## The CARNIVAL Parade is in my city!

Hi everyone! My name is Alex and I live in an Andalusian city, Cádiz. Every year, we celebrate Carnival with a big parade and I love watching it. People dress in colourful costumes and the buildings are decorated.

**1** The parade starts right in front of my school.

Then, we cross the street and enter the shopping mall. It's amazing to see all the stores decorated with balloons and paper chains! We leave the shopping mall and turn left.

**2** From there, we turn right and go straight about 200 meters until we reach the hospital. It's a big, white building, easy to recognize. The doctors and nurses dress up too and wave to us from the windows.

**3** We pass the recycling point with different coloured containers, where I always leave my plastic bottles. It's important to take care of our planet!

**4** We continue straight until we reach the theatre. Sometimes, the theatre actors participate in the parade with very original costumes!

**5** After the theatre, we turn right and arrive at the cinema. I love watching movies!

**6** Finally, from the cinema, we go straight until we reach the park where everyone dances and enjoys the music. The parade ends there, with a big party. We can play, eat cotton candy, and watch the clowns. It's an unforgettable experience!
