REFUERZOS POSITIVOS

@rouspt8

REFUERZO INMEDIATO

Consiste en dar una recompensa justo en el momento en que el niño realiza la conducta deseada. Al recibir el refuerzo de inmediato, el niño asocia su acción con algo positivo y tiene más probabilidades de repetirla.

ECONOMÍA DE FICHAS

Es un sistema en el que el niño va ganando fichas, estrellas o puntos cada vez que realiza una conducta positiva. Estas fichas no son un premio en sí mismas, sino que se acumulan y luego pueden intercambiarse por una recompensa mayor, como elegir un juego o tener un tiempo especial. Este método ayuda a mantener la motivación a largo plazo y a desarrollar la paciencia.
