SUMMER HOLIDAYS

TRANSCRIPCIÓN LABIAL:

PART 1

My name is Sara. I am nine years old and I am from Madrid.
It's summer and I am on holidays in Brighton, a coastal city in England.
Today I am at the beach with my brother, Tom, and my parents because the weather is sunny and hot.
My brother and I are building sandcastles with stones and shells. My father is surfing and my mother is sunbathing. She uses sun cream and a very big hat.
I'm wearing a yellow swimsuit and my brother is wearing a red T-shirt and blue shorts.

PART 2

In the evenings we usually have a picnic in a park near our hotel. We bring a picnic tablecloth and a basket with ham and cheese sandwiches, snacks, drinks and four pieces of treacle tart that is Harry Potter's favourite dessert. It's really delicious!
Tomorrow we will visit an aquarium in the city because I want to take pictures of marine animals: sharks, dolphins, octopus...
I love summer holidays in Brighton! I have a great time with my family! (Sarah dice estas dos últimas frases muy contenta).
