FORMA Y COLOR

Reparte los tableros y las tarjetas para que el alumnado asocie cada tarjeta con su modelo, atendiendo a la forma, el color y la posición.

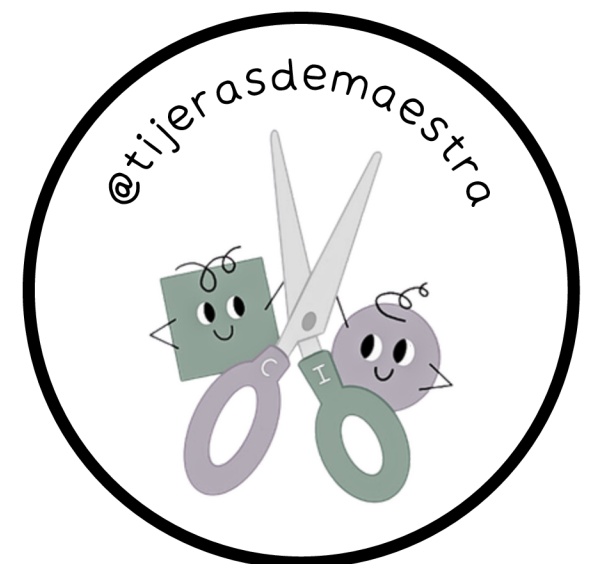

Para aumentar la dificultad, mezcla todas las tarjetas; para facilitar el reto, entrega a cada alumno únicamente las correspondientes a su tablero.

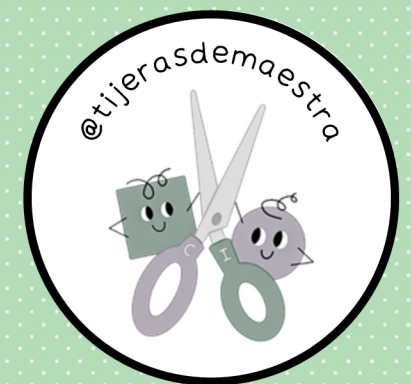

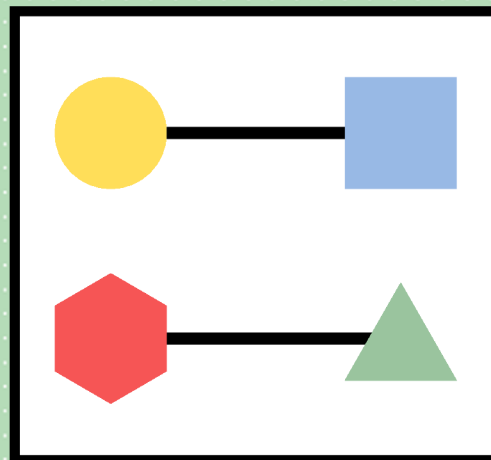

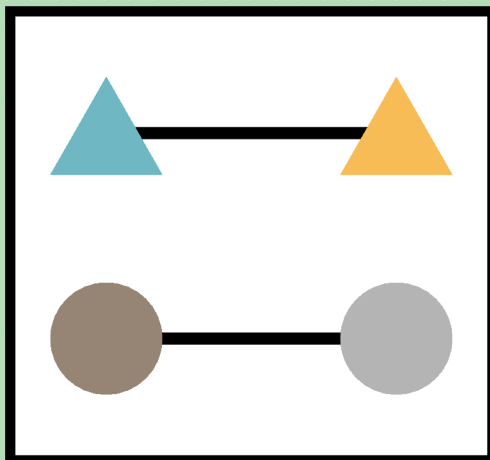

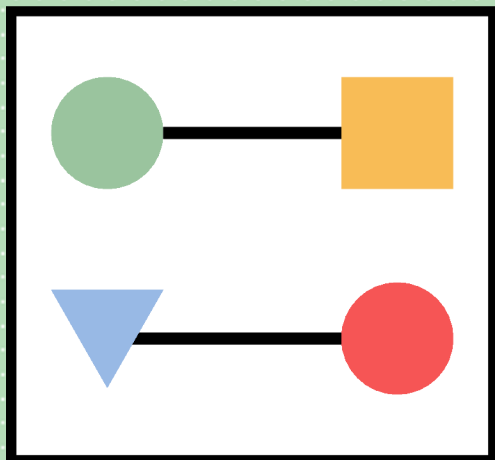

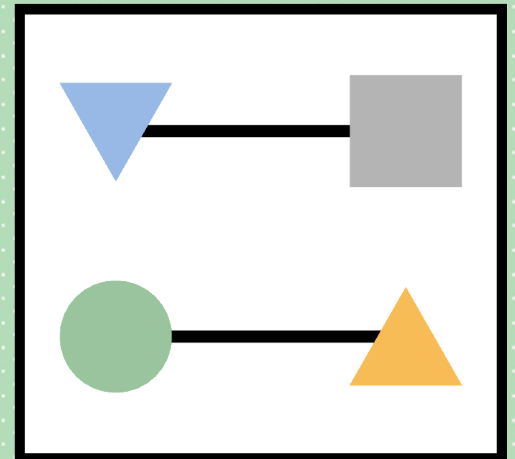

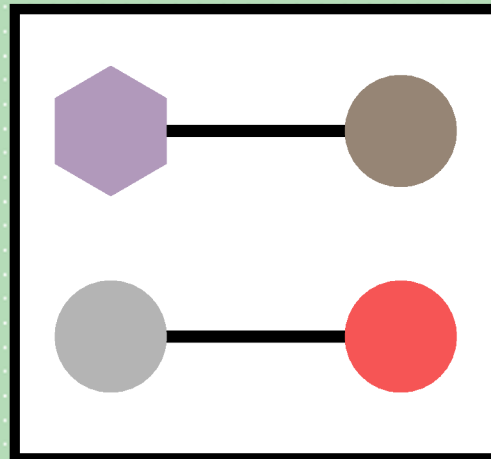

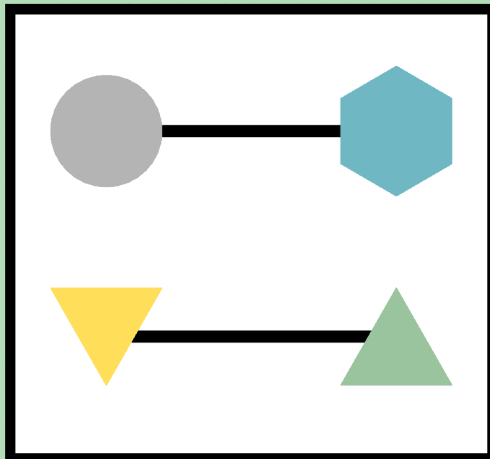

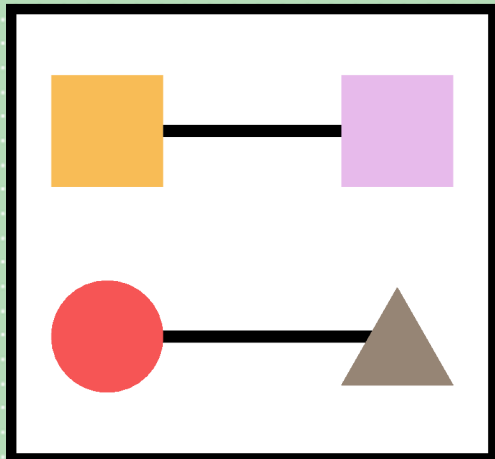

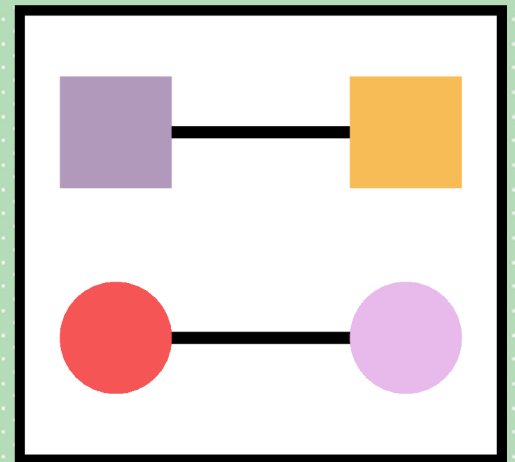

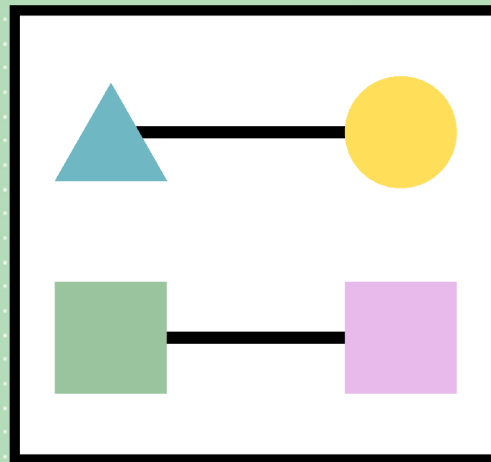

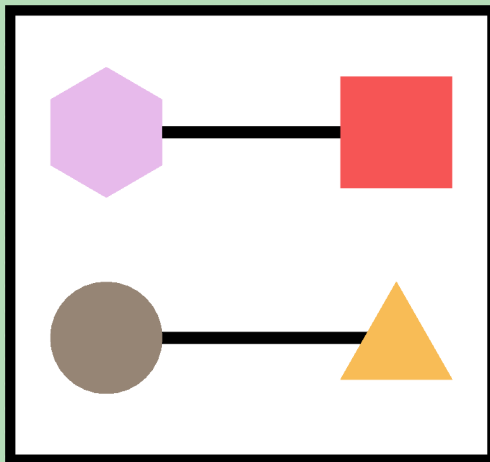

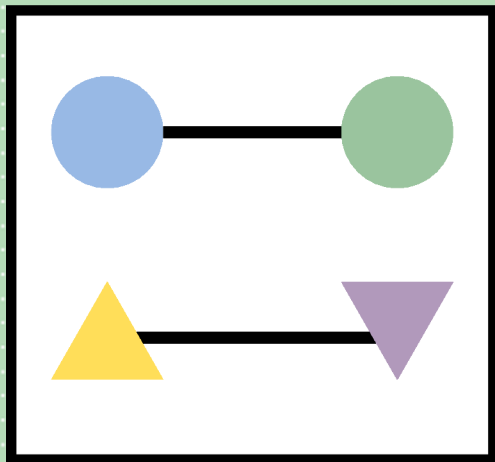

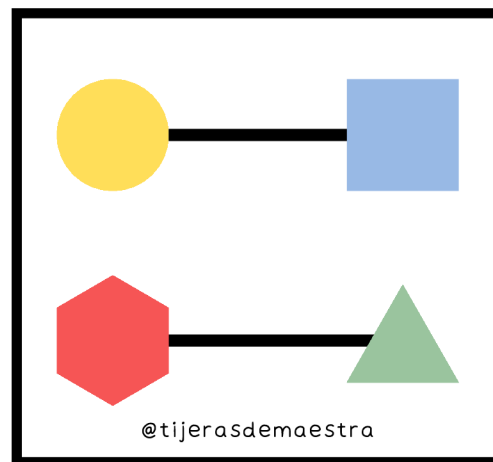

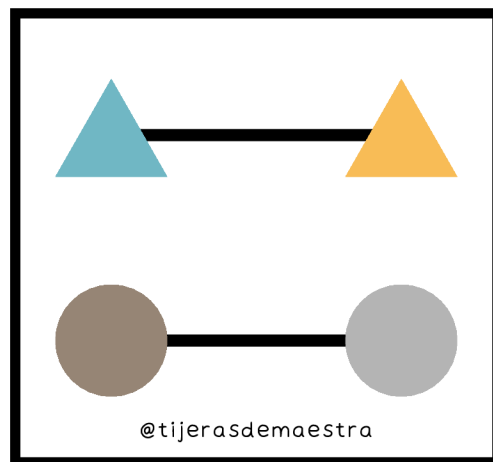

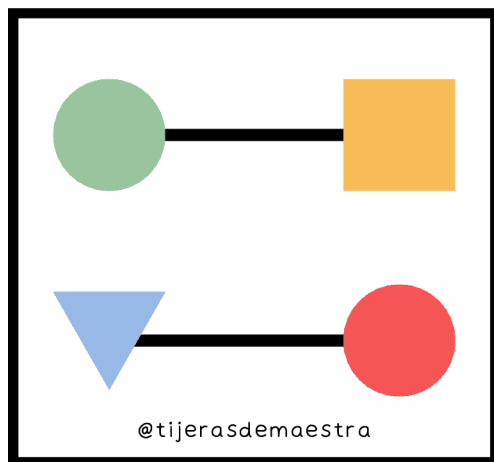

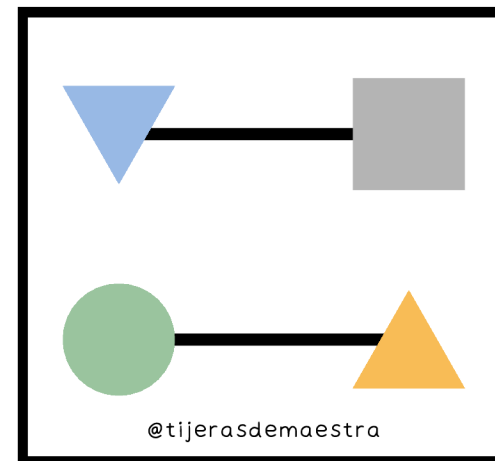

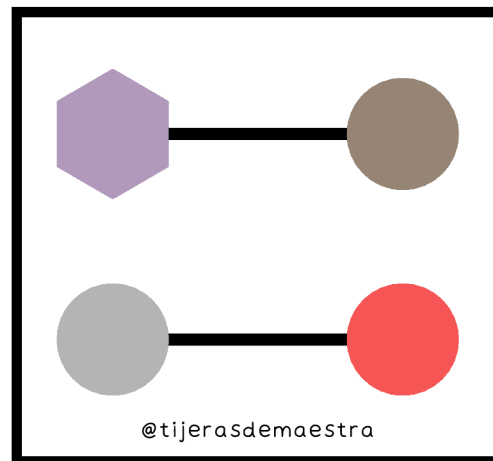

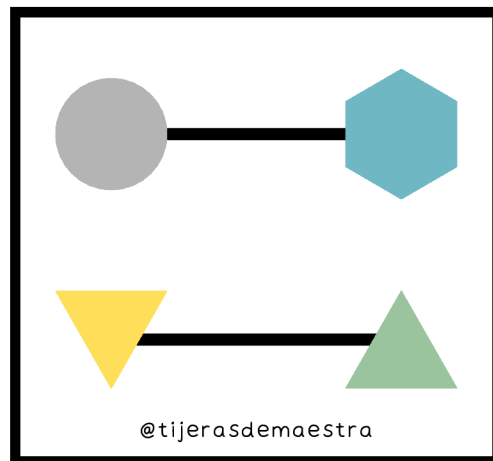

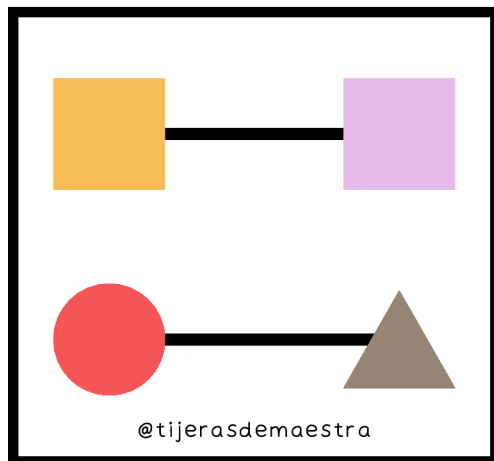

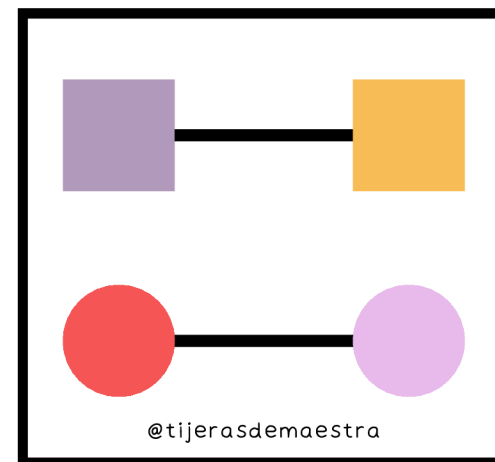

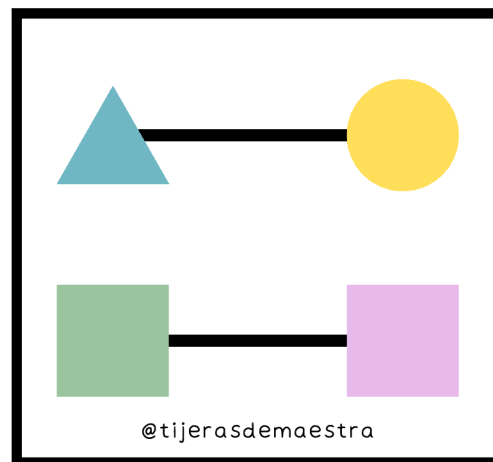

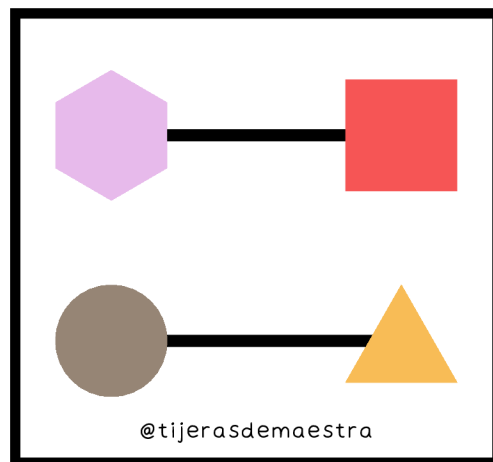

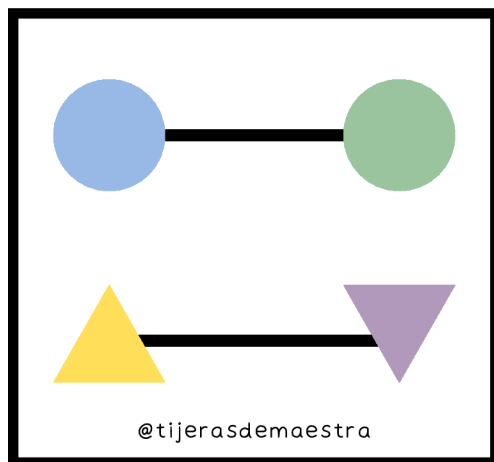

ATENCIÓN

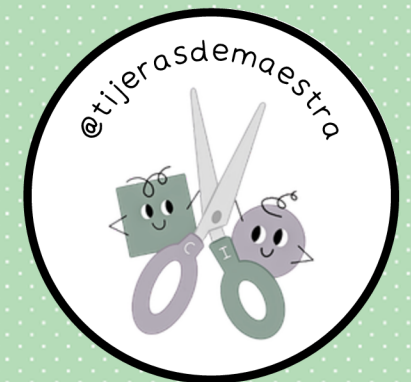

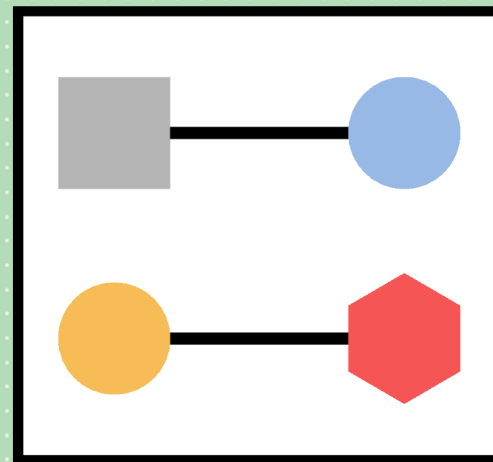

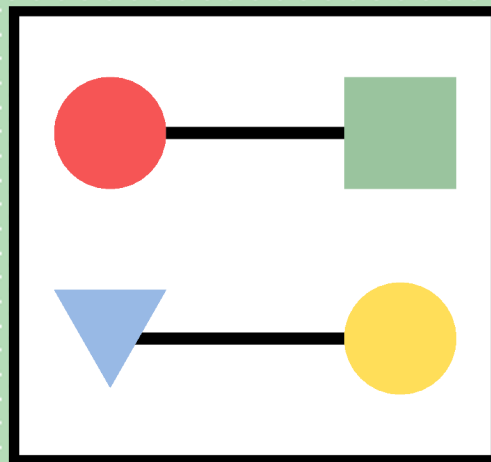

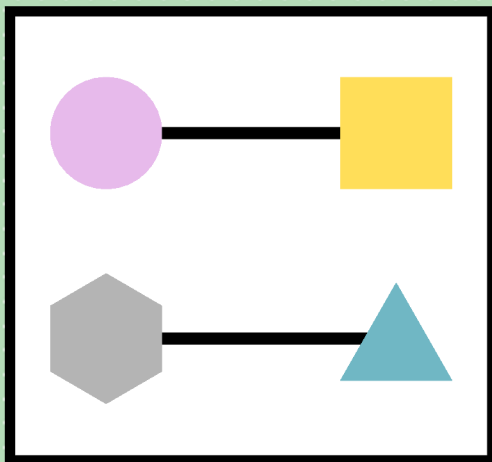

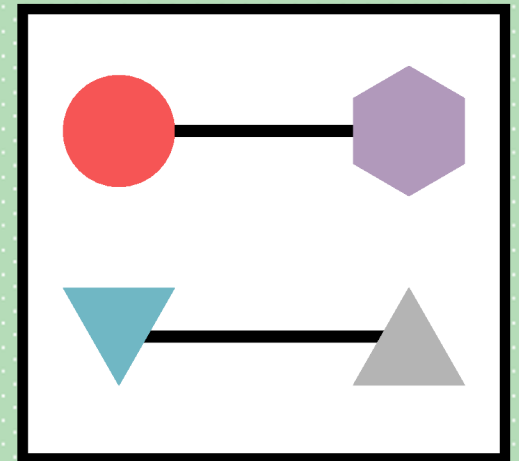

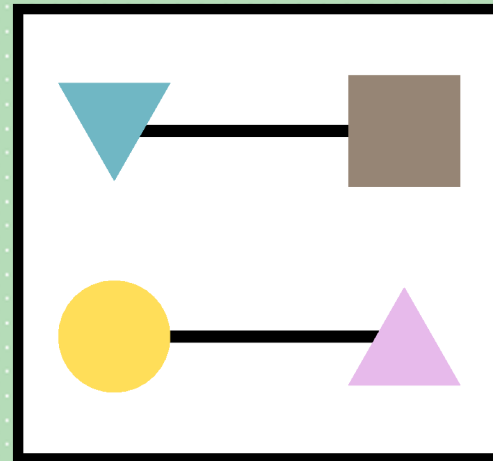

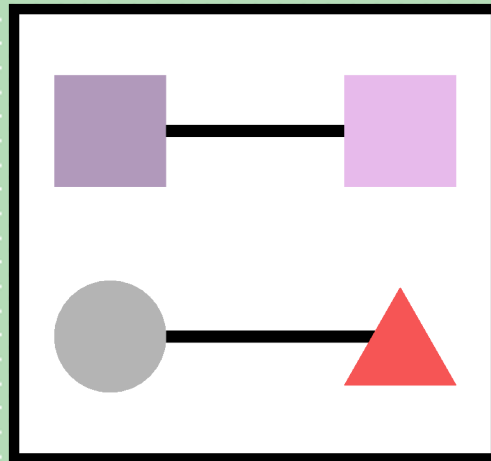

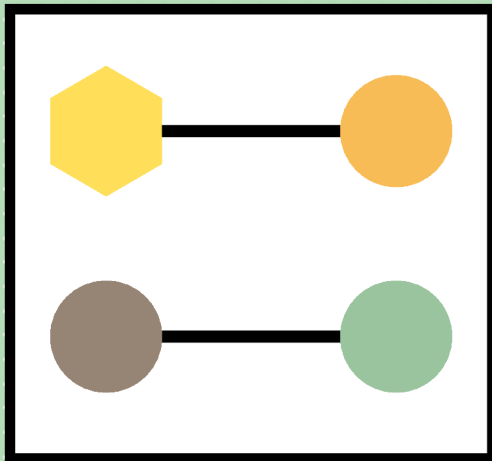

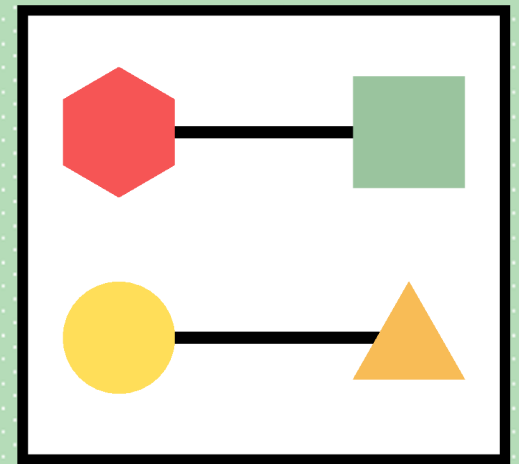

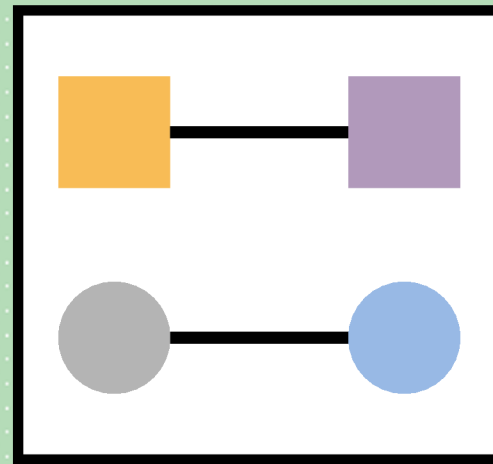

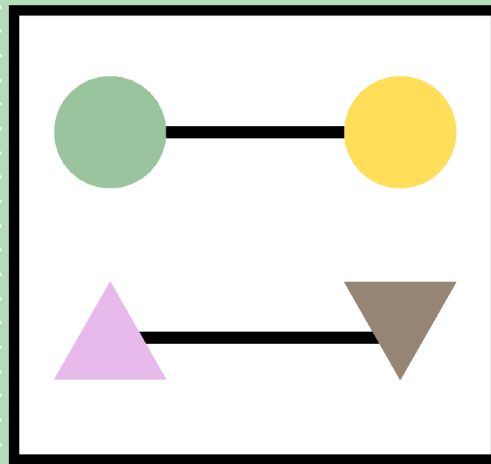

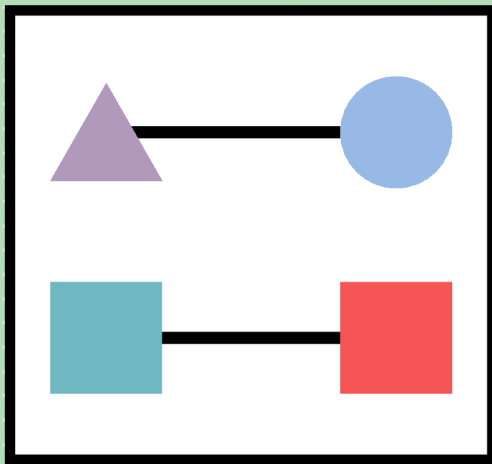

FLEXIBILIDAD COGNITIVA

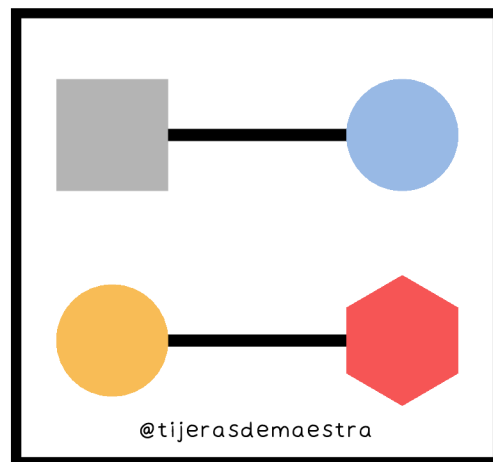

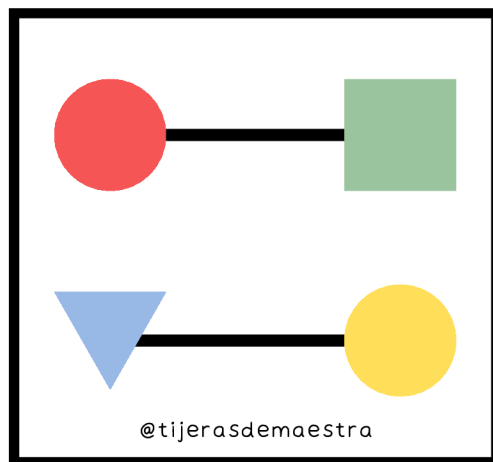

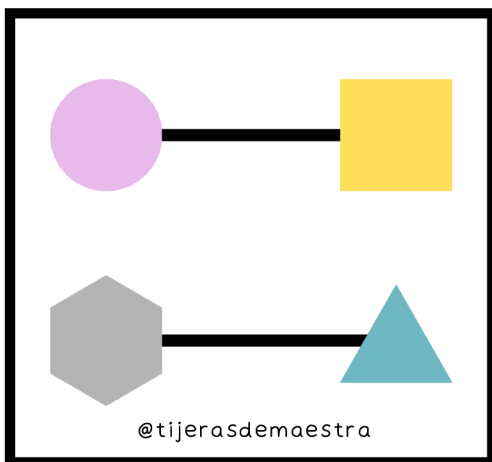

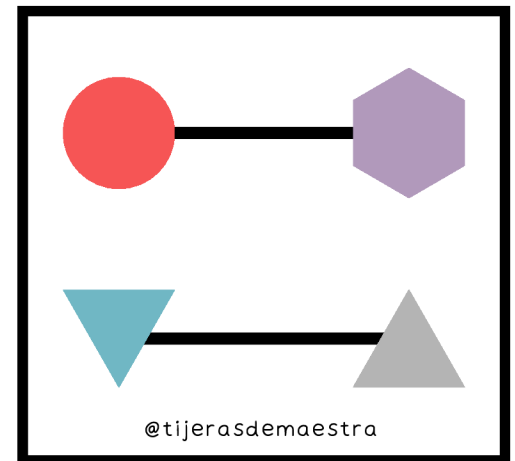

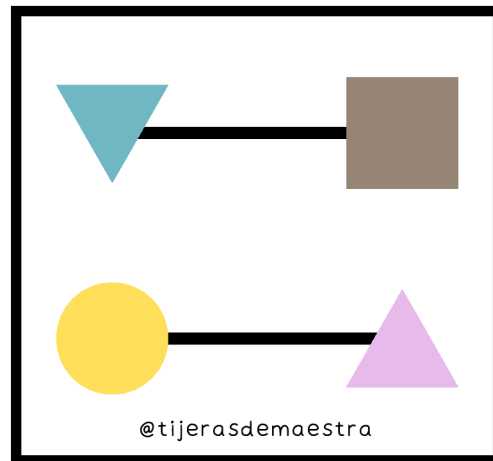

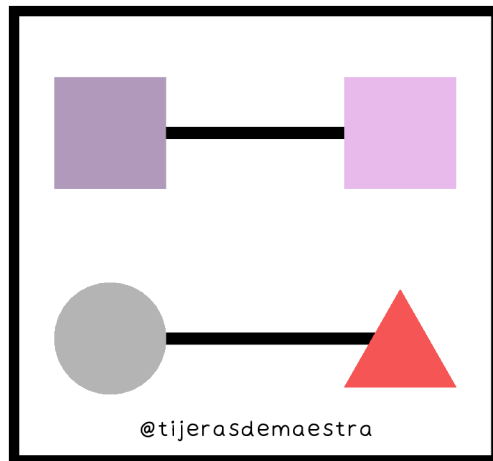

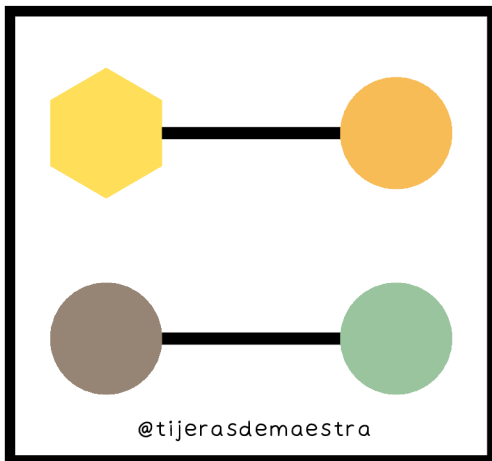

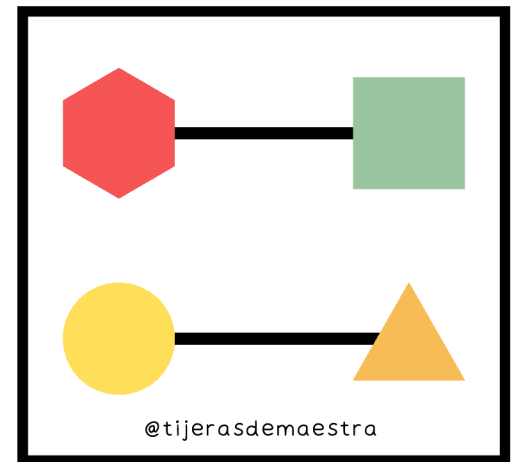

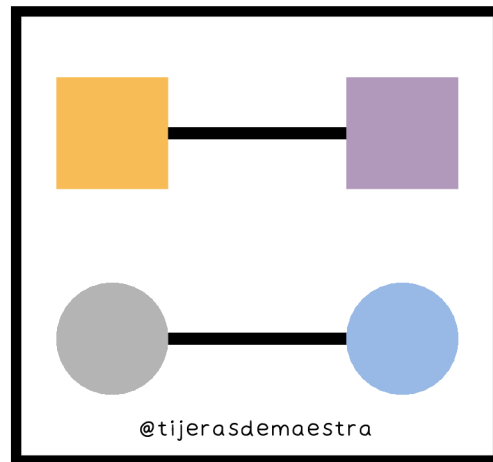

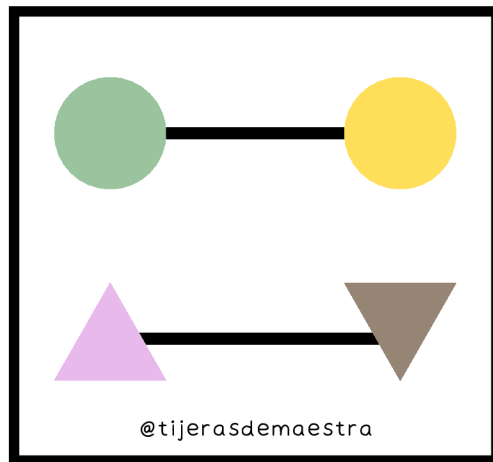

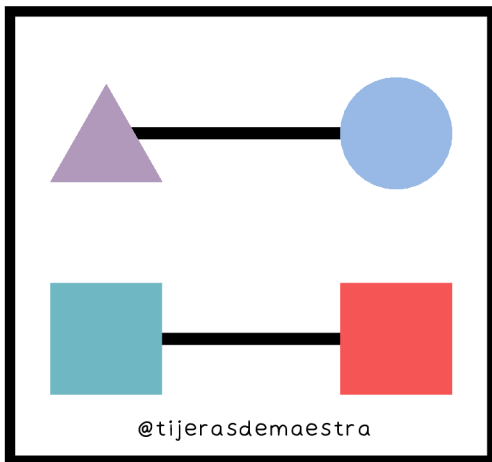

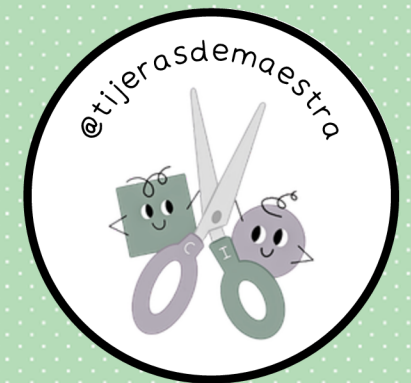

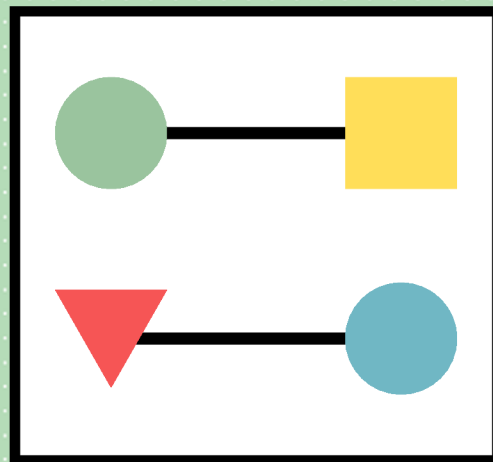

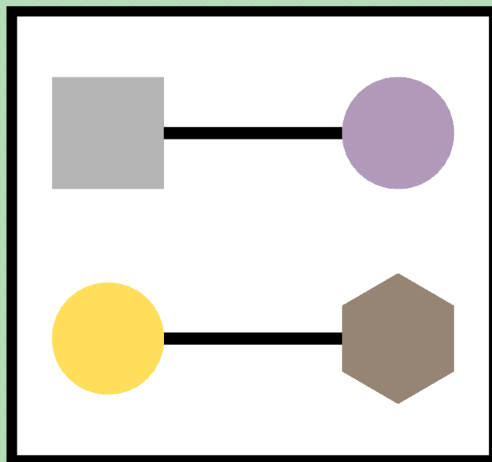

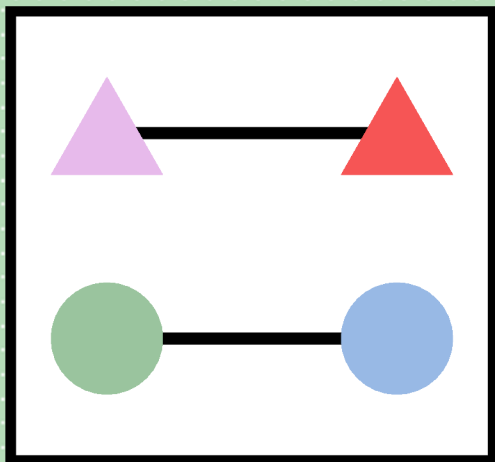

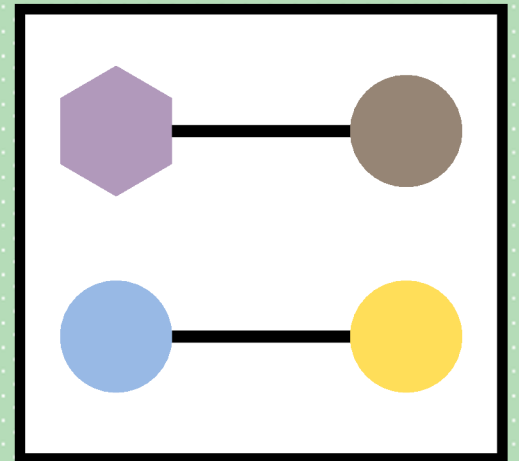

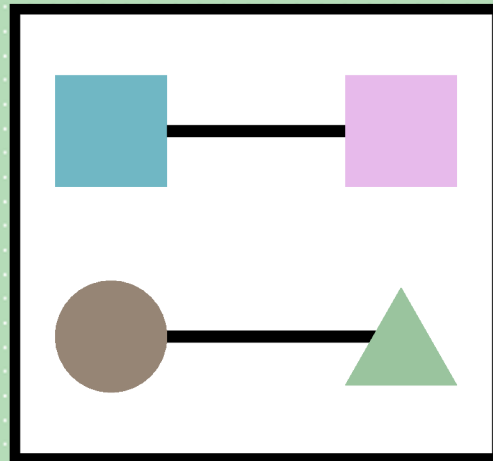

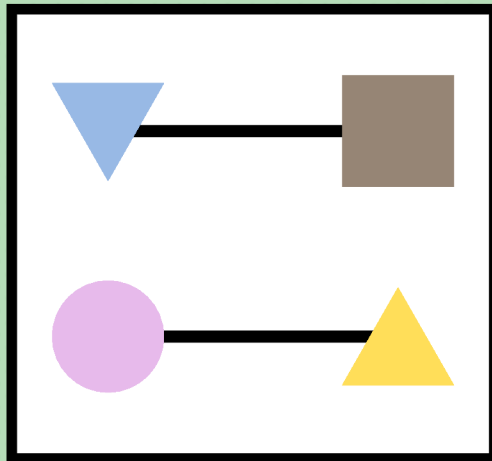

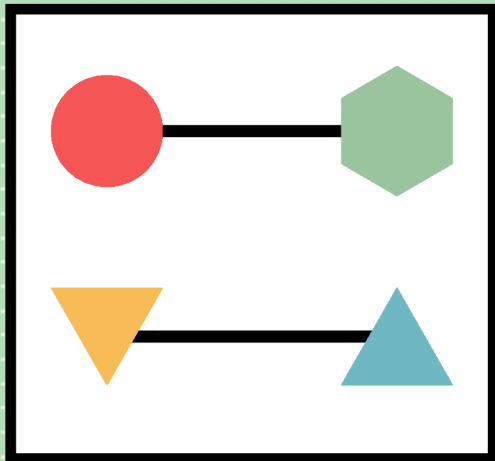

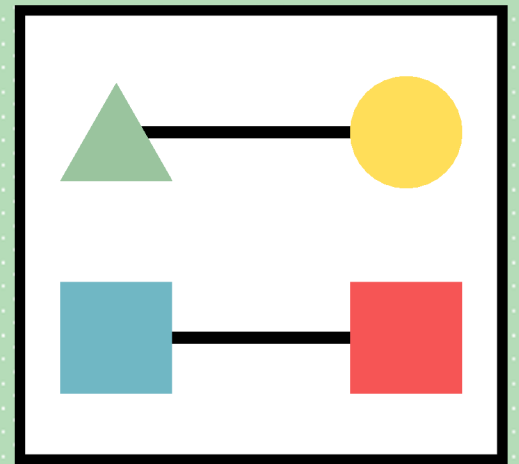

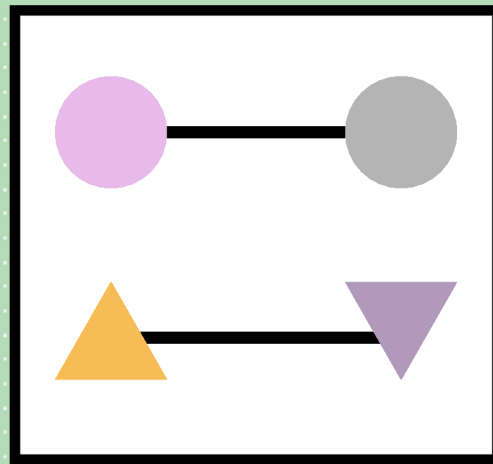

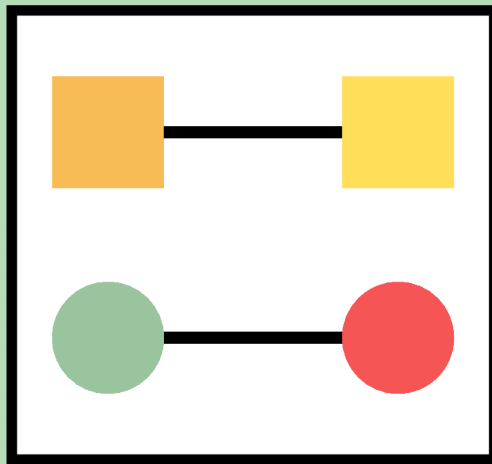

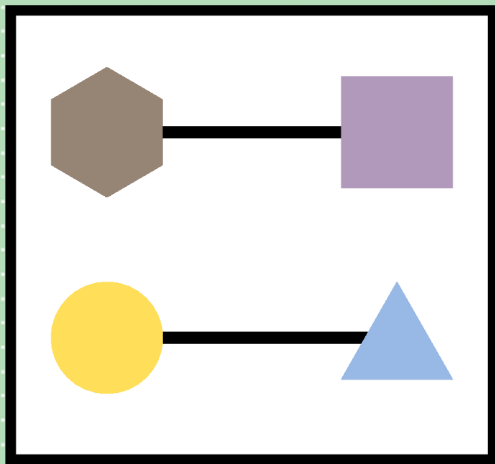

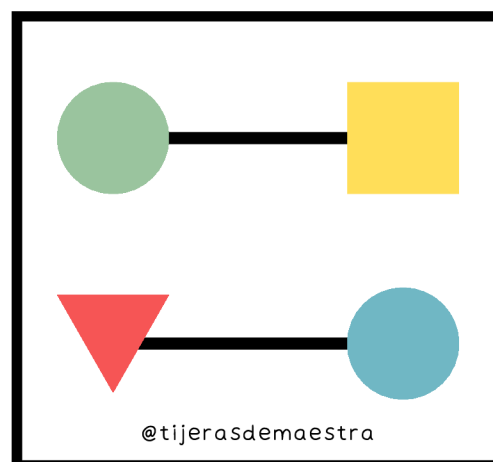

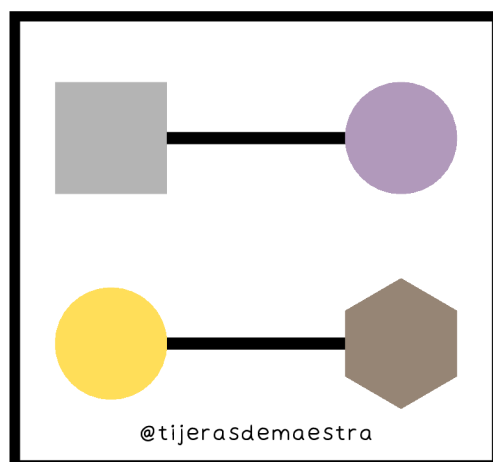

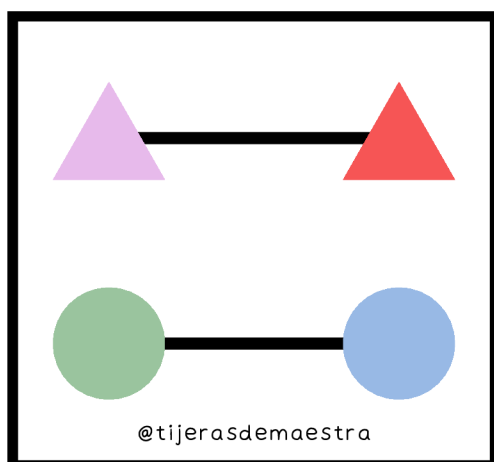

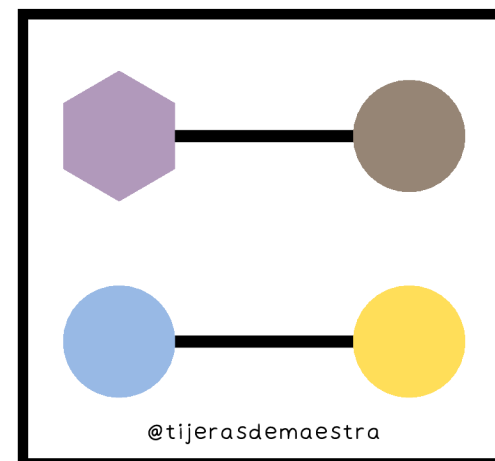

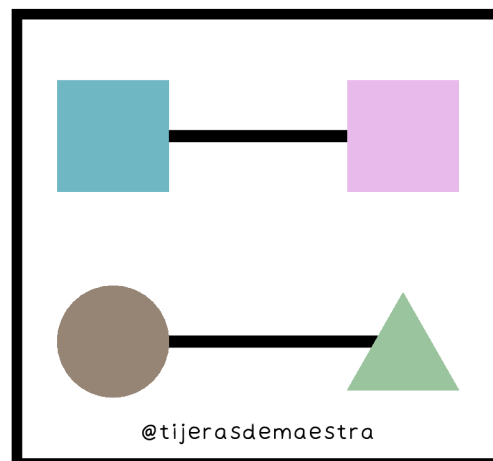

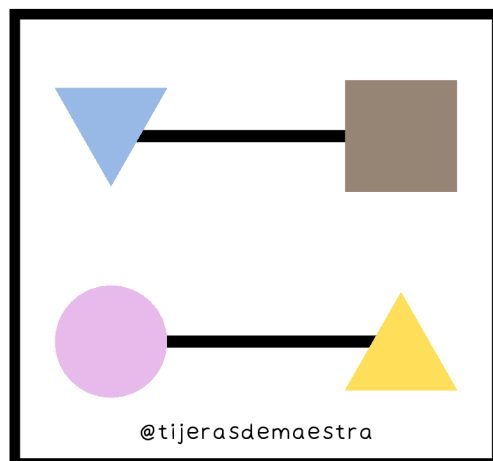

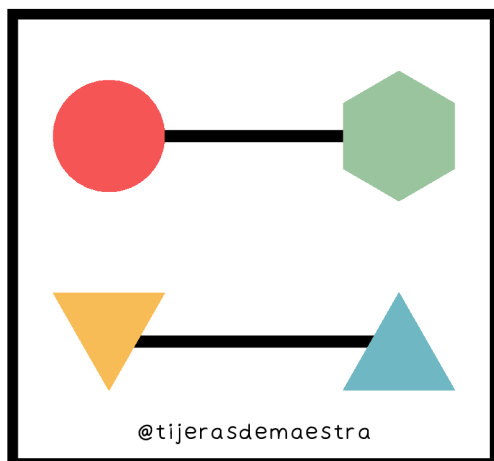

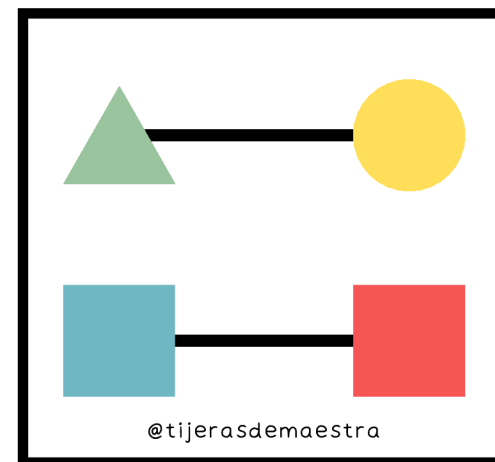

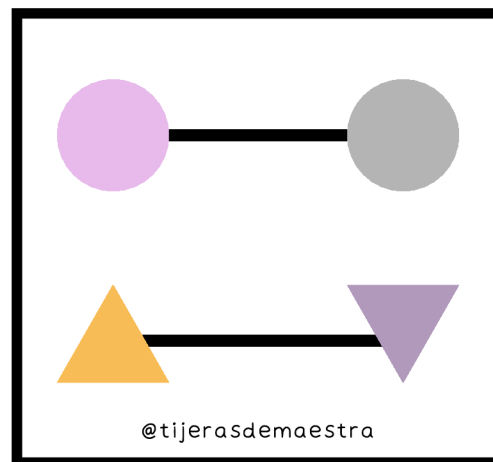

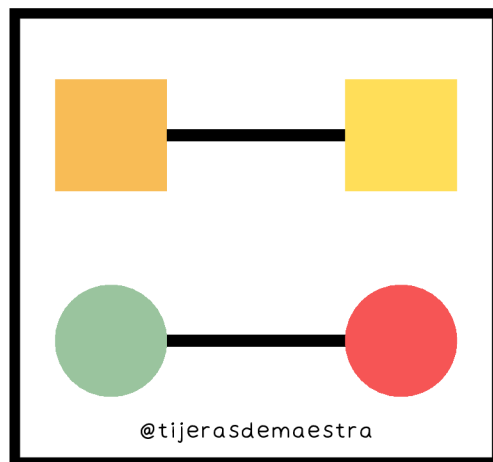

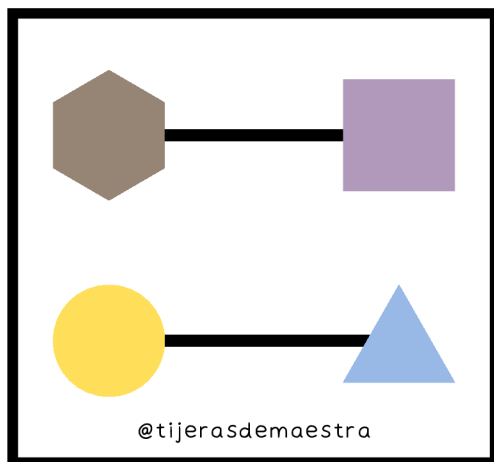

Una vez impreso puedes escribir una señal por detrás para que sea más fácil asociar las tarjetas de cada panel.
