Título	The Amazing Olympic Games
<p>TRANSCRIPTION</p> <p>The Olympic Games happen every 4 years. The last Olympic Games took place in Paris, and they were one of the biggest events last summer. Many sports, like soccer, swimming, and running, were part of the Olympics, with thousands of athletes from all over the world. To watch these sports live, people needed to buy tickets in advance.</p> <p>Buying tickets was easy. People went to the Paris 2024 website browse and pick their favourite sports and events. Some tickets started at €24, making it affordable for many families. Once you bought a ticket, you could show it on your phone or print it out to enter the stadium.</p> <p>There were security checks before going inside to keep everyone safe. For some events, like the marathon, you didn't need a ticket at all! You could watch the race for free along the streets of Paris. This made the games open to even more people.</p> <p>Ticket sales happened in phases. First people had to check the website often to get tickets for the events they wanted to see. This way, everyone had a chance to enjoy the games and support their favourite athletes. Even if you missed the first phase, there were still other opportunities to get tickets later.</p> <p>The atmosphere around the Olympic Games made it an exciting and fun experience for people. People could watch the events live in stadiums or on the streets. The games brought happiness and excitement to everyone in Paris, no matter their age. Fans from different countries were together to celebrate the athletes and share the excitement. The Olympic Games in Paris were not only a show of great sports but also a time for people from all over the world to enjoy and connect!</p>
