How many?

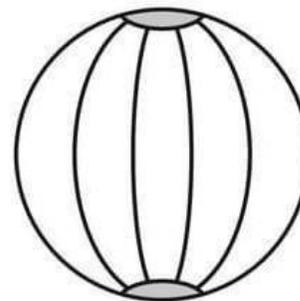

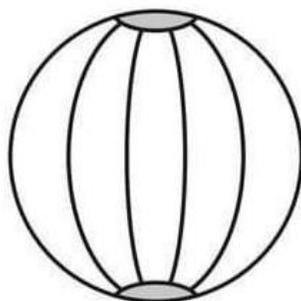

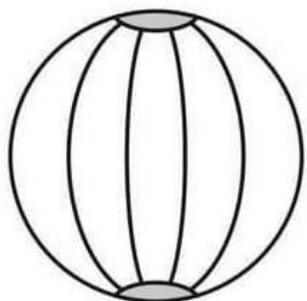

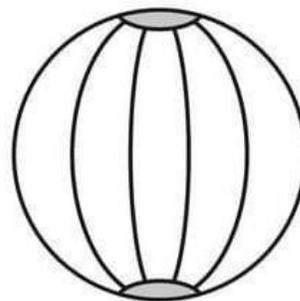

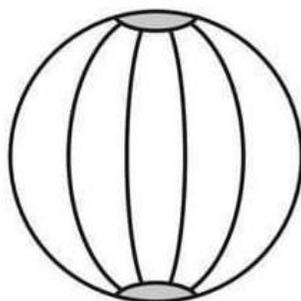

VAMOS A CONTAR

This activity page is designed for counting. On the left, a blue vertical bar contains five white square checkboxes, each aligned with a different cat face: a grey tabby, an orange cat with a red bow, a grey tabby, an orange cat, and a black cat. The main area of the page is a light yellow background filled with a variety of cute cat faces in different colors and patterns (grey, orange, black, tabby). Interspersed among the cats are small red hearts and blue paw prints. The entire page is framed by a decorative border of colorful circles.
