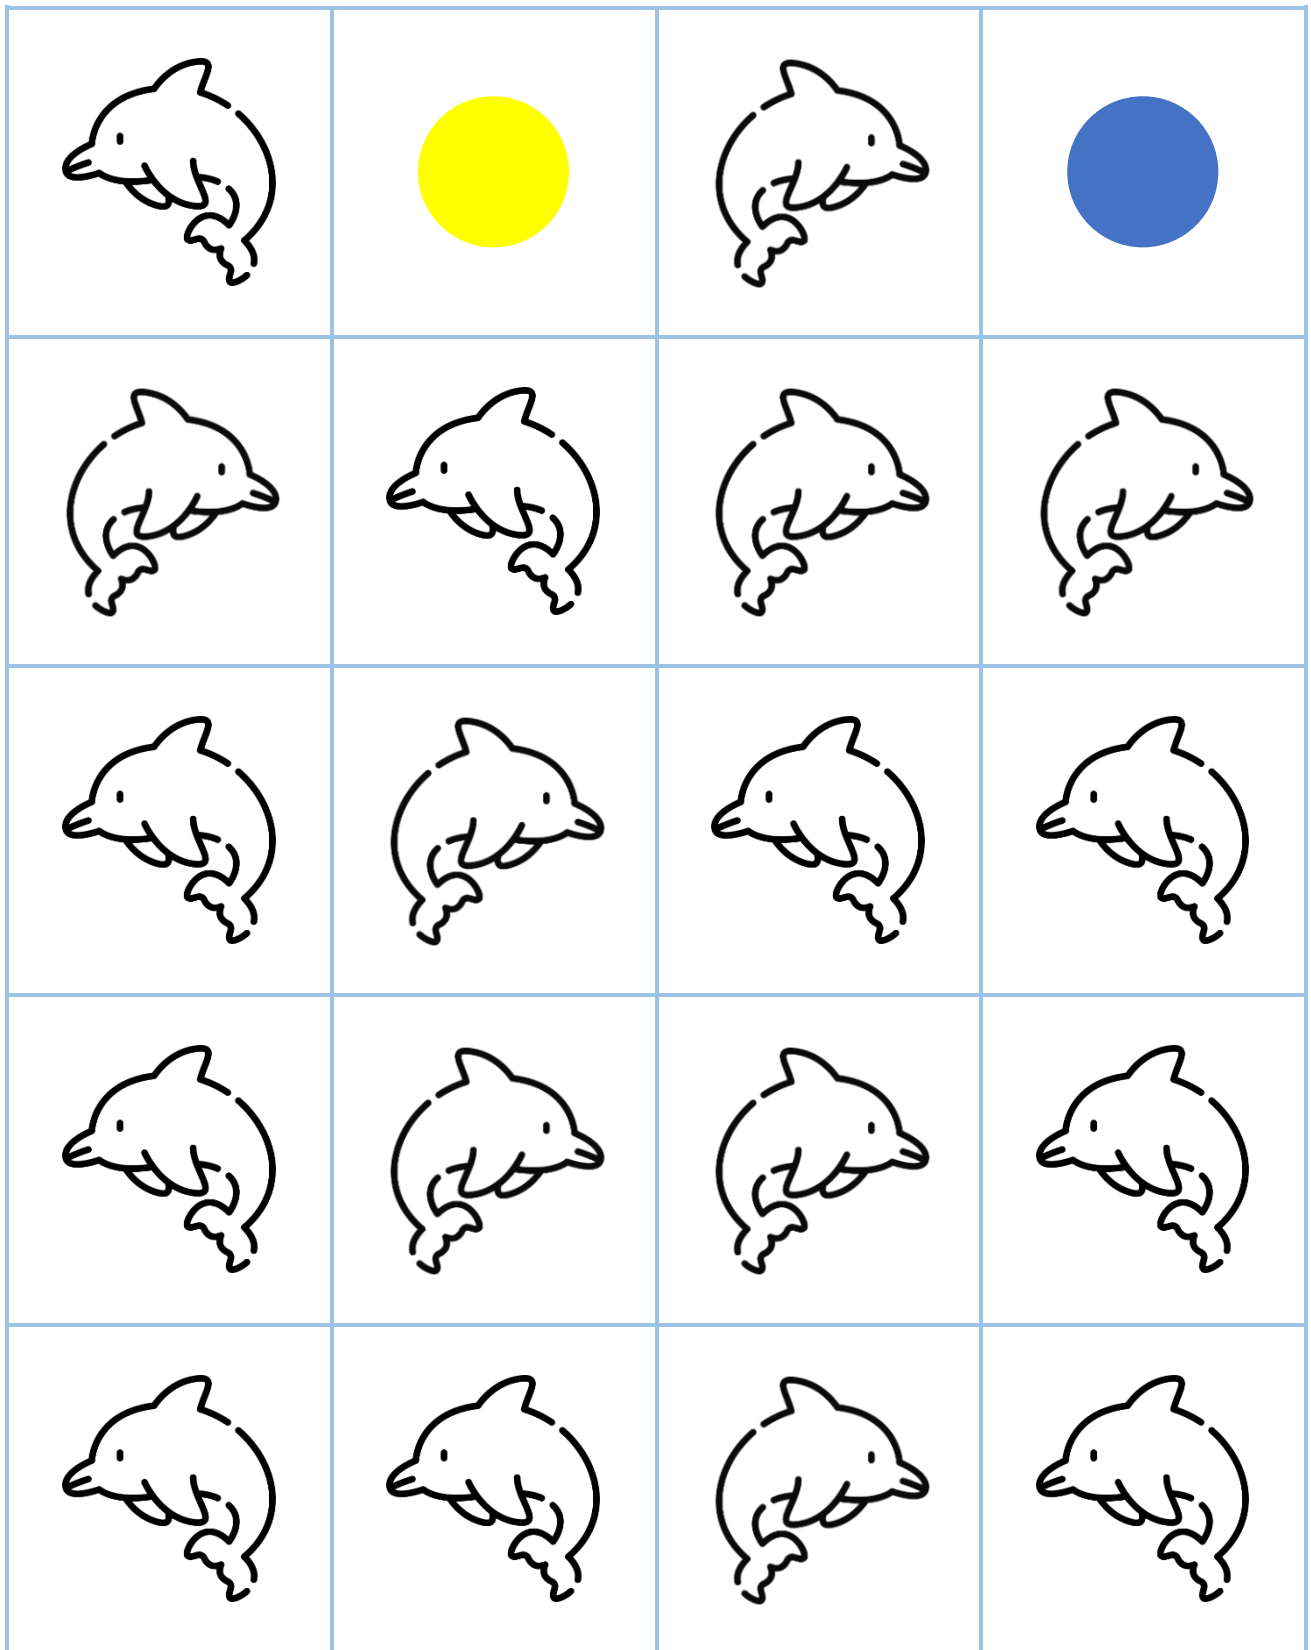

# Aparella per colors

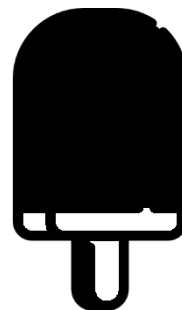

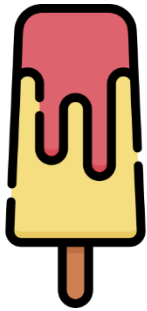

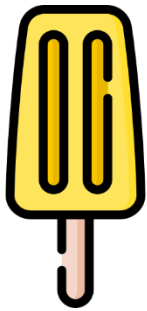

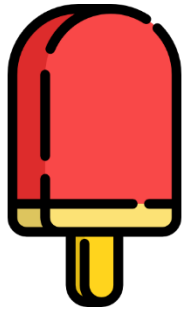

# Resol els sudokus de colors

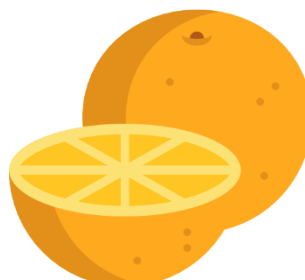

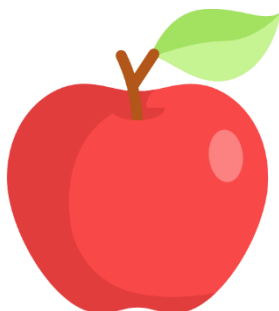

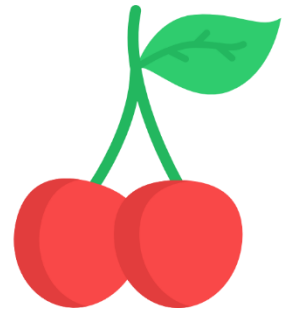

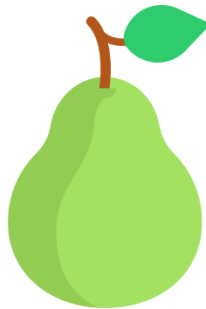

Pinta els dofins que miren a la dreta de color groc i els que miren a l'esquerra de color blau

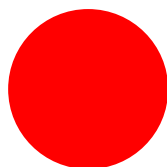

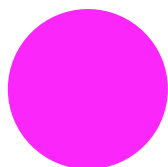

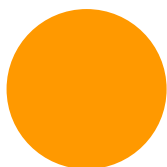

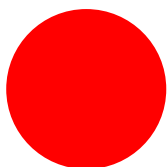

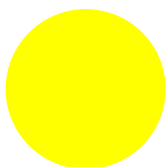

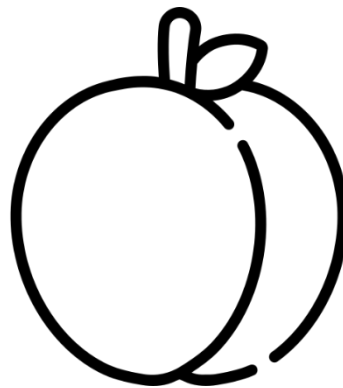

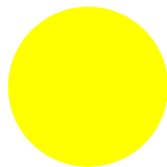

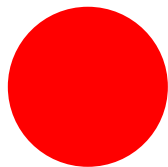

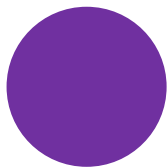

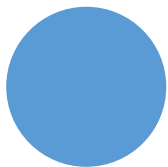

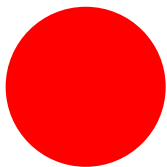

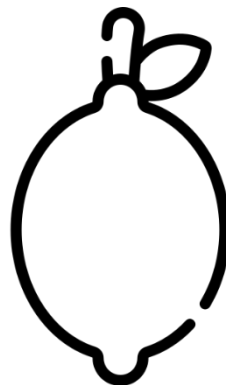

Relaciona cada gelat amb la seva silueta

Encercla de color verd les fruites i de color rosa els transports

Escull el color correcte i pinta

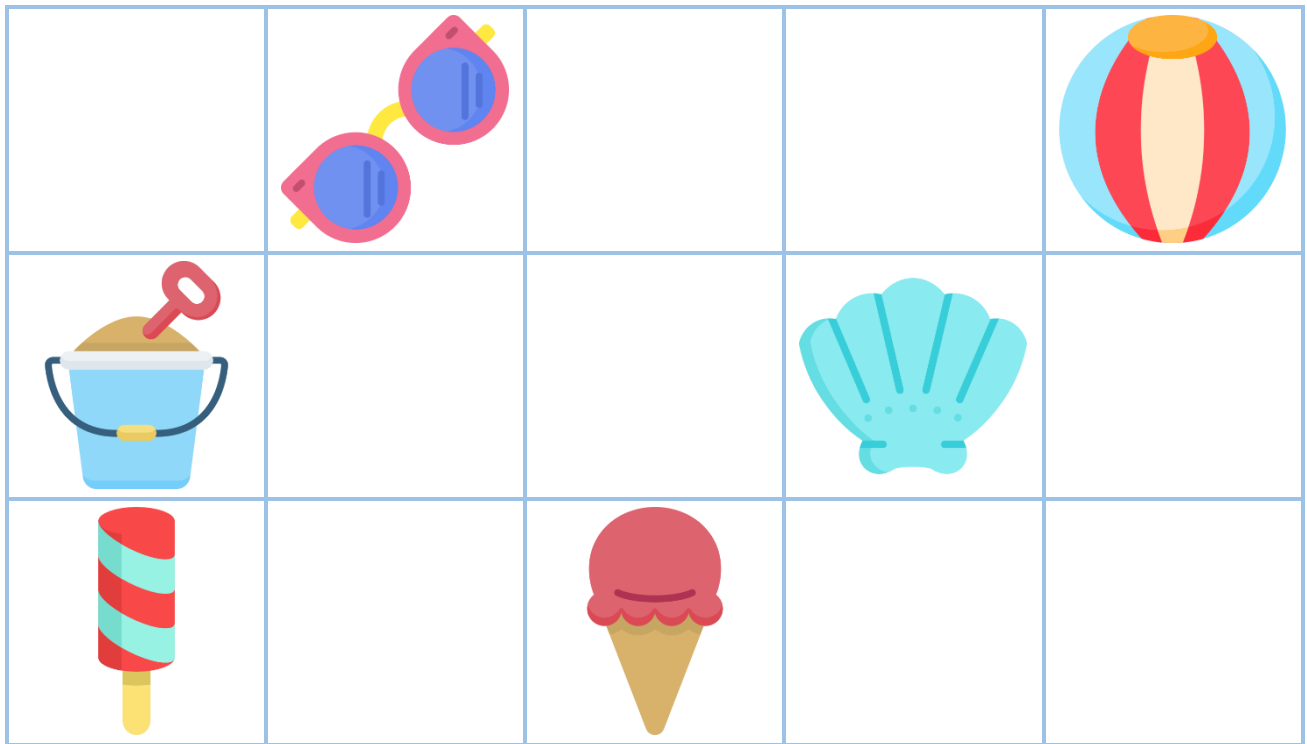

Observa

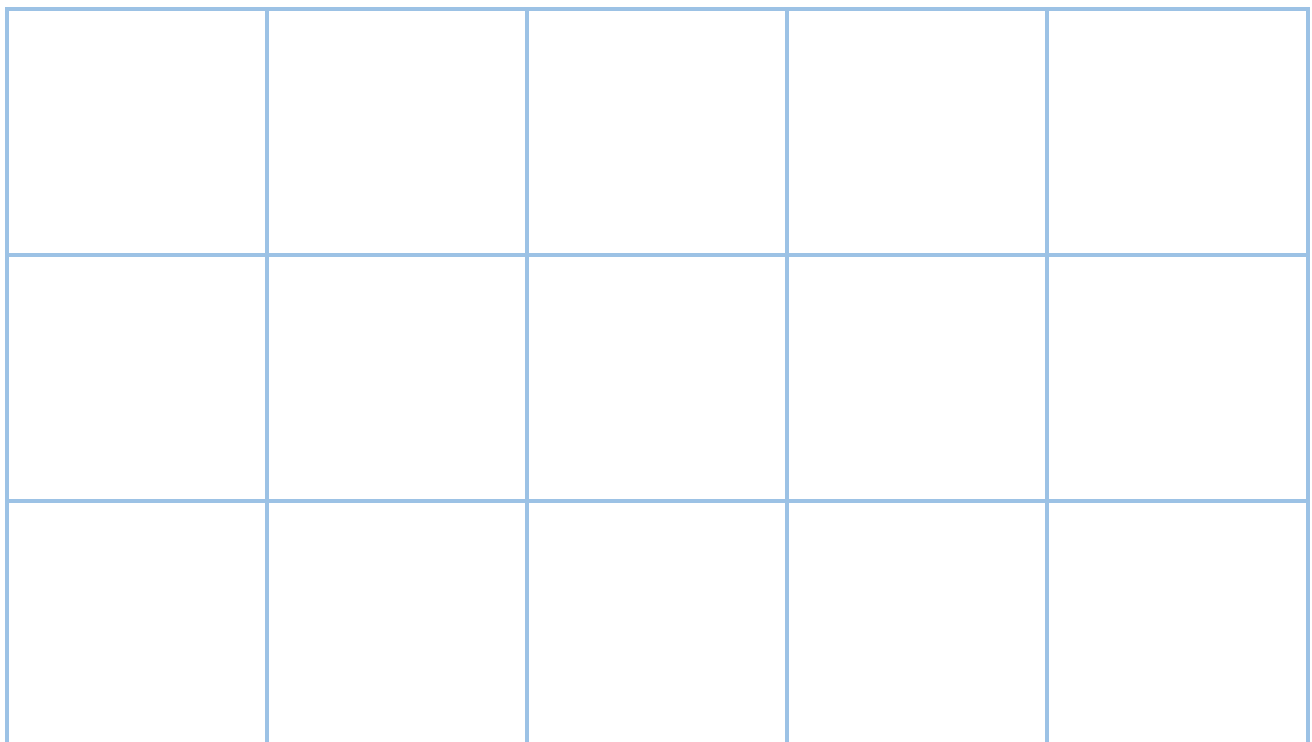

Ara encercla els elements que es repeteixen

Observa

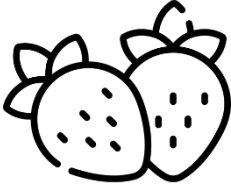

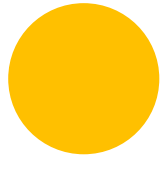

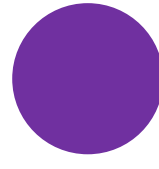

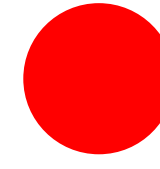

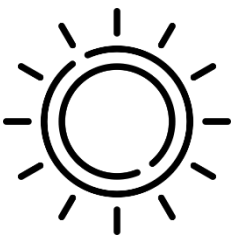

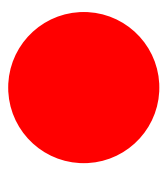

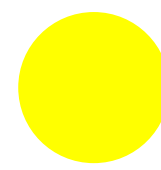

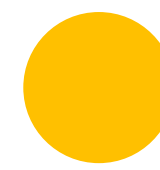

Ara copia la quadrícula

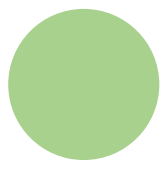

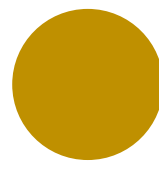

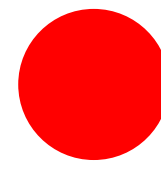

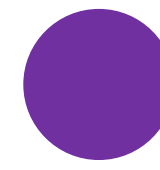

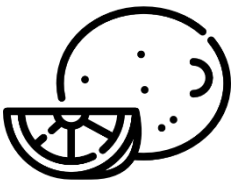

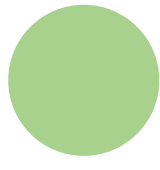

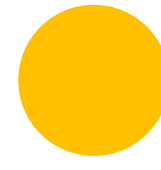

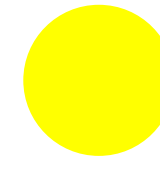

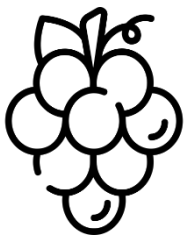

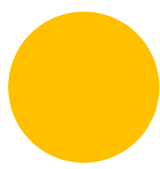

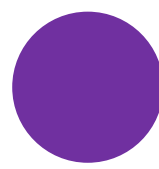

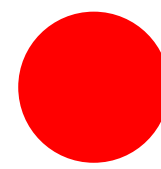

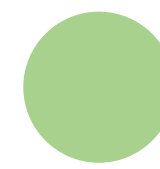

Escull el color que li correspon

				
-----------------------------------------------------------------------------------	-----------------------------------------------------------------------------------	-----------------------------------------------------------------------------------	------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------

				
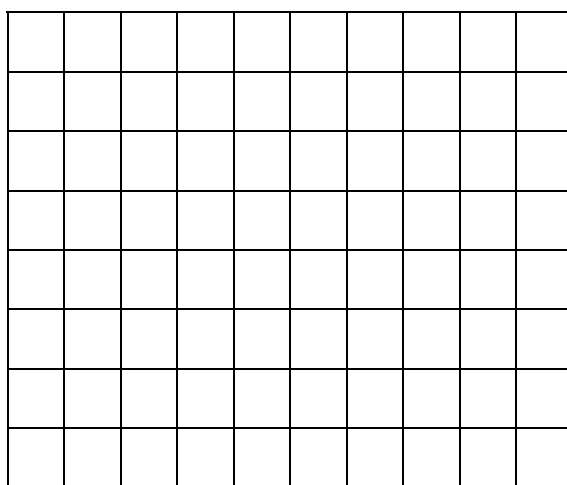

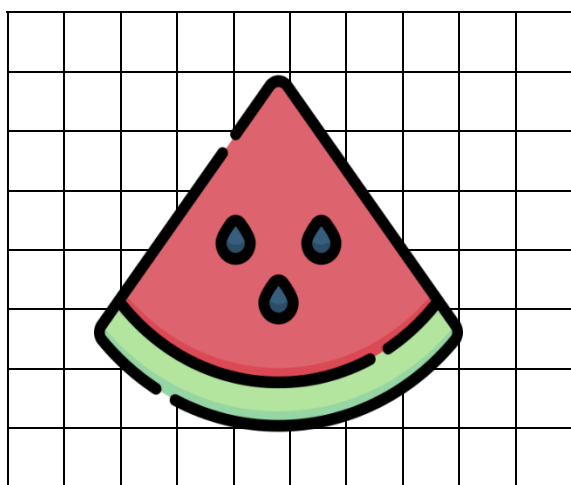

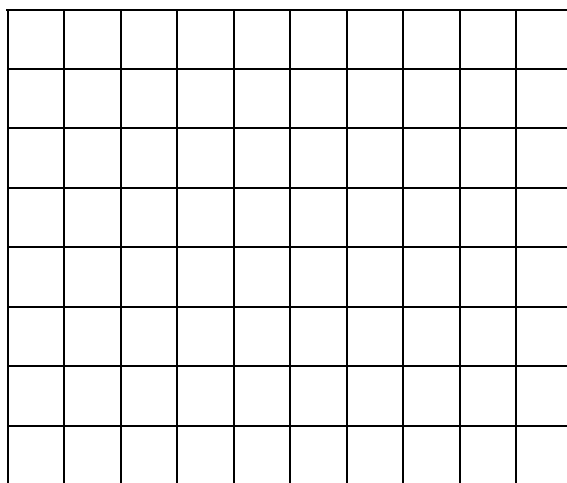

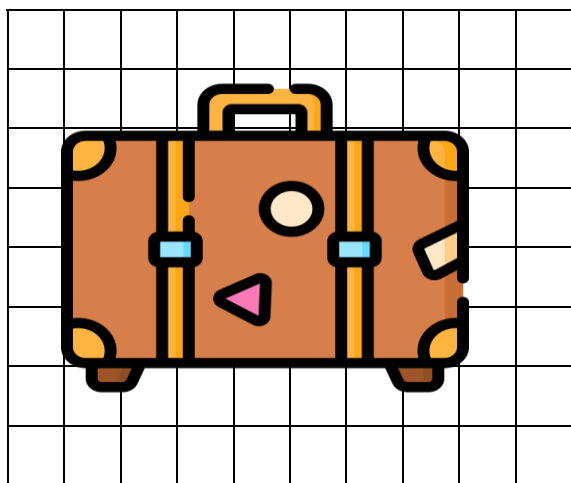

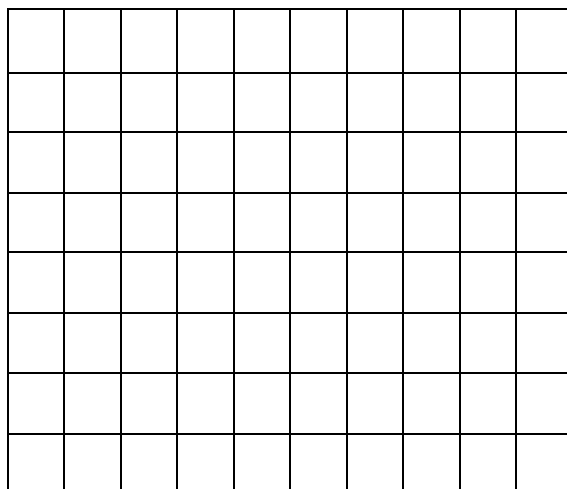

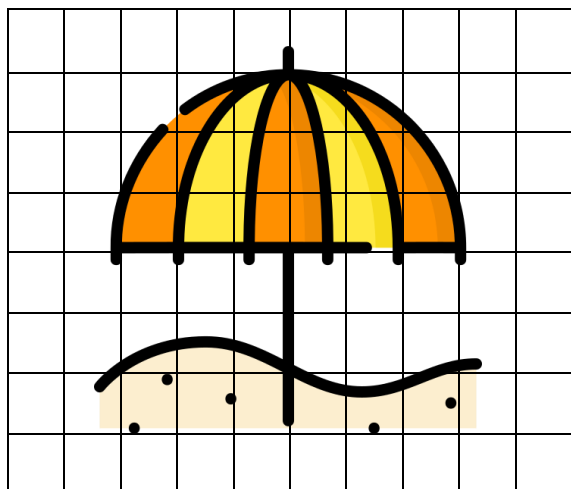

-----------------------------------------------------------------------------------	-----------------------------------------------------------------------------------	-----------------------------------------------------------------------------------	------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------

				
-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------

				
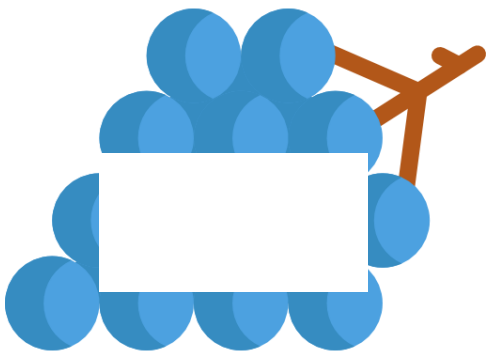

-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------

				
-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	-------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------

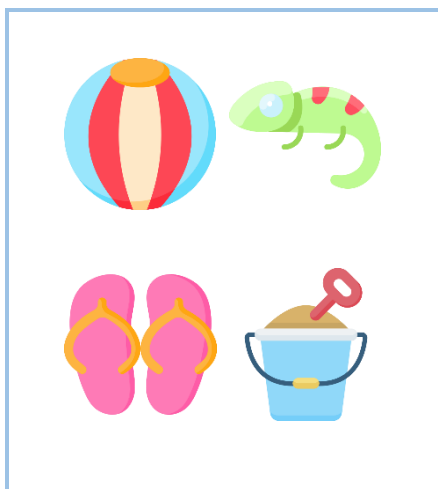

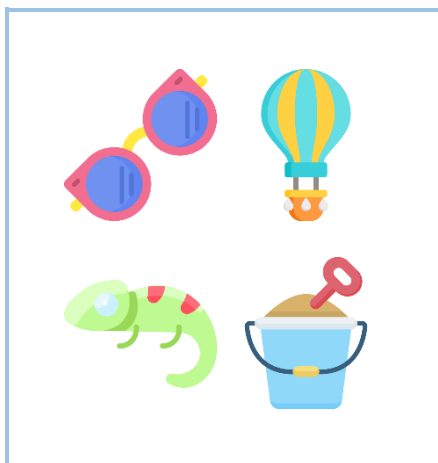

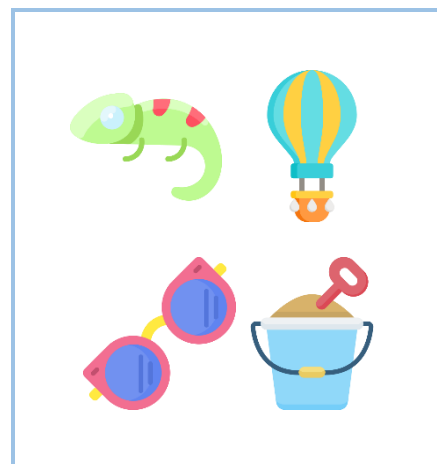

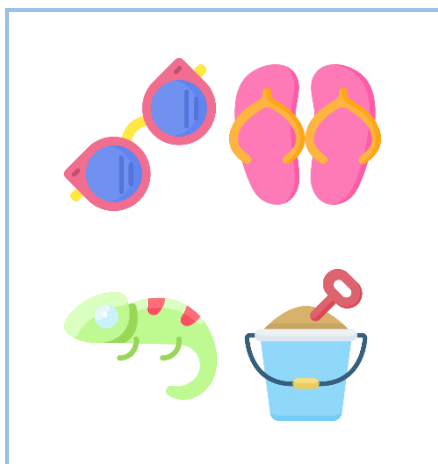

Repeteix el dibuix a la quadrícula de la dreta

Dibuixa i pinta la part que falta

Relaciona els quadres amb els mateixos dibuixos

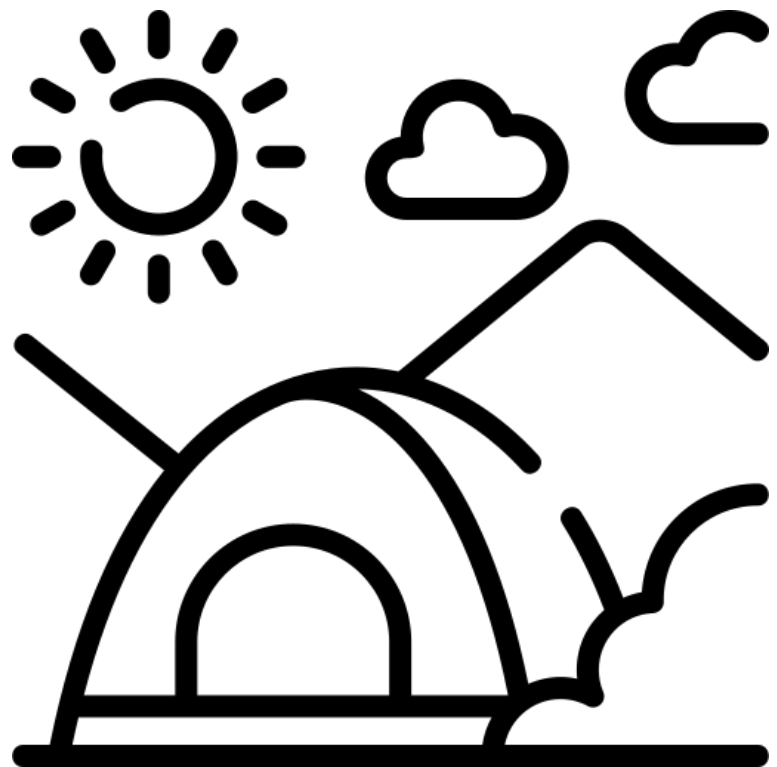

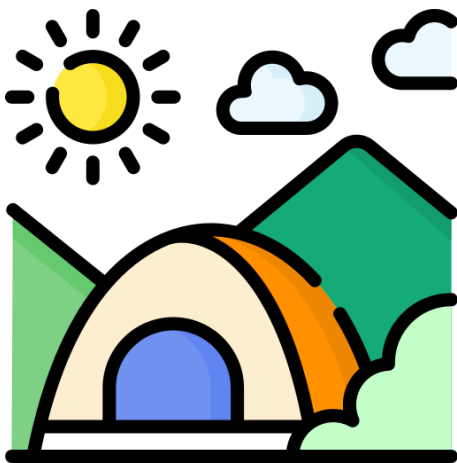

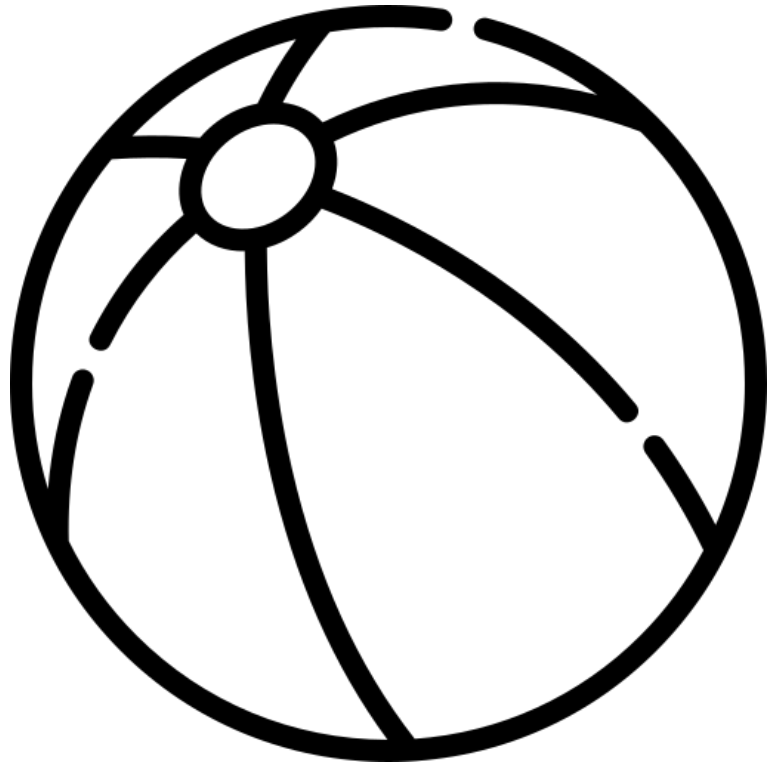

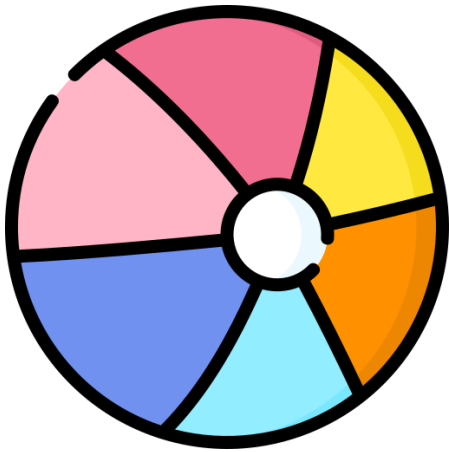

Encercla de color blau les fulles que miren cap a la dreta i de color verd les que miren cap a l'esquerra

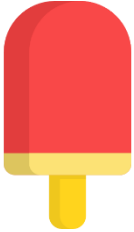

Marca els iguals al model

Pinta com el model

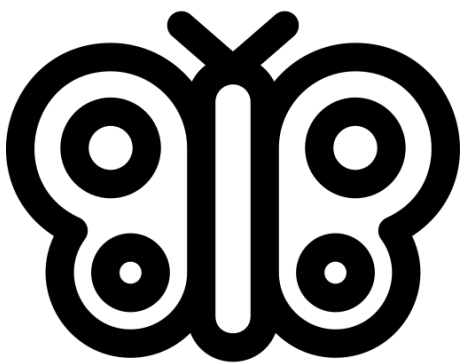

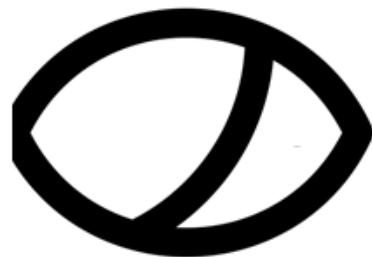

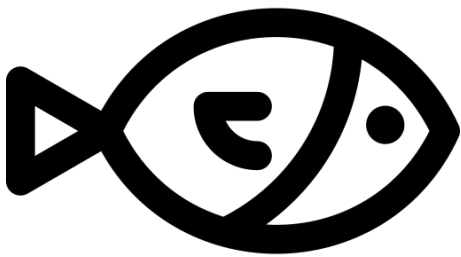

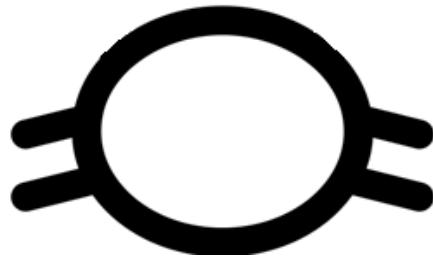

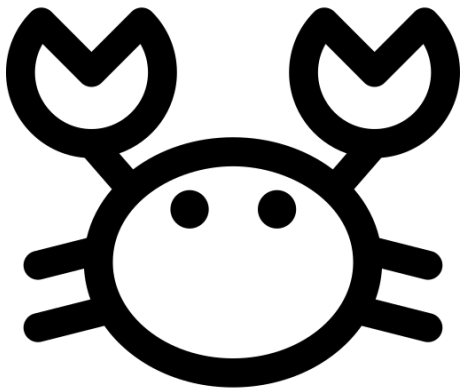

Assenyala la casella en la que els dos elements que es creuen son iguals

				
				
				
				
				

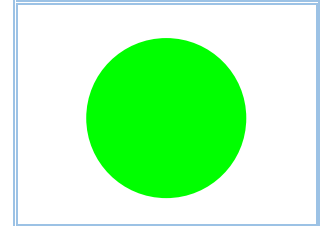

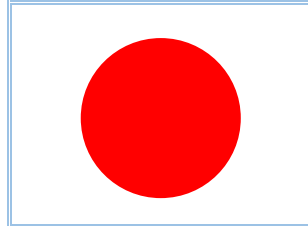

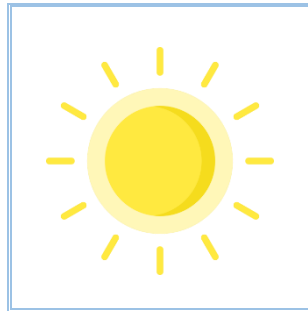

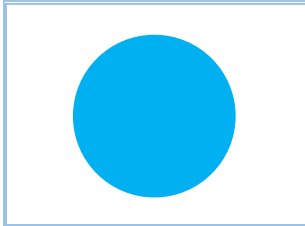

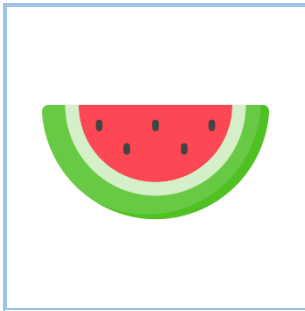

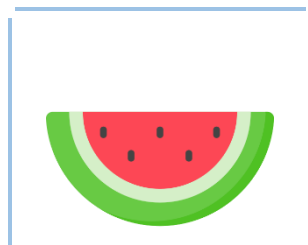

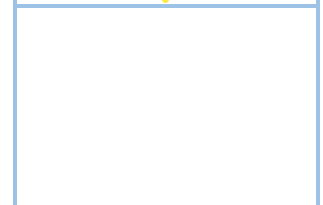

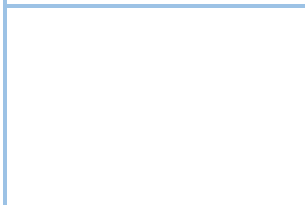

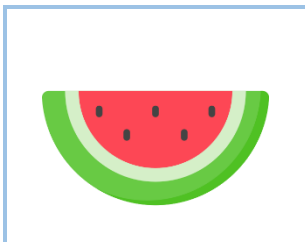

Completa seguint el model

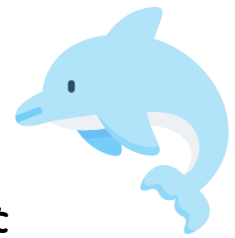

Observa

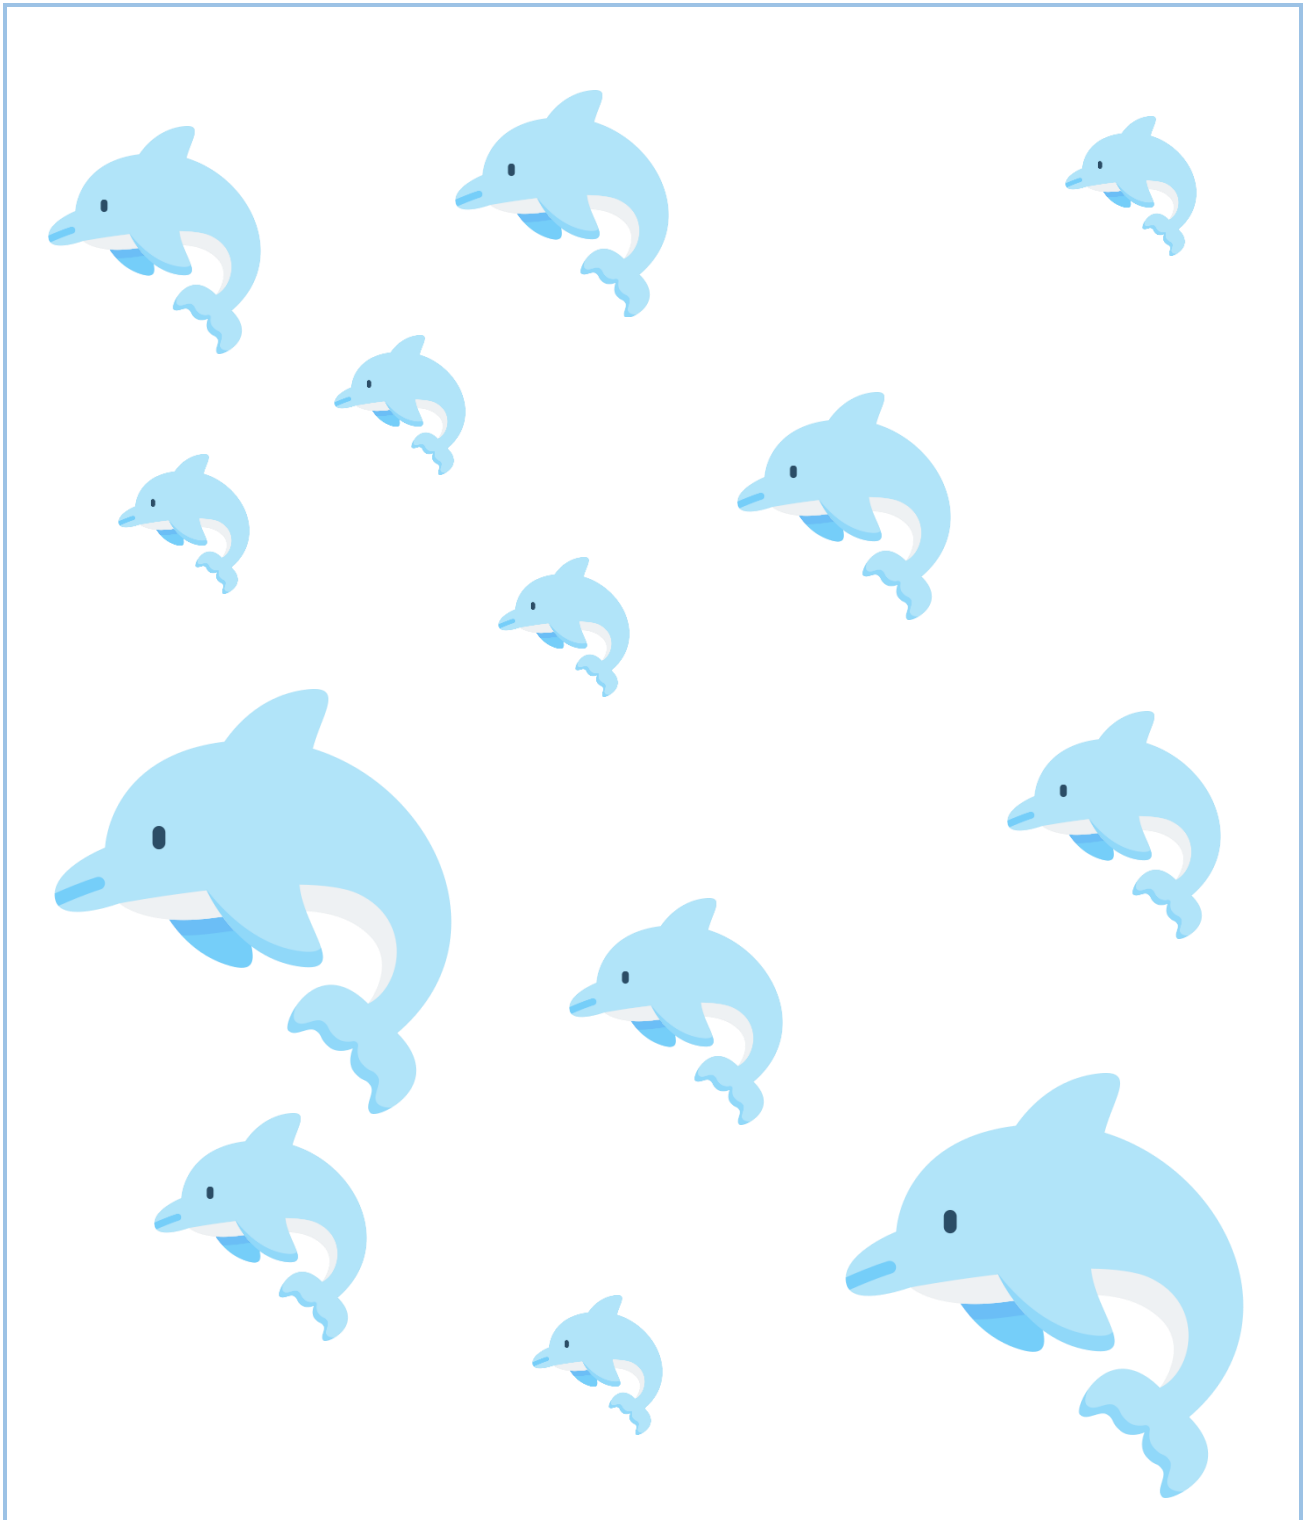

Ara pinta o enganxa el gomet

Encercla els dofins de la mateixa mida que aquest

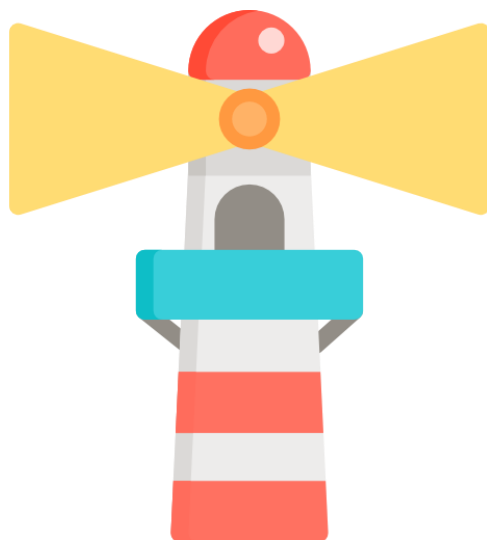

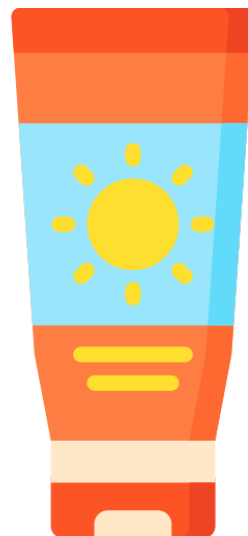

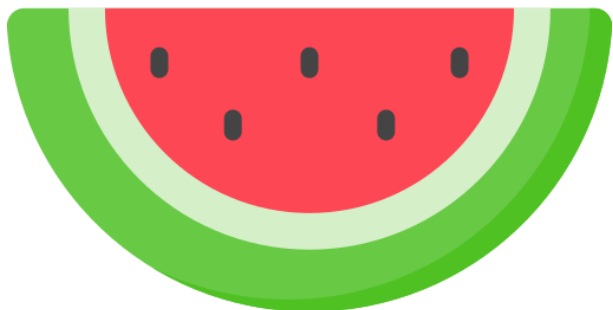

Uneix cada meitat amb la que li correspon

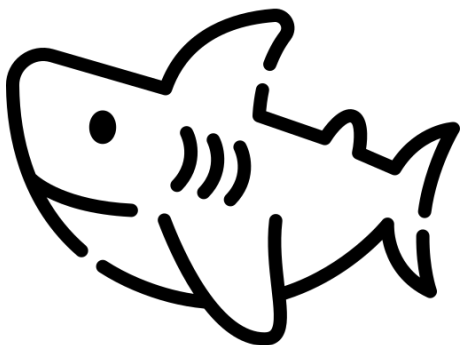

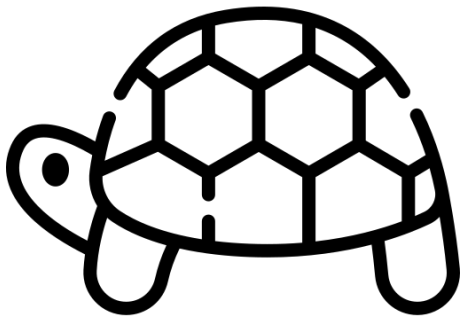

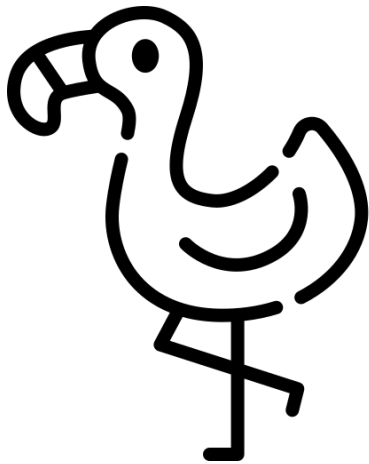

Marca els iguals al model

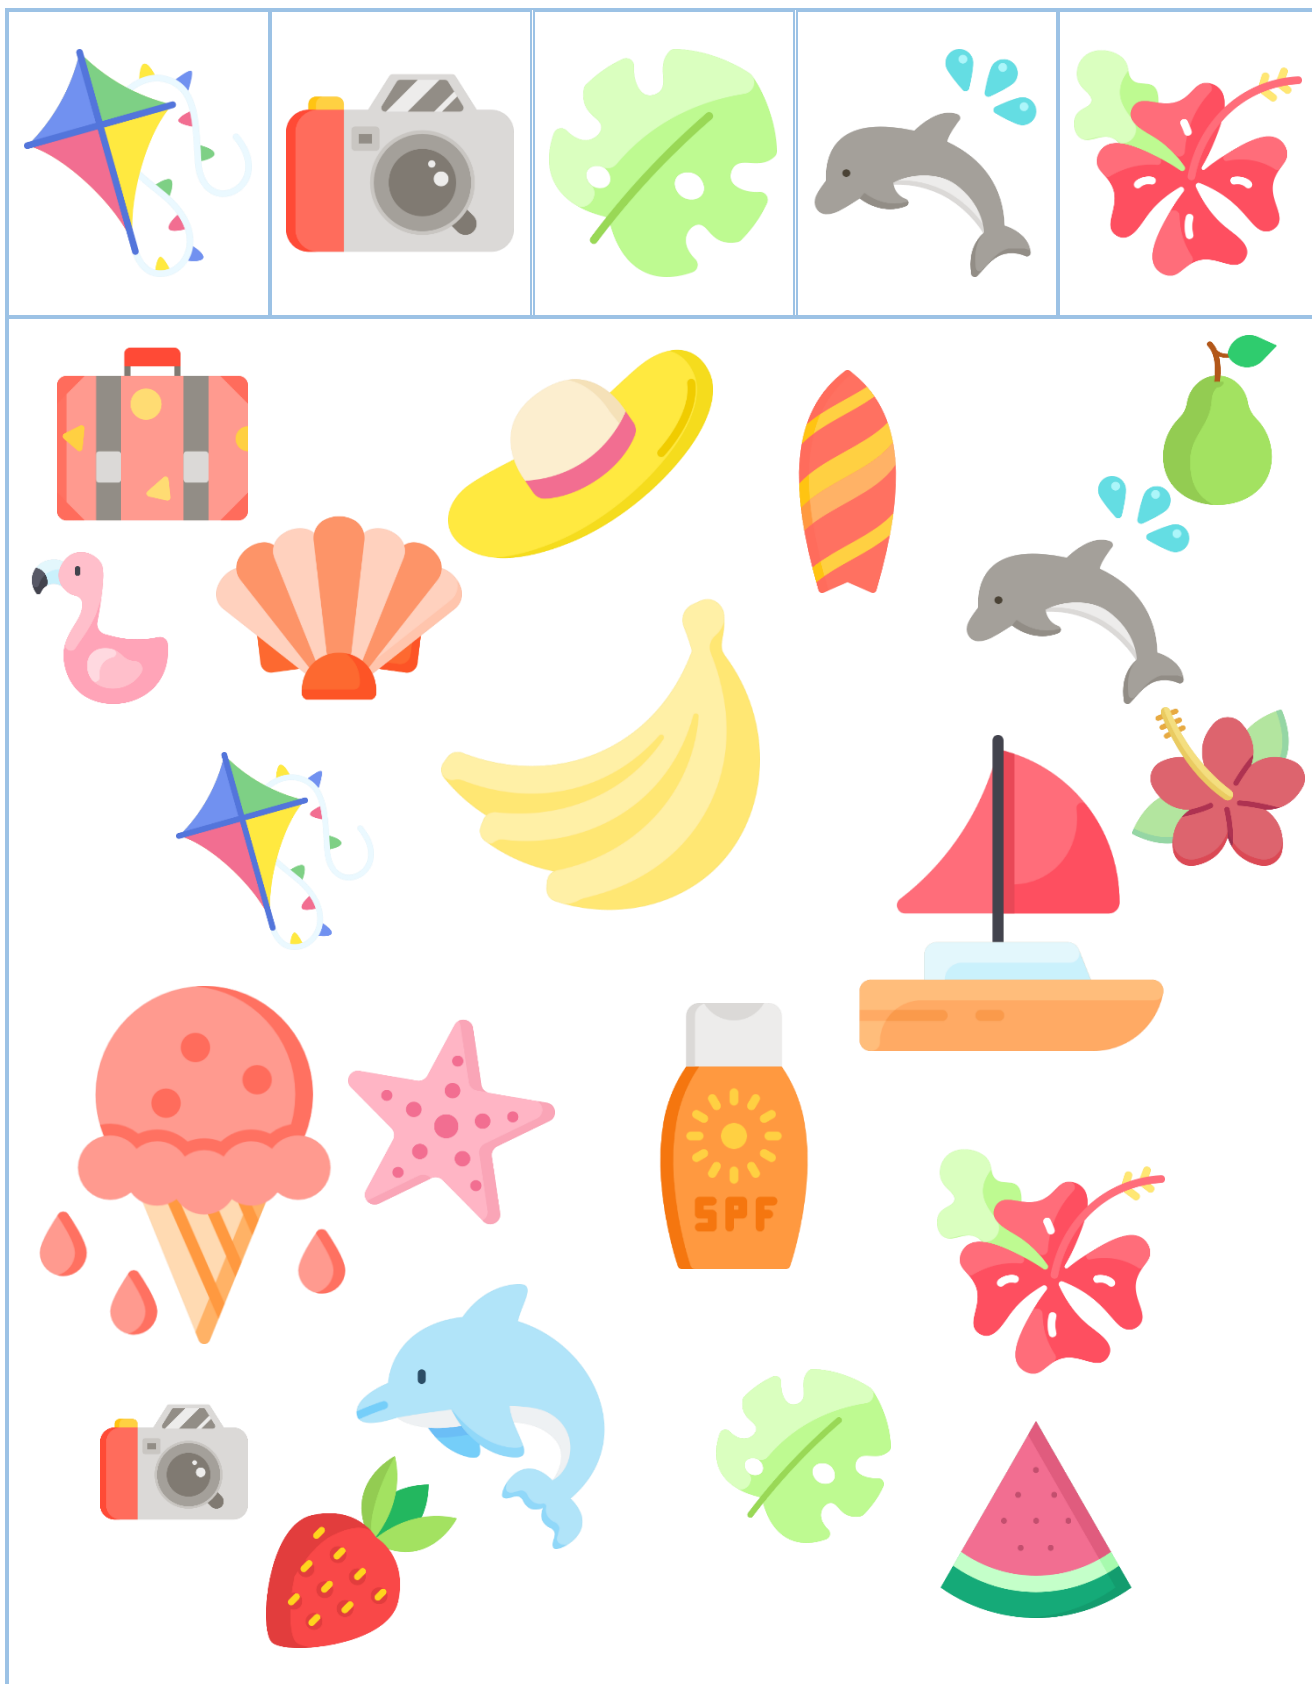

Dibuixa l'eix de simetria en cada dibuix

Completa seguint el model

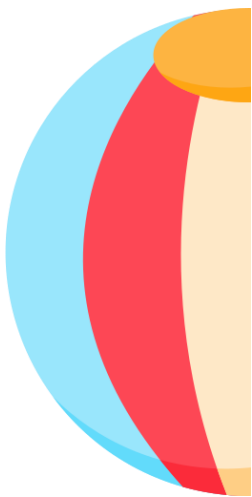

Busca i encercla

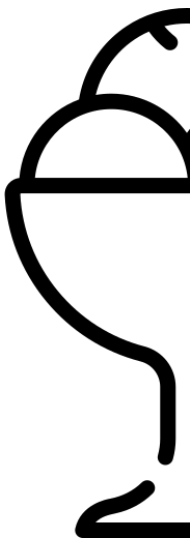

Completa la meitat del dibuix i pinta segons el model

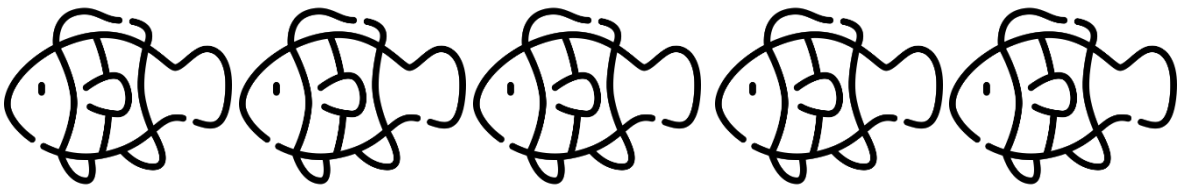

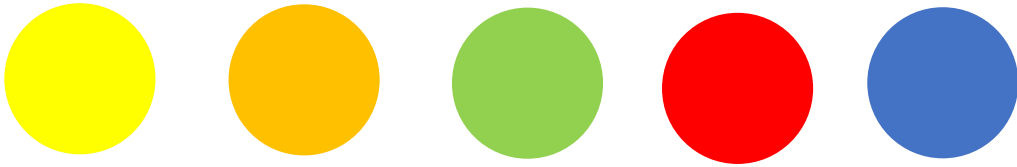

Marca els iguals al model

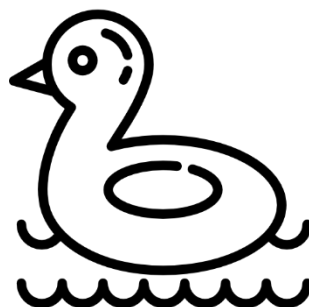

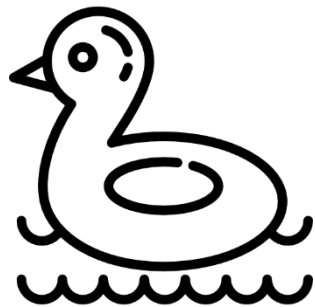

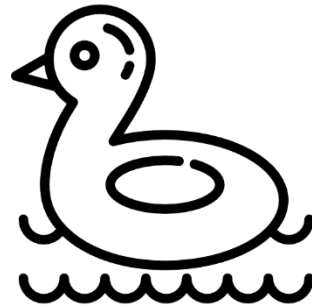

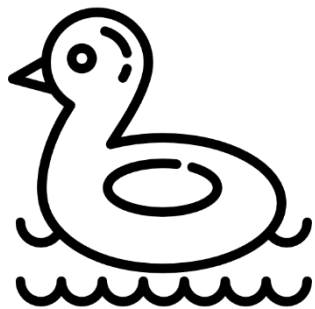

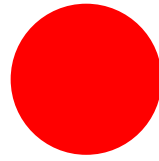

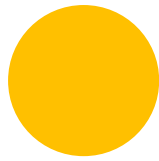

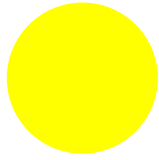

Completa la meitat del dibuix i pinta com vulguis

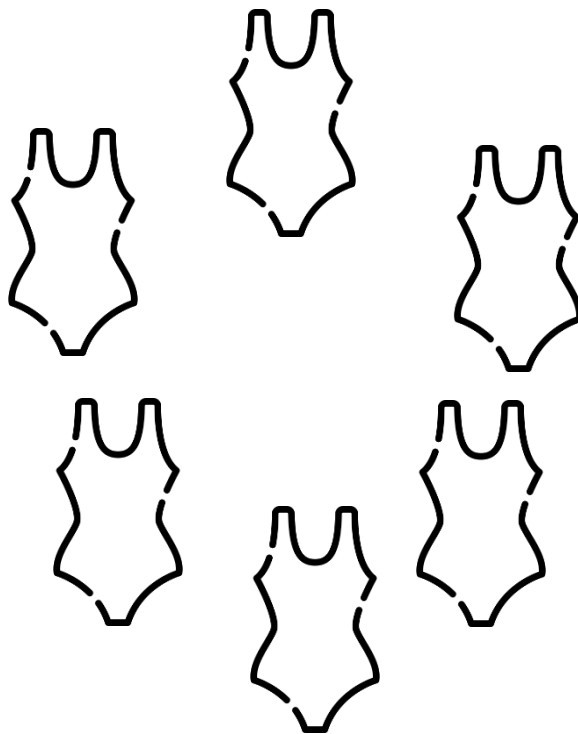

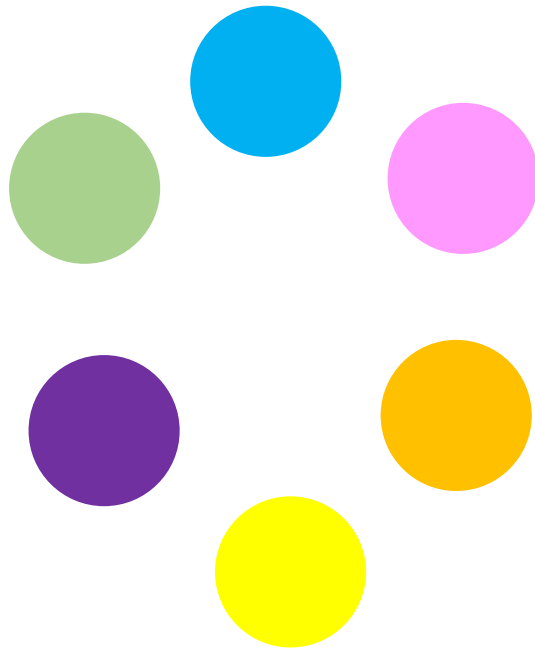

Pinta en el mateix ordre

Pinta en el mateix ordre

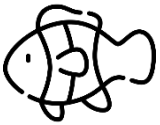

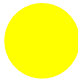

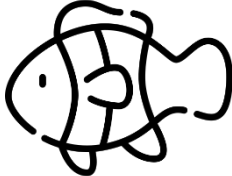

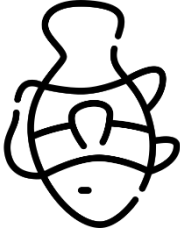

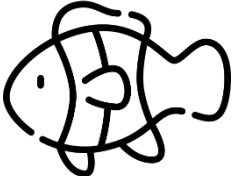

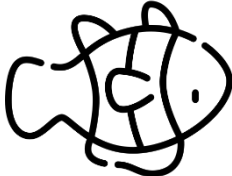

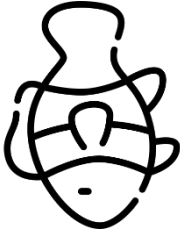

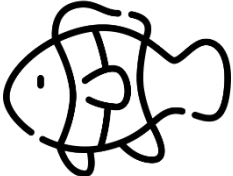

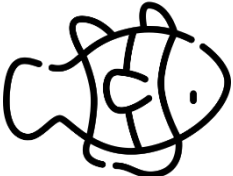

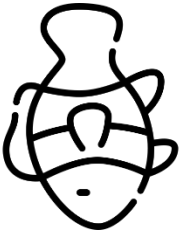

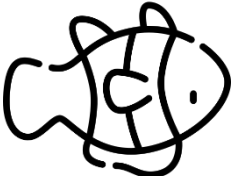

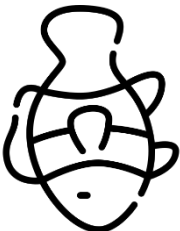

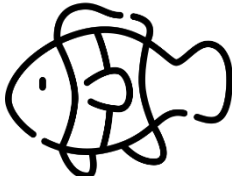

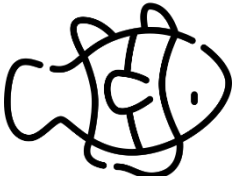

Pinta en el mateix ordre

Marca els iguals al model

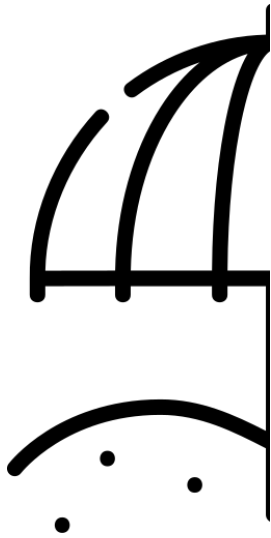

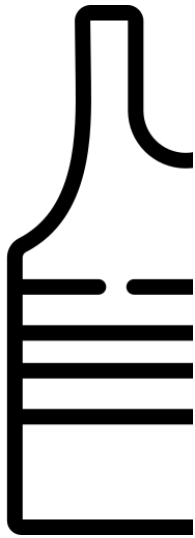

Pinta segons la llegenda

Completa la meitat del dibuix i pinta del color que vulguis

Marca els iguals al model

Laberint numèric, segueix els nombres de l'1 al 16

		9	11	5	9	0
		→	1	2	3	4
3	2	4	8	3	6	5
8	9	11	6	5	7	8
5	7	0	10	9	8	5
6	9	9	11	14	15	0
3	7	10	12	13	11	12
7	3	16	15	14		
14	13	11	16	→
