

CUADERNO DE TRABADAS

¿Cómo se escribe?

PR PL BR CR FL
CL BL FR DR

ANTES DE COMENZAR:

Con este material trabajaremos las dificultades lectoescritoras, en este caso con las palabras que contienen sílabas trabadas. Este cuaderno se trabaja en diferentes fases ascendentes de dificultad.

FASE 1. Primero encontraréis un repaso de todas las sílabas trabadas (PRA, BLE, CRO, BRA PLE..). Con esas fichas se pueden hacer diferentes actividades y juegos para practicar y repasar, como por ejemplo señalar la sílaba trabada que oyen, inventar palabras que contengan esas sílabas trabadas, etc.

FASE 2. Segundo, encontraréis un ejercicio en el que los alumnos deben adivinar qué sílaba trabada falta para completar la palabra de la imagen.

FASE 3. Después, realizaremos el mismo ejercicio pero añadiendo un sola letra al principio. El alumno deberá rellenar los huecos para formar la palabra.

FASE 4. Por último, el nivel más complicado, encontraréis esas mismas palabras trabajadas en las actividades anteriores pero solo en imágenes, sin ayuda. Los alumnos deben realizar autodictados con esas imágenes y adivinar cómo se escriben.

Al final de este cuaderno habrán trabajado la lectura y escritura de 54 palabras con sílabas trabadas.

Espero que os sirva de gran ayuda.
